Leave Details

Leave Type: Special Pandemic Leave

Start/End Date: 20.02.2024 - 27.02.2024

I am requesting leave hours for a period where I do not have a roster yet OR The number of hours I am requesting, is higher than my fortnightly part time contract:

NO

Special Pandemic leave – COVID-19 positive diagnosis

I declare that I, or an immediate family or household member, was diagnosed as COVID-19 positive through a positive polymerase chain reaction test or rapid antigen test, resulting in my inability to work for the period of this leave request.

I acknowledge and consent that, by submitting this application for the period of leave requested, if I have insufficient special pandemic leave entitlement for all or part of this period, the leave will be debited from my sick leave balance.

Subject: RE: Office Hours and Departmental Directives

Importance: High

Good Afternoon Cory,

Whilst I understand you are trying to make a number of suggestions and give feedback about your line manager in your email that you sent and copied to all department staff, this did not demonstrate our iCARE2 value of Respect and did not comply with our Code of conduct 'showing respect towards all persons...'. There is a correct way to give feedback and to offer suggestions such as these and that would be by communicating with your manager and/or myself, to give your manager (or myself) the opportunity to consider these suggestions and discuss with yourself but not by sending such an email to all department staff in the first instance as well. Thus, could I please ask you to retract this email. Steps included below to assist if required as to how to do this.

- Go to your Sent items and select the email.

How to retract an email

- Then open that email, then along the top of the email at the Move Icon right click on the arrow downwards (as highlighted in yellow) to select 'Recall This Message', then select delete unread copies of this message, then click okay.

Chloe and I will follow-up with you next week about issues you have raised in your email.

Kind Regards
Tammy

Subject: Office Hours and Departmental Directives

Hi Chloe,

I've informed the switchboard of my leave today due to the uncertainty around your current office hours.

As a formal request, could you please share your office hours so the entire department can be aware of your regular schedule? There has been some noted inconsistency in your arrival and departure times, and having a clear schedule would be beneficial for everyone.

Additionally, please ensure that any directives and changes within the department is made in consultation with the team to ensure that any concerns can be appropriately addressed.

Kind regards,

Cory

Subject: Urgent: Issues Affecting Workplace Safety and Conduct Logan Hospital Switchboard

Dear recipient,

Please find the attached document for your review. I will be sending a follow-up correspondence with detailed accounts of events, including evidence for each claim, and will CC all those involved.

The corrupt conduct, harassment, intimidation, inconsistent work attendance, and fraudulent practices of Chloe Taylor have severely impacted our workplace, department, staff members, and, most critically, patient safety.

Thank you for your prompt attention to this urgent matter.

Kind regards,

Cory

(Please provide as much detail as possible, including a description of relevant events; the time, date and location of the events; and the names of relevant parties. If you intend to include any supporting documents, please provide a description of what they are and their relevance)

I wish to bring to your attention some serious concerns regarding my line manager. It appears that Chloe Taylor in the switch board department is engaging in fraudulent activities by claiming unnecessary on-call hours in the department, thereby stealing from the hospital. Furthermore, there are instances where she has logged work hours during which I suspect she was not present over the past year.

Chloe is receiving compensation that exceeds her capabilities and responsibilities assigned to her. This is particularly concerning given her display of inappropriate behaviours, including harassment, bullying, dishonesty, and an autocratic management style.

ICARE² values

Confidential

Despite Chloe's lack of training, she has been allowed to work unsupervised, which I believe is a grave mistake. Her absence from the office and her failure to log onto or off the computer are indicative of her irregular work hours. She often arrives late, leaves early, and neglects her managerial duties, including addressing concerns raised by her department but rather chooses a pathway of dismissal. The employee is now making decision that directly affect service delivery and patient outcomes.

I trust that these issues will be investigated thoroughly, and appropriate action will be taken. Thank you for your attention to this matter.
