Dear Dr Day Hong Ma,

**Name of Employee:** Mr Cory Shepherd  
**Date of Birth:** 11 January 1991

I refer to your patient, Mr Cory Shepherd and his employment as an Administration Officer (**AO**), Switchboard Operations, Corporate Services (**CS**), Logan Hospital (**LH**), Metro South Health (**the Health Service**) on a Permanent Full-time bases (76 hours per fortnight).

### Background

Logan and Beaudesert Health Service (**LBHS**) is in receipt of an Employee Capabilities Checklist (**ECC**) (**Attachment 1**) completed by you on the 3 July 2026.

In accordance with Queensland Health Human Resource (**HR**) Policy G3: *Reasonable Adjustment*, and sections 17 and 19 of the *Work Health and Safety Act 2011*, the Health Service is seeking further clarification of the medical information you have provided regarding Mr Shepherd. The purposes of this request is to better understand Mr Shepherd's condition and current capacity for work, including any restrictions or limitations that may need to be considered.

This information will assist the Health Service to identify and implement any appropriate workplace controls or reasonable adjustments to support a safe and sustainable return to his substantive position.

### Questions

I appreciate your assistance with this request. Should you require any additional information or have a query about this request please contact Michelle Harrison, Injury Management Consultant, Human Resources, Logan and Beaudesert Health Service via email at [lbh\\_injurymanagement@health.qld.gov.au](mailto:lbh_injurymanagement@health.qld.gov.au) or phone: (07) 3542 2744.

Yours sincerely

## Information requested from Dr Day Hong Ma:

1. The attached Employee Capabilities Checklist states that Mr Shepherd has a diagnosis of Major Depressive Disorder (**MDD**) with anxious distress, with symptoms exacerbated on exposure to identified workplace stressors, including complaint handling, being held accountable and blamed for the failures of others, and unpredictable rostering.

Could you please clarify the below question in relation to this statement:

- a. When was Mr Shepherd first diagnosed with MDD?

---

---

---

---

---

- b. What is the clinical basis for identifying these specific workplace stressors as contributing to the exacerbation of Mr Shepherd's condition.

---

---

---

---

---

- c. Whether these workplace stressors are based solely on Mr Shepherd's self-report, your own clinical assessment, or other medical information/reports available to you.

---

---

---

---

---

- d. Whether exposure to these workplace stressors presents a foreseeable risk to Mr Shepherd's health or safety if he were to return to work, and if so, what specific workplace controls or adjustments you consider medically necessary to manage that risk.

---

---

---

---

---

2. You have described Mr Shepherd's condition as a "*work-related psychological injury*", with existing stressors that could impact on a return to substantive role, specifically:
- "(2) *being held accountable and blamed for failures of others*".
  - "(4) *unresolved workplace matters involving line management*".

As the Health Service is not aware of any concerns being raised for appropriate management, clarification on these statements is being sought to better understand the nature of his injury/illness, including:

- If Mr Shepherd is able to follow a reasonable and lawful direction is issued by his supervisor.

---

---

---

- Participate in discussions in relation to his workplace performance and/or conduct.

---

---

---

Please provide any further context and/or considerations relating to Mr Shepherd's *work-related psychological injury*?

---

---

---

---

---

3. Having regard to your reference to unresolved workplace matters involving line management, please confirm whether Mr Shepherd is medically fit to return to their substantive role under the existing reporting arrangements, including working with and reporting to their current line manager.

---

---

---

---

---

4. If Mr Shepherd is not able to return to his substantive role under the existing reporting arrangements, please specify any restrictions or adjustments you recommend, the clinical basis for those recommendations in functional terms, and the anticipated duration and review date.

---

---

---

---

---

5. The ECC recommends that Mr Shepherd not undertake complaint-handling duties, can you please clarify what specific activities are encompassed within “complaint handling” does this restriction relate to receiving complaints, documenting complaints, redirecting complaints, resolving complaints, or all complaint-related interactions.

For consideration in responding to this question, established process for client complaints received by Switchboard employees is for immediate escalation and management by the Health Service Client Liaison Officer and/or Manager, Switchboard Services.

---

---

---

---

---

6. In your medical opinion is Mr Shepherd able to fulfill the full inherent requirements of his Role Administration Officer – Switchboard Services (**Attachment 2**) *without* restrictions or modifications to duties?

---

---

---

---

---

7. Your report states Mr Shepherds “working memory is affected under stress”. Could you please clarify what this means in functional terms in the workplace, including:
- a. how this may affect their capacity to perform their substantive duties under normal workplace demands;
  - b. the types of circumstances likely to cause this difficulty;

---

---

---

---

---

8. Are there specific tasks, situations, or environments (e.g., high-pressure settings, shift work, patient acuity) that may exacerbate Mr Shepherd’s condition or symptoms?

9. If we are not able to accommodate the restrictions you have recommended, is Mr Shepherd able to safely return to the workplace?
