Hi Chloe,

Thanks for that. As the time off was due to my medical condition and my paid sick leave is exhausted, could you please process the balance as annual leave rather than sick leave without pay.

On returning the completed Employee Capability Checklist went to the Injury Management team today. It certifies me fit to resume from 3 July 2026. Could you please confirm I'm right to attend, or otherwise let me know my next returning shift.

Kind regards,

Cory

Hi Cory,

I just wanted to check in to see how you are doing and how things have been progressing for you. I know you had a scheduled appointment with your doctor yesterday as per text message sent on Monday 29th July.

Did your doctor give you any indication when the required documentation will be completed? Until we receive appropriate medical clearance, including a completed Employee Capacity Certificate (ECC), we are unable to facilitate your return to work, please wait for my advice to when your next returning shift will be. Unless you advise me otherwise, I will process your shifts that you have not worked as Sick Leave – Please confirm by Friday 3rd July before 2:00pm.

Kind regards,
Chloe

Good afternoon Michelle,

Thank you for your email. Four matters in response.

1. QSuper. I must correct the position stated in your email. I no longer have an active open QSuper Income Protection claim; that claim is now closed. In any event, the supporting medical documentation could only support a partial payment at most: I am not totally incapacitated. I am certified fit for my existing arrangement. There is no income protection payment that could respond to the present situation, in which I am receiving no shifts at all.

My current loss of income arises from the Health Service's decision not to roster me — which your email itself confirms ("we are unable to support a return to work at this time") — and not from my capacity for work. There is accordingly no income support available to me from that source.

2. Pay. My request, made in each of my previous emails — that rostered shifts during this employer-directed period be treated as paid time and not deducted from my leave — has not yet been answered. Given the above, I ask again. If the Health Service's position is that these shifts will be unpaid or deducted from my leave, could you please confirm that in writing, together with the basis for it, so that I can consider my position.

3. Interim alternative duties. Separately, should the Health Service require further time to assess my return to the Switchboard, I note that I also bring prior skills and experience from within Metro South Health, including in the finance department and in scanning/records. I am ready and willing to perform suitable interim duties of that kind, within my certified capacity, as an alternative to remaining off work unpaid while the assessment is completed. This offer is made to my substantive Switchboard position and certified arrangement, to which I remain ready to return. I would welcome a discussion about how my experience can be used to the benefit of the Service in the interim.

4. Dr Ma. My consent for the Health Service to contact Dr Day Hong Ma for clarification, limited to my present work capacity and the recommended adjustments, stands. As I have now been held out of work since 3 July while certified fit, could you please send any questions to Dr Ma promptly, copy me for my records, and advise the timeframe within which my return will be decided once his response is received.

I remain certified fit, ready, and available to work my rostered shifts.

Kind regards,
Cory Shepherd

(MSH-INJ-5795)

Good afternoon Cory,

Thank you for your email and for providing your response to the further information requested.

I acknowledge that you have advised you do not wish to provide further information regarding the WorkCover matter referenced in your Employee Capability Checklist (ECC) and that you have provided consent for the Health Service to contact your treating practitioner, Dr Day Hong Ma, for clarification regarding your current work capacity and the recommended workplace adjustments.

As mentioned below in the email sent to you from Ms Forrest on 7 July 2026, we are currently unable to safely support or accommodate a Graduated Return to Work Plan that meets your medical requirements. For us to consider your request to return to duties further we require further medical clarification.

Once this information has been received and appropriately reviewed, the Health Service will be in a position to assess whether a return to restricted duties can be facilitated, and we will advise you of the outcome as soon as practicable.

As you currently have an active open QSuper Income Protection claim, any payments that are applicable to you receiving, would be facilitated by them. You should contact your claim manager James Zappia at QSuper and inform them that we are unable to support a return to work at this time.

Should you have any questions in the meantime, please do not hesitate to contact me.

Kindest Regards

Michelle Harrison

Good morning Ms Forrest,

Thank you for your email of 7 July 2026, which I have only now had the opportunity to consider. Apologies for the delay in responding.

I am certified fit to return to work from 3 July 2026 and am ready and available to return. The ECC records the same reduced work arrangement I have performed for approximately the past twelve months. That arrangement is not new; it is now formally documented by my treating practitioner.

I note that the adjustments identified in the ECC appear to be accommodated by existing practice. Your email confirms that Switchboard operators are not expected to manage or resolve consumer complaints, and that current rostering provides more than 10-hour breaks between shifts and is published in advance. Together with my existing shift arrangement, this appears to address the recommendations in the ECC.

I ask that my return to rostered shifts be facilitated, with any remaining clinical clarification obtained in parallel.

Regarding the further information requested:

- **Workplace matters:** These matters are the subject of proceeding WC/2024/227 before the Queensland Industrial Relations Commission. The Health Service is legally represented through Metro South Legal Services, reference K-LM26/729. I will not provide further particulars through this return-to-work process. Any questions about those matters should be directed to Metro South Legal Services.

- **Clinical recommendations:** The recommendations are those of Dr Day Hong Ma. I am not able to interpret or expand on clinical recommendations. If clarification is required, I consent to the Health Service contacting Dr Hong Ma directly, limited only to my present work capacity and the recommended adjustments.
- **Report dated 13 February 2025:** I do not consent to providing this report through this process. It contains sensitive information beyond what is necessary to implement the ECC recommendations. My present fitness for duty is addressed in the ECC and may be clarified by Dr Hong Ma if required.

If the Health Service decides not to roster me pending its assessment, please confirm that these shifts will be treated as paid time and will not be deducted from my leave, as I am certified fit and available to work.

I remain available to commence at my next rostered shift.

Kind regards,
Cory Shepherd

Subject: Cory Shepherd_ECC further information

Good morning Cory

I refer to the Employee Capability Checklist (**ECC**), completed by Dr Day Hong Ma of My Doctor Clinic on 3

July 2026 and returned to the Injury Management Team at 2:30pm that day. It is further noted that due to a section of this document being missing, you were asked to resubmit your ECC for consideration, you sent this on Friday at 3:06pm.

While you have been certified fit to return to work effective from 3 July 2026, this certification is subject to reasonable adjustments being made to your duties and hours of work. As the completed ECC was received late on Friday, 3 July 2026, the Health Service was unable to review Dr Hong Ma's medical recommendations at that time to determine whether the recommended restrictions and adjustments could be reasonably accommodated and whether it was safe for you to return to duty.

I can advise that your ECC has now been reviewed and carefully considered. However, before a final decision can be made regarding your return to the workplace, further information is required. Specifically, it is noted that your treating medical practitioner has advised that there are unresolved workplace matters involving line management. At this stage, the Health Service does not have sufficient information to understand the nature of these matters or assess whether they present any psychosocial hazards or risks that may affect your proposed return to work.

The Health Service remains committed to supporting your safe and sustainable return to work, with your health, safety and wellbeing remaining central to that process. Accordingly, further information is required to enable the Health Service to assess any identified risks, determine whether reasonable adjustments can be supported, and ensure that any return to work is planned and managed in accordance with its obligations under work health and safety legislation.

To assist us in expediting consideration of your reasonable adjustments, please provide further clarification and/or reports referenced below, within seven (7) calendar days.

ECC Recommendation	Further information required
<i>Diagnosis of Major Depressive Disorder with anxious distress, a work-related psychological injury with onset 18 June 2024, with symptoms exacerbated on exposure to identified workplace stressors (complaint handling; being held accountable and blamed for failures of others; unpredictable rostering.</i>	The Health Service is seeking to better understand the work-related psychological injury for which you are currently receiving treatment from a psychologist. It is also noted that Dr Day Hong Ma has referenced a report from your treating psychiatrist dated 13 February 2025. To date, the Health Service has not been provided with, nor had the opportunity to review, this report. To enable the Health Service to appropriately consider and address these matters, further information and/or a copy of this report is requested regarding the workplace issues referred to in the ECC and their impact on your capacity for work.
Complaint handling No complaint-handling duties, complaints received at the Switchboard to be logged and redirected, not actioned or resolved by Mr Shepherd.	The Health Service understand that the established process for management of complaints is for all patient concerns to be redirection to the Consumer Liaison Services (CLS). There is no expectation for

	Switchboard operators to manage or deal with these matters. Where a consumer raises concerns in relation to a Switchboard employee, these concerns are referred to the Manager, Switchboard or in her absence, CLS. To understand this concern better and adjustments required, please clarify what features of complaint handling are being referenced and you are expected to resolve within this recommendation.
Predictable Rostering practices, minimum 10-hour break between shifts	Rosters are generally published with four (4) weeks' notice, on four-week rotation. Occasionally, in extenuating circumstances these might be delayed. However, all rosters are released with a minimum of two weeks' notice. The Health Service is not aware of breaching this provision and has not received any Workload Concerns to review, can you please clarify the concerns relating to not providing the minimum break

	between rostered shifts? Noting that rostering currently provides more than 10-hour breaks between shifts, however, acknowledge you also signed an 8 hour agreement on 17 June 2020, which allows you to work with only an 8 hour break, however this is only applied where staff initiated shift swaps have occurred. Please clarify the specific stressors which may exacerbate symptoms.
Being held accountable and blamed for failures of others	It is unclear what matters you are being held accountable and blamed for based on the failures of others or what these concerns relate to. To-date the Health Service is not aware of any concerns being raised for appropriate management. Further clarity on this would assist in understanding this matter.

Until this information is available and has been appropriately assessed, the Health Service is not in a position to safely facilitate your return to normal duties.

Should you have any further questions or concerns, please do not hesitate to contact me via the details

below.

Dear Michelle / Injury Management / HR,

I refer to your correspondence and Switchboard
management correspondence between 2 and 15 July
2026, including:

- Chloe Taylor, 2 July 2026 — unable to "facilitate" return until a completed ECC; shifts processed as sick leave / sick leave no pay;
- my provision of the completed Employee Capability Checklist (ECC) of 3 July 2026 (Dr Day Hong Ma) while I was rostered and working;
- the same-day direction that I not attend "pending review";
- Injury Management correspondence of 7–13 July 2026 that restricted duties could not be facilitated without further medical clarification from Dr Ma;
- your email of 13 July 2026 to ART that Metro South Health was unable to facilitate my return under the ECC (MSH-INJ-5795 / CLM-317073);
- your email of 15 July 2026 (13:10) — pay sits with QSuper because of a "current" IP claim; alternative duties refused "in any capacity"; WCRA rehabilitation limited to accepted claims; return at employer discretion; further medical about psychosocial risk to my return; and
- leave coding as "income protection no pay" from 13 July 2026.

I remain ready, willing and able to work within the 3 July

2026 ECC. I do not abandon my employment. I am taking industrial advice through Together Union.

I am an HHS administrative employee. The industrial framework that applies is attached. Please respond by reference to each attachment.

ATT10 — QH-POL-210 Reasonable Adjustment (HR Policy G3)

ATT12 — Directive 12/24: Special Leave (applies under EB12 cl 9.12)

ATT13 — QH-POL-231 Special leave (HR Policy C7)

ATT14 — Administration Officer, Switchboard Services (AO3) Role Description

FACTS

The 3 July 2026 ECC certifies me fit for modified duties and reduced hours from 3 July 2026 as a continuation of the existing arrangement. The doctor viewed the AO3 Switchboard position description (ATT14) and recorded that usual switchboard duties remain suitable with stated modifications (including no complaint-handling; limits on peak weekday day/afternoon shifts; predictable rostering; minimum 10-hour break). I was performing work consistent with those limits when I provided the ECC. The same-day direction not to attend disrupted that work. The 28 August 2026 date on the ECC is a review of restrictions — not the start of capacity.

WHAT HAS BEEN WRONGLY APPLIED

1. "Current QSuper Income Protection claim" → ordinary pay sits with ART (your 15 July email)

Wrong application.

- An IP file is not ordinary wages for a permanent employee who is certified fit, ready and available, and directed by the employer not to attend.

- On the material available to me notified by employee (myself) May 2025 and February 2026 and now 3rd July 2026 certification of that partial capacity, ART put benefit payments are not applied from 1 June 2026. Treating the Fund as presently replacing ordinary pay is incorrect on that record. Partial capacity and partial payment does not dislodge this framing.
- IP administration is separate (Mr Zappia). It does not displace ATT02 EB12 cl 6.1 (employment security) or ATT02 EB12 cl 7.1.5(g)–(h) (injury management; management of ill or injured employees).
- Coding "IP no pay" while held out after an ECC is not a correct application of ATT02 or of ATT12/ATT13 (special leave).

2. WCRA rehabilitation only if accepted claim; return purely at "employer discretion" (your 15 July email)

Wrong application.

- Even if WCRA statutory rehab is limited to accepted claims, that does not exhaust your duties under ATT02 (EB12), ATT03 (HHS Award), ATT10 (QH-POL-210) and ATT09 (QH-IMP-401-5).
- ATT10 applies to all Queensland Health / HHS employees and includes temporary reasonable adjustment for rehabilitation/RTW and for capacity restriction — not only accepted workers' compensation claims.
- ATT02 EB12 cl 7.1.5 requires the parties to address injury management, management of ill or injured employees, fatigue, psychosocial issues and the Code of Practice 2022 (ATT05), and security for administrative staff in frontline positions.
- "Discretion" does not correctly authorise indefinite exclusion, refusal of interim duties "in any capacity," and non-payment without applying ATT09, ATT10 and ATT02 Parts 6 and 7.

3. Further medical framing me as the psychosocial risk before return "in any capacity" (your 13–15 July emails)

Wrong application of ATT05 and ATT02.

- ATT05 and ATT02 EB12 cl 7.2 require assessment of psychosocial hazards in the workplace and work system (including workplace risk assessments as requested through an HCF by employer or union).
- The 3 July ECC already identifies workplace stressors (complaint-handling; blame for others' failures;

rostering/fatigue; unresolved line-management matters). Those are workplace issues under ATT05 and ATT02 cl 7.1.5(j) and 7.2.

- Framing psychosocial risk as a personal barrier inside Injury Management / QSuper misapplies ATT02 cl 7.2 and cl 7.1.11 (feedback when WHS matters are raised).
- Workplace psychosocial issues I have raised over more than two years are not properly dealt with by indefinite IM hold-out. That process is not the correct forum under ATT02 cl 7.2.
- I will cooperate with reasonable medical requests that are specific and linked to identified job tasks under ATT14. Open-ended further medical is not a correct precondition to all duties where ATT14 and the ECC already define capacity I have been performing.

4. "Unable to facilitate" / no alternative duties (Chloe 2 July; your 13–15 July emails)

Wrong application of ATT09, ATT10 and ATT02.

- Chloe's 2 July email made facilitation conditional on a completed ECC. I provided that ECC on 3 July while working. Facilitation was then refused and I was directed off — the opposite of facilitating return on the medical basis required.
- The ECC states fit from 3 July as continuation of the existing arrangement and that usual switchboard duties remain suitable with modifications against ATT14. Refusing all duties "in any capacity" does not correctly apply ATT10, ATT09 or ATT02 cl 7.1.5(f)–(h).
- Correct application requires identifying any specific duty and restriction said to be incompatible, what modification was considered, and what was rejected — not a blanket refusal.

5. Leave coding as sick leave / sick leave no pay / "IP no pay" while certified fit and directed not to attend

Wrong application of ATT02, ATT12 and ATT13.

- From 3 July 2026 the relevant absence is employer-directed while I am certified fit and available. That is not ordinary sick leave for that period.
- "IP no pay" is not the correct industrial answer under ATT02 when the employer has directed me off after an ECC.
- ATT02 EB12 cl 9.12 provides that Directive 12/24: Special Leave (ATT12) applies to employees covered by the Agreement. ATT13 QH-POL-231 (C7) also applies.

- Special leave under ATT12 and ATT13 must be applied for employer-directed exclusion while I am ready, willing and able within the ECC. Where the only barrier is refusal to facilitate certified duties, special leave on full pay (or ordinary pay as if at work) must be applied. Please correct coding and identify the delegate and instrument for each day from 3 July.

6. Treating 28 August 2026 as if capacity only starts then

Wrong application of the ECC itself.

- 28 August 2026 is the next review of restrictions. 3 July 2026 is the date fit to commence the certified arrangement. Capacity is certified now.

WHAT YOU MUST APPLY

ATT02 EB12 cl 6.1 — employment security

ATT02 EB12 cl 7.1.5 — injury management; ill or injured employees; fatigue; psychosocial issues + ATT05; admin frontline security

ATT02 EB12 cl 7.2 — psychosocial risk assessments of workplaces

ATT02 EB12 cl 7.1.11 — feedback on WHS matters

ATT02 EB12 cl 9.12 + ATT12 + ATT13 — Special Leave

ATT03 — hours, breaks and rostering with the Agreement

ATT09 — workplace rehabilitation / RTW pathway

ATT10 — reasonable adjustment (including temporary adjustment and capacity restriction)

ATT05 — workplace psychosocial risk

ATT14 — task match to the AO3 role the doctor viewed

REQUESTS — PLEASE RESPOND IN WRITING WITHIN 5 BUSINESS DAYS

1. Facilitate my return under the 3 July 2026 ECC (or a written suitable duties plan implementing it: start date, hours, location, tasks, review date) by applying ATT09, ATT10 and ATT02 cl 7.1.5.

2. Complete a task-by-task match of ATT14 to the 3 July ECC. If you maintain you cannot facilitate, identify each restriction and duty and what was considered and rejected.

3. Be specific about any further medical still said to be required: exact questions; which ATT14 job task each relates to; what on the existing ECC is said to be insufficient.

4. Apply special leave under ATT02 cl 9.12, ATT12 and ATT13 for employer-directed days from 3 July while certified fit and available; correct "IP no pay" / sick no pay coding; identify delegate and instrument.
5. Confirm ordinary pay treatment for periods I was ready and available within the ECC but directed not to attend.
6. Confirm compliance with the direction not to attend is not abandonment or unauthorised absence (ATT02 cl 6.1).
7. Arrange a workplace-directed psychosocial risk assessment under ATT02 cl 7.2 and ATT05.
8. Identify the decision-maker for facilitation, suitable duties, special leave and pay, and the instrument for the 3 July direction not to attend.

I will continue to provide reasonable medical information directed to placement and safety. Please make further requests specific and linked to ATT14 tasks.

My QIRC appeal WC/2024/227 is separate. ART/QSuper is being addressed with Mr Zappia.

I look forward to your written response and a meeting date to facilitate return under the attached agreements and policies.

Yours sincerely,
Cory Lea Shepherd

Dear Chloe,

Thank you for your response yesterday. My reply is attached. It answers the leave question, sets out my understanding of the position, and asks the questions needed so the correct arrangement can be applied. I have made it a separate document so there is no question about what it is or when it was received.

For payroll purposes, the short position is: I do not consent to my recreation leave being applied, and I have asked that the period be coded as special leave on full pay instead. The detail is in the attachment.

Kind regards,
Cory Shepherd

Subject: RE: Notice of dispute — clause 1.11 — attendance, roster, leave and pay from 26 June 2026

Hi Cory

I am writing in response to your Stage 1 Dispute dated 3 August 2026, in which you disagree with the decision that has prevented you from attending your rostered shifts since 3 July 2026. Your dispute has been lodged in accordance with clause 1.11.2(a) of the *Queensland Public Health Sector Certified Agreement (No. 12) 2025 (EB12)*.

I wish to acknowledge that clause 1.11.2(a) of EB12 requires that Stage 1 discussions should be conducted within 24 hours. This letter confirms that your dispute has been received and is currently under review. While every effort has been made to progress this matter promptly, the 24-hour timeframe specified in the clause will not be achieved. Upon completion of the review, you will be contacted as soon as practicable to discuss the outcome of your dispute and any appropriate next steps. You will also be provided with an opportunity to raise any questions and discuss the matter further as required.

Please be advised that I am required to process leave on your behalf for the period 20 July 2026 to 2 August 2026. As at today's date, you have a remaining recreation leave balance of **41.21 hours**. Could you please advise whether you would like this recreation leave balance applied to this period? If so, the remaining hours within the fortnight would be recorded as sick leave without pay. I acknowledge that your dispute includes concerns regarding your leave entitlements. However, pending resolution of the dispute, it is necessary that your absence continues to be managed through the appropriate leave arrangements.

As the payroll cut-off for PP04 is today, I would appreciate your response as soon as possible. If I do not receive a response before payroll processing occurs, I will apply your remaining recreation leave balance to ensure you receive the available paid leave entitlement for this period.

Employee Assistance

I understand this may be a difficult time for you. Should you wish to seek further support, the Employee Assistance Program, provided through TELUS Health on [1800 604 640](tel:1800604640), is available free of charge for all employees of Metro South Health. Dear Chloe,

I attach a notice of dispute under clause 1.11.2(a)
of the certified agreement. It is addressed to you as
my immediate supervisor because the clause
requires that.

I would prefer this resolved at Stage 1 and I am
available to discuss it at any time, including today. I
have asked that a support person and my union
representative be present.

I have raised at part 5 a question about who should
conduct the Stage 1 discussion. I make no

whichever way the Health Service prefers.

Good afternoon Jacqui,

Thank you for your time this week. I have three brief matters to raise.

First, I wish to withdraw the Stage 2 grievance referral. My preference is to work through the outstanding issues directly with you. To be clear, I am withdrawing the referral only. My concerns regarding pay, the leave debited since 3 July 2026, and the adjustments contained in the Employee Capability Checklist dated 3 July 2026 remain unresolved and in dispute. Nevertheless, I am hopeful we can work through these matters constructively.

Second, could you please provide an update on the AVAC following your discussion with Ms Taylor on 24 August?

Third, I attended an appointment with my psychiatrist, Dr Ravikumar Bangalore Krishnaiah, on 27 August 2026. Dr Krishnaiah advised that, despite the authority I provided, Queensland Health has not yet responded to his request for information.

Finally, could someone please contact Dr Krishnaiah's practice so that preparation of the report is not delayed? I would also appreciate being advised of any information being shared with Dr Krishnaiah and the matters on which their opinion is being sought.

And if there are any other updates, I would be glad to have them.

Kind regards,

Good morning,

I apologise for Friday and for the state I was in.

I can confirm I am available on Tuesday, 25 August 2026, between 3:00 pm and 5:00 pm.

For ease of reference, I attach:

- the QSuper letter
- the communication I believe prompted the ECC
- my movement details
- my agreement to the sharing of medical information and correspondence with my treating psychiatrist

In the circumstances, I ask to be advised, in advance, of what information is being shared with my treating psychiatrist, what questions are being asked of them, and what is proposed to be included in any correspondence with them.

In the interim, while Metro South Health seeks clarification regarding my medical information, I respectfully request that the appropriate leave be applied and that an AVAC be submitted on my

behalf to facilitate the processing of my entitlements.

Kind regards,
Cory

Dear Jacqui,

Thank you for your email and for including Emily Petering.

I confirm the meeting on Friday, 21 August, from 9:30 am to 11:30 am via Teams, with Emily attending. To ensure the time is used effectively, I expect to discuss the following matters:

- Restoration of my pay, including my request of 28 July 2026 regarding paid special leave.

- Recrediting of all leave debited since 3 July 2026.
- Implementation of the adjustments certified in the Employee Capability Checklist dated 3 July 2026, and my return to work.
- My requests of 3 August 2026, including the flexible working request under the Agreement, for which the decision period ends on 24 August 2026.
- The Stage 2 grievance referral.
-

If there are additional matters you intend to raise, I would appreciate receiving notice of them before Friday.

Medical position – correction

For accuracy, fitness to return to work with adjustments is not my personal view. It is the certification provided by Dr Ma in the Employee Capability Checklist dated 3 July 2026, completed on the Health Service’s own form and at the Health Service’s request.

In addition, a specialist psychiatric report responding to the Health Service’s request for medical information dated 31 July 2026 has been commissioned and will be provided once completed.

-

Leave

To maintain my income in the interim, I do not object to the Health Service processing my available sick leave and, if necessary, annual leave. However, I wish to be clear about the basis on which this occurs:

-
- Any leave processing is being undertaken by the Health Service to ensure continuity of payment and does not represent an election by me.

- My position remains as set out on 3 August 2026: this absence results from the Health Service's decision and should not be debited against my leave balances.
- This arrangement is interim only and subject to the specialist psychiatric report. Once that report is provided, I expect the certified adjustments to be implemented, my return to work to proceed, and my pay to be restored.
- All leave debited since 3 July 2026 should be recredited.
-

Please also review my payslip dated 12 August, which recorded 76 hours as sick leave without pay despite the balances identified in your email. If an AVAC is required to process the leave and correct the payslip, please arrange for this to be submitted promptly and advise if anything further is required from me.

-

QSuper

For accuracy, benefit payments ceased earlier this year following my request to the fund when I returned to work. I have not received any income protection payments since 31 May 2026 and am not currently in receipt of such payments.

The administration of the claim is a matter I am addressing directly with the fund's Claims Manager. Superannuation contributions continue to be reported through payroll in the ordinary course.

-

Thank you for arranging this meeting. I look forward to speaking with you on Friday.

Kind regards,
Cory Lea Shepherd

Good Afternoon Cory

I hope this email finds you well, I wanted to reach out to you in relation to your emails and enquiries you have made over the past couple of weeks and would welcome time to catch up with you to discuss these further to assist in resolving the concerns you have raised.

My availability is a little limited at the moment as I am on leave for the next few days but I do have time on Friday 21 August 2026 and would like to book in a minimum of about 2 hours with you to really discuss and understand your matters further. The times I have available are

- 09:30 to 11:30, or
- 14:30 to 16:30

I propose we can do this via teams and also include Emily Petering too, you will see I have included her in my email.

If you could confirm which of these times would work for you **by close of business on Wednesday 19 August**, that would be really helpful.

Whilst I understand your belief you are fit to return to the workplace; the medical evidence provided to date does not support that. Therefore, this leave would ordinarily be processed as sick leave and if no sick leave balances are available, it will automatically be processed as sick leave no pay. However, to avoid not being paid, with your approval we can apply other leave entitlements, please see below your current balances. If you could confirm what leave you wish to be applied from these balances, and we can action accordingly. You do have sick leave balances, so they should automatically be applied, and this is something we can follow up on for you.

I am aware you have a current open Qsuper claim, and we may need to advise Qsuper of any income you are in receipt of in relation to that claim.

Leave Balance		Report Overview
Leave balances explained		
Type	Current Available Balance	Balance as of: 13.08.2026
Recreation Leave	46.82 100%	
Sick Leave	15.9 100%	
Restated Day Off	5.28 100%	

Looking forward to hearing from you soon. I will be returning to work on Tuesday and happy to respond to any enquiries you may have on my return.

Hi Cory,

Please see the below email from Payroll.

I understand this may be frustrating, particularly in relation to your Long Service Leave. I have requested further information from Payroll regarding why your eligibility date is showing as 04/09/2026, as I appreciate you would like some clarity around this.

Unfortunately, Long Service Leave cannot be backdated & paid prior to the date you become eligible.

I have also confirmed with Payroll this morning on the phone regarding the ADHOC payment for the 17/08/2026–30/08/2026 pay cycle. Unfortunately, this cannot be processed prior to Wednesday 9th September 2026.

I appreciate this may not be the outcome you were hoping for, and I will continue to follow up where I can, to ensure everything is clarified and processed as soon as possible.

Dear Chloe,

Thank you for your correspondence confirming that all AVAC submissions lodged on 31 August 2026 have been processed.

I have now successfully reset myHR and regained access to my account. After reviewing the records available to me, I have been unable to locate any enquiry, submission, correspondence, or documentation relating to the AVAC request associated with PRN 249 863 66.

In addition, I contacted Payroll by telephone today at 13:24pm and was advised that there is no information recorded against PRN 249 863 66. Payroll further confirmed that all AVAC submissions lodged on 31 August 2026 had been processed on that date.

I was also advised by Payroll that long service leave or where a leave type cannot be processed, or where a request is rejected, the reason is ordinarily identified during the actioning process. In light of this advice, I would be grateful if you could clarify what information or response you are currently awaiting from Payroll in relation to my long service leave application.

Given that I have been advised on two occasions—on 31 August 2026 and again on 2 September 2026—that an enquiry had been submitted, I would appreciate receiving copies of the following:

- The enquiry, submission, or request that you have confirmed was lodged.

- Any correspondence, records, or communications sent to Payroll regarding my long service leave application.
- Any documentation confirming the processing, status, or outcome of the AVAC request.
- Any correspondence relating to difficulties in processing my long service leave, including any advice received as to why the leave could not be applied.
- Any responses received from Payroll concerning my long service leave entitlement or application.
-
- This matter is of considerable importance to me. The ongoing delay in resolving my leave and pay arrangements has caused significant personal hardship, and I am seeking to establish a clear understanding of the steps that have been taken and any outstanding issues that remain.
-
- To assist in resolving the matter with yourself and payroll as quickly as possible, I would be grateful if all relevant correspondence, enquiries, and records could be provided at your earliest convenience.
-

I appreciate your assistance and look forward to your response.

Kind regards,

Cory

Hi Cory,

Thanks for your email.

PRN 249 863 66 has been processed for the fortnight ending 30th August 2026 and will be paid in the normal pay cycle on Wednesday 9th September 2026. I have applied S/L and A/L in lieu of S/L for this pay cycle.

Regarding your Long Service Leave from 13 July 2026, the system is currently not allowing me to apply the leave requested. I have made enquiries with Payroll and am currently awaiting their advice. I will provide an update once I receive further information.

Please see below your current leave balances as of 2nd

September 2026 – Please note that leave balances shown below are prior to AVAC being processed and may therefore change once pay cycle is complete.

If you are having trouble with access, you can call IT Support [1800 198 175](tel:1800198175) and reset your log in details.

Follow up

Dear Chloe,

I am asking for an ad hoc payment to be processed today.

The leave has already been applied and the AVAC processed under PRN 249 863 66, so the entitlement exists, I am asking only that it be paid now rather than held to the next pay run.

I have received no wages since 13 July 2026. That is fifty-one days and three pay runs, and I have already had to give up my accommodation.

I should also mention that I am currently unable to log into MyHR. I cannot submit a leave application, check my balances, or see what has been applied to my record, so I am dependent on you and on Payroll for both the payment and for confirmation of what has been processed. If my access can be restored, I would be grateful and, in the meantime, could the information simply be provided to me by email.

If you cannot raise an ad hoc payment yourself, could you please tell me today who can, and I will make the request to them directly.

Kind regards,

Cory Shepherd

Subject: Re: Cory Shepherd (388372) — application for

long service leave and annual leave, and request for AVAC to be processed today

Dear Chloe,

Thank you for actioning this today and for the reference number — I appreciate the quick turnaround.

Four short points so the record is accurate.

1. Leave type. To confirm my application: I did not apply for sick leave — I am not unfit for work, and the Employee Capability Checklist of 3 July 2026 certifies me fit with restrictions. My application was for long service leave and, on its exhaustion, annual leave. Could you please confirm exactly which leave types and how many hours were applied for 17–30 August 2026 under PRN 249 863 66. If any personal or sick leave has been debited, could it please be re-credited and replaced in accordance with my application.

2. Hours. Could the leave please be applied at my substantive hours of 76 per fortnight rather than at 0.5 FTE. The reduced-hours arrangements this year were temporary changes to working conditions: the most recent, approved on 9 June 2026, had an effective period of 25 May 2026 to 28 June 2026 and was not extended.

No variation has been in force since 28 June 2026, and my pay advice of 12 August 2026 itself records my absence at 76.00 hours for the fortnight. If a different arrangement has been recorded for any period after 28 June 2026, could you please let me know what it is and the document it is based on.

3. The period from 13 July. My application was from 13 July 2026, being the date from which I have received no wages. I understand the long service leave question is with Payroll — thank you for raising it promptly. Once it is resolved, could the leave please be applied back to 13 July 2026 as an

adjustment, and the "NP Sick Leave" recorded for the earlier fortnights corrected at the same time.

4. Long service leave — what may assist Payroll.

My employment commenced on 25 March 2019, and my reinstatement in February 2025 took effect from 20 September 2024 with continuity of service preserved. I therefore reached seven years' continuous service on 25 March 2026 and am entitled to take long service leave under clause 22(c) of the Award. If the system is showing a later continuous service date, it may not have been corrected following my reinstatement — that would explain the error, and Payroll can verify it against my record. I have separately written to Payroll today about my service record and leave balances. Could you also confirm that the payment for 17–30 August will be processed urgently?

For completeness, everything actioned today, and any adjustments, remain on the basis set out at paragraph 4 of my email this morning — under protest and subject to re-credit.

Thanks again, Chloe.

Kind regards,

Cory Shepherd

Subject: RE: Cory Shepherd (388372) — application for long service leave and annual leave, and request for AVAC to be processed today

Good afternoon Cory,

Thank you for your email. I have applied your S/L and A/L in lieu of S/L for your absence from the workplace through an AVAC as requested, for the past fortnight 17th August 2026 – 30th August 2026. As you are on reduced roster 0.5 FTE, I have applied the leave as per reduced shifts - PRN 249 863 66

About your long service leave from the 13th July 2026 - the system is currently not allowing me to apply LSL, so I have made enquiries with Payroll to understand why this may be and I will get back you as soon as I have an update.

Kind regards,
Chloe

Dear Chloe,

I am writing to apply for leave and to ask that the AVAC be processed today. I have copied Jacqui Roberts.

1. MY POSITION

I have not been working since 3 July 2026. I have received no wages since 13 July 2026.

On 3 July 2026 Dr Ma completed the Employee Capability Checklist on Metro South's own form. It certifies me fit with restrictions and records that usual switchboard operational duties remain suitable. I have remained ready and available to work within those restrictions throughout, and I remain so now.

My pay advice of 12 August 2026, for the fortnight 20 July to 2 August 2026, records me as on "NP Sick Leave" for 76 hours with gross pay of \$0.00. I did not apply for sick leave and I am not unfit for work.

2. WHAT I APPLY FOR

In the interim, and so that my entitlements can be processed, I apply as follows:

- Long service leave, on full pay, from 13 July 2026 being the date from which I have received no wages through to the current date and continuing; and
- when my long service leave entitlement is exhausted, annual leave, to commence immediately from that point and to continue until further notice.

To the extent that any absence over that period has already been recorded as unpaid sick leave, I ask that the coding be corrected and replaced with the leave applied for above.

I confirm I am not applying for personal leave, as I am not unfit for work.

3. THE AVAC

I ask that the AVAC be submitted and processed today, and that I be given the reference number once it has been done, together with confirmation of the pay run in which the payment will be made.

I ask this because of the financial position set out below, and because the cut-off for the next available pay run is imminent.

4. THIS APPLICATION IS MADE UNDER PROTEST, AND SUBJECT TO RE-CREDIT

This application is made under protest and without prejudice to my position, and on the following express basis:

- I remain ready, willing and able to work within the restrictions recorded in the Employee Capability Checklist of 3 July 2026, and I have been since 3 July 2026;
- I apply for this leave only because I have received no wages since 13 July 2026 and no payment has been made to me in the interim;
- my concerns regarding pay, the leave debited since 3 July 2026, and the adjustments recorded in the Employee Capability Checklist of 3 July 2026 remain unresolved and in dispute, and nothing in this application resolves, waives or narrows any of them; and
- I ask that the leave taken under this application be re-credited to me in the event that wages are paid, or found payable, for any part of the same period, or in the event that the recording of my absence over that period is later corrected or determined otherwise.

I make this application on the understanding that it does not prevent that outcome, and I reserve my position in full.

5. FINANCIAL HARDSHIP

I want to be plain about why I am asking for this to be done today rather than in the ordinary course.

I have had no income since 13 July 2026. As a consequence I have had to give up my accommodation. I am not raising this to make a point; I am raising it because it is the reason for the urgency, and because I would rather tell you than have it become apparent later.

If there is any mechanism available for an urgent or off-cycle payment in cases of financial hardship, I would be grateful if you could tell me and I will apply for it.

6. IF ANY PART OF THIS CANNOT BE ACTIONED

If any part of this application cannot be actioned today, could you please let me know today which part, and why, and when it will be actioned. A short note is entirely sufficient.

Thank you for your assistance.

Kind regards,

Cory Shepherd
