

WC/2024/227

Stressor 1(a) — Particulars support bundle

Prepared in support of the appellant's statement of evidence

Cory Lea Shepherd · Appellant (self-represented) · AO3 Switchboard Services, Logan Hospital

0417 400 227 · coryshepherd1@hotmail.com · 11 August 2026

This bundle collects the documents supporting the particulars of Stressor 1(a) of the Amended Form 9A (7 April 2026). Each tab carries one particular, stated in the terms in which it would be given, followed by the documents that record it. All documents are contemporaneous records; several are drawn from the Respondent's own disclosure.

INDEX

Tab 1	(i) "Hello & Update" · database access removed	18 Jul 2023
Tab 2	(ii) 24-hour function · on-call self-delegated · hours never stated	May 2024 (PP24)
Tab 3	(iii) "Erratic physical presence" · MASPER urgent-call routing · six days	9–15 May 2024
Tab 4	(iv)–(v) "we can not help patients" · the 20 May exchange	22 Feb · 15–20 May 2024
Tab 5	(vi) "more than two weeks without response"	8 Apr – 8 May 2024
Tab 6	(vii) Office hours asked · retract to the appellant only	9–17 May 2024

Note: each particular is pleaded under the categories of Stressor 1(a) as filed. The wording on each tab is the form in which further and better particulars would be given if required.

TAB 1

Particular (i) — “Hello & Update” · database access removed · 18 July 2023

The particular, as it would be given:

On 18 July 2023, the appellant’s access to the switchboard database was removed by email (“Hello & Update”), while the duties requiring that access remained assigned to the appellant. The document behind this tab is the email of 18 July 2023.

Hello & Update

Hi Team,

Thought I would send out an email to say hi, and to give you all an update of what I am doing here.

My current role is a project role for the Switchboard team. It is a temporary position that predominantly focuses on fixing up the database that switchboard utilises. Yay! Its been a long time coming, and is very much needed. It is going to be a mammoth project that will take some time to complete.

While I am fixing up the database and all of its entries, I will be removing everyone's access to the database. If you need any entries amended, added or removed, please get the person wanting to update the entry to contact me directly, either via email or extension. I will then add this entry in. My working hours are every Tuesday and second Monday, 8:00 – 16:00 and my contact number is x6742. If something needs to be added during the other days of the week that I am not here, and it is urgent, please send it through to Chloe. If it is after hours (overnights, on the weekend or public holiday), it will have to wait until either Chloe or myself are back. If any of you find a number or an entry that needs to be amended, you can also contact me to do this. I have also removed the Contact & Number Changes book out of the room, as I would prefer, for now, to be sent all changes to my email.

I can also help people with most phone issues (diversions, name updates, programming of keys ect) and pager issues if they need help.

If you have any questions, please feel free to reach out, I will be working over in the back-up Switchboard office, if you wanted to come over and say hi. 😊

Thanks everyone,

Ellen Stibbard

TAB 2

Particular (ii) — The 24-hour Switchboard function · after-hours on-call self-delegated · office hours never stated to the team · May 2024 (PP24)

The particular, as it would be given:

The Switchboard operates 24 hours a day. In about May 2024 (pay period 13–26 May 2024), after-hours on-call manager arrangements were changed and communicated by list, without consultation with switchboard operators. The documents behind this tab are: the after-hours on-call manager email (Ellen); the on-call self-delegation email (Ms Taylor); and the on-call and hours all-staff email of 17 May 2024 (Ms Taylor).

Hi Team,

Just advising you that I am on call after hours for Switch from today Wednesday 24/7/24 – Tuesday 30/7/24. This will be my last time being on call, until I am back from Maternity Leave.

Chloe will then be on call from Wednesday 31/7/24 – Sunday 4/8/24.

During business hours you are to still contact Chloe.

If calling us after hours, please call our mobiles or send a text. If you are contacting us inbetween the hours of 22:00 and 6:00am, please call first. If calling and we don't answer please leave a message and or send a text. When calling us, please also introduce the call.

After hours calls include any sick leave and or emergent leave and anything urgent that pops up. Urgent matters include any general codes (Code Red, Yellow, Purple, Brown and Orange) that you are made aware of, paging system or phone system going down, or anything that can not wait till the following business day that we need to be made aware of.

Thanks for your help and support team! 😊

Happy Friday Team,
Just letting you know I will not be in the office until around 11am on Monday 20.05.2024 due to my daughter’s kindergarten Interview. I will be contactable on my mobile if anything urgent, otherwise Tammy and Ellen will be in the office.
As per Ellen’s email, Ellen is on call until Sunday 19.05.24 and I will be on call from Monday 20.05.24 – Sunday 26.05.24.
As I will be on call from Monday, regardless of my start/finish times next week you are to please contact me through the day/afterhours either via switch, office or mobile.
My office hours can vary due to having to take my girls to school in the morning, on the days that I do have school drop off I always let switch know that I will be in later between 0800-830am.
Otherwise my hours are from 06:30-14:30.
Moving forward so communication is clear for the team, I will be sending an email to switch to advise of any change to my office hours for the week.
Thanks team for being so supportive, have a lovely weekend
Kind regards,
Chloe

TAB 3

Particular (iii) — The pleaded “erratic physical presence” · the MASPER register (urgent clinical call routing) · six days of errors while contact attempts went unanswered · 9–15 May 2024

The particular, as it would be given:

The MASPER register is used by switchboard to route urgent clinical calls to the responsible medical registrars; the criticality of the Switchboard function to clinical handover is admitted on the Respondent's Form 24 response (18 February 2026). Between 9 and 15 May 2024, following the direction of 9 May 2024 concerning business-hours contact, errors accumulated in the MASPER register while switchboard remained responsible for call routing. On 15 May 2024 a pathologist was unable to hand over critical results for approximately two hours; the registrar's return call criticised switchboard's performance (witnessed by Ms P. Co). The documents behind this tab are the MASPER register email records of 9–15 May 2024. These records, with Tabs 2 and 6, particularise the “erratic physical presence” pleaded at Stressor 1(a).

Subject: MASPER process

Hi Everyone,

I have included below email trail for your reference. There have been many ongoing issues raised by the MASPER and the medical department about calls being transferred to the wrong medical teams.

To try and eliminate this can I please ask that all calls that switch transfer to the MASPER phone #5223 are being introduced.

This way we can determine whether they are coming from switchboard or other departments. We will review in the next month and if I receive any more reports from the MASPER reg, I will be requesting that the switch team keep a log for all calls that we receive from the MASPER or regarding MASPER for our records.

Thanks so much team for your support with this,

Kind regards,
Chloe

Subject: RE: Switchboard issues 5 May, 7 May, and 8 May

Good morning Vivian,

Thank you so much for taking the time to document and address these issues which are occurring.

To try and eliminate these issues that are being raised, I have now asked the team to introduce all calls that are transferred to the MASPER phone. This will help whether these calls that are going to MASPER phone are coming from the switchboard. Please keep in mind that all departments have the ability to transfer calls to dect/mobiles its not only switch. The call might have originated from switch but can be then transferred again from another department.

I would just like to clarify that it was directed by Deputy Director of Emergency Department & the ED Admin Manager in October 2023 that all calls that require to speak to a clinician is to be transferred through to #8004 for ED admins management, they will then transfer the call to the appropriate clinician. Might be worth clarifying with ED to ensure they are up to date with MASPER process also.

[@Pan Jane Wong](#) Can I please confirm your business hours so we can have this for our reference, it is not provided on the rosters. I have noticed your dect phone number #5997 is currently switched off.

I appreciate your feedback and ensuring that we try eliminating the issues that are coming from switchboard.

Kind regards,
Chloe

Hello,

Here are the switchboard issues 5th May to 8th of May

5/05/2024 at 14:45

Switch put through call to x9320 - was meant to call ward med reg at the time (which was x5223)

7/05/2024 at 0745

Switch put through a call to CMR (Dr Pan Wong) outside work hours with no introduction.

8/05/2024

At 8:53am switch put through GP from Kuraby asking for ED consultant on-call; was incorrectly put through to MASPER

At 9:59am switch put through PAH gastro reg asking for ED consultant on-call; was incorrectly put through to MASPER

Kind regards,

Vivian

Subject: Switchboard issues 2nd and 3rd May 2024

Hello,

I've been requested to email you with the list of switchboard issues from yesterday and today

2/5/2024

At 14:47, switch put ED through to x9320 when ED were looking to refer to MASPER (should have been put through to x5223)

3/5/2024

At 10am: switchboard put through PAH phone call to x2147 for medical referral (should have been put through to x5223)

At 10:22am: switchboard put phone call through to x5290 for someone who was asking for day consult registrar; should have put person through to x8653 as per roster today (had to be redirected by MASPER)

At 11:43am, switch put person through to x5223 - when they were asking for PALL CARE CNC

per roster) - had to be redirected by MASPER

At 14:46 - MET call team called x5290 asking where MET call was located "VHUB" - switchboard could not tell them where VHUB was. Had to be redirected by MASPER

Kind regards,

Vivian
MASPER Registrar

TAB 4

Particulars (iv)–(v) — “we can not help patients” · five days of misdirected clinical calls · the 2:05pm recommendation and the 4:30pm reply

The particular, as it would be given:

On 22 February 2024 the document "Outpatients Department – Clinic contact Details" was modified without notice to switchboard operators. On 15 May 2024 at 11:47am the Integrated Respiratory Service requested in writing, marked High importance, that the directory be corrected; on 20 May 2024 at 11:03am it wrote again, recording that misdirected clinical calls were continuing ("we continue to get calls... we can not help patients"). At 2:05pm on 20 May 2024 the appellant identified the modification of 22 February 2024 as the cause and recommended in writing a modification and review of the document. At 4:30pm Ms Taylor replied that "this task was being actioned," that she "had discussed with Richard this morning," and that "I believe you were aware of that." No record of any action preceding the appellant's recommendation has been disclosed. The documents behind this tab are the "Respiratory Nurse Educators" email chain, 15–20 May 2024, from the Respondent's disclosure.

Hi Cory,

Thank you for bringing this to my attention however this task was being actioned. I had discussed with Richard this morning about the update of outpatients respiratory/medical.

While I appreciate you taking initiative and looking into procedures with OPD, this was already being actioned by Richard and I believe you were aware of that.

If any other processes require updating that have been brought to your attention, I am more than happy for you to follow up for my approval. Taking note of your recommendation, we can also put the updated procedures out to the team for consultation before implementing.

Kind regards,

Chloe

To: Tammy Reese <Tammy.Reese@health.qld.gov.au>

Subject: Re: Roster Concerns

Dear Tammy,

I am writing to further discuss some concerns and observations regarding our operations and rostering process.

Firstly, I appreciate your recent update and the clarity it provided regarding consecutive shifts. I realized that I had been mistakenly referencing this section and it did not support my points towards SECTION 4. HOURS OF WORK 10.4.1 in the OPERATIONS MANUAL.

This section includes a toolkit required by management to manage fatigue and implement appropriate protocols and adhere to the workplace health and safety act. I have attached an image for your reference. It is incumbent upon management not only to prevent an increase in fatigue but also to actively reduce it. This aligns with the best practices outlined and, in the studies, I uploaded to Microsoft Teams over six months ago.

		(1 point)	(2 points)	(4 points)	
1.	Rostered shift length	<10 hours/week	10 – 14 hours/week	>14 hours per week	
2.	Actual hours worked per week (including overtime)	<48 hours	48-55 hours	>55 hours	
3.	Time worked between breaks	<2 hours	<5 hours	≥5 hours	
4.	Night shift	None	<4 days/week	>4 days per week	
5.	Rostered days off	2 days per week	1 day per week	<1 day per week	
6.	Breaks between shifts	12 hours or more	10 hours or more	<10 hours	
7.	On-call/recall shifts	1 – 2 days per week	3 – 4 days per week	>4 day per week	
8.	Shift rotation	Forward/consistent	Forward/inconsistent	No consistency or direction	
TOTAL RISK SCORE					
0 – 8: LOW RISK 9 – 16: MODERATE RISK > 16 POINTS: HIGH RISK					

Figure 7: Roster risk assessment matrix

For instance, an increase in night shifts correlates with heightened fatigue levels. Similarly, inconsistent backward rotations exacerbate this issue. I forwarded the toolkit to Chloe last week for review and action but have yet to receive feedback and feel she is not interested.

Furthermore, upon reviewing the rosters in light of the Industrial Relations Act, it is clear that a defined process must be adhered to until a mutually agreed-upon rostering system is in place, in accordance with our individual award (Industrial Relations Section 6: Rosters). I have attached the relevant section below for your reference.

I believe it is crucial to address the ongoing issue of roster control and request facilitation. The numerous errors during Chloe’s tenure in management have unfortunately contributed to a decline in our department’s performance.

6. Rosters														
(a) Rosters will be worked over a 9 day fortnight where rostered hours are a maximum of 9 hours per day.														
(b) Unless otherwise agreed, rosters will be implemented as follows for the life of this Agreement.														
Saturday Roster	S	M	T	W	T	F	S	S	M	T	W	T	F	S
	O	O	X	X	X	X	X	O	O	RDO	X	X	X	X
62														
Sunday Roster	X	X	X	X	X	O	O	X	X	X	X	RDO	O	O
Monday to Friday	O	X	X	X	X	X	O	O	RDO	X	X	X	X	O
• Where "O" means rostered off and "X" means rostered on.														
• Where industrial parties agree, individual teams may, by mutual agreement, perform work in accordance with alternative rosters as provided for in the Award.														
Program management agree to provide notification to the Union and all affected staff of proposed changes to rosters (ie. changes between Saturday, Sunday and Monday-Friday rosters). Management will make all attempts to provide such notification at least one month prior to the earliest possible date of effect.														
Except as provided in clause 8, if work is required to be performed on an RDO, overtime rates shall apply.														

I am confident that by addressing these issues, we can improve our operational efficiency and enhance the well-being of our team.

I appreciate your attention to these matters. I am eager to contribute to the development of a roster that ensures equitable distribution of shift assignments. I propose to undertake this task over a span of three months. During this period, I can provide detailed insights and reflect wage percentages accurately. For instance, an employee with a .7 designation could anticipate receiving 70% of a full-time employee’s wage, and so forth.

Best regards,

Cory

Subject: Roster Concerns

Good Afternoon Cory,

In follow up to our meeting on the Tuesday 16th April where you raised concerns about an issue you had with roster out with the previous fortnight's roster line for yourself ending with nights then 3 days off and then the new draft roster with you returning to nights again. I discussed that Chloe was aware of the concern you had with regards to the nights and then nights again on the new roster for the fortnight and Chloe was working to fix this error and would get in touch with you about what alternative shifts she could offer. You also raised a few recent issues you had with how you had been rostered by your line manager and you stated that due to section 15.2(c) Shift work arrangements of the *Award* that you wanted to only be rostered in future as per this section:

Hospital and Health Service General Employees (Queensland Health) Award – State 2015

15.2 Shift work arrangements

- (a) Shift work may be introduced to meet operational requirements. Such shift work shall be worked in accordance with a roster mutually agreed between the employer and the union, in consultation with the employees directly affected. Any discussions concerning the introduction of shift work or roster variations shall be conducted in accordance with the provisions of clause 6.2 of this Award.
- (b) A roster setting out the employee's days of duty and starting and finishing times on such days shall either be displayed in a convenient place or made available electronically to employees at least one calendar week in advance of the roster cycle, provided that notification by 1300 on Monday will be sufficient notification for the week commencing the following Monday.
- (c) A shift worker shall not perform more than two consecutive shifts (e.g. day shift/afternoon shift; afternoon shift/night shift).
- (d) Changes within a roster shall be by agreement between the employer and the employee concerned but, failing agreement, 24 hours' notice of any change in the roster must be given by the employer or double time is to be paid for the employee's next shift.

I think your interpretation of this section is that you only wished to be rostered not more than two consecutive shift types in a row, e.g., Day, Day, or afternoon, afternoon, etc., per fortnight. I discussed that my interpretation of this section was different, and I thought it meant no more than 2 shifts in one day for a shift worker but that I may not necessarily be correct in my interpretation thus we would need to seek HR advice on this. I asked Chloe to follow upon what should be the interpretation of this section with HR and as per the email advice received that I believe Chloe has now sent to you regarding this it states "...the meaning of consecutive shifts is in relation to shifts on the same day, they cannot work 2 shifts in one day. It is not in relation to consecutive days." Thus, based on this interpretation I do believe Chloe's rostering is in compliance with this particular section of the award. I would however be happy to discuss this or any other issues further with if you like just to let me know and we can schedule a time next week or when your next available. If you have immediate issues with the offered roster line for yourself, please discuss this with your line manager in the first instance but your welcome to escalate any concerns to myself. As per the HR email your welcome to discuss any award provisions further with HR as to their interpretation.

Kind Regards

Tammy

Subject: Re: Roster Concerns

Dear Tammy,

I am writing to further discuss some concerns and observations regarding our operations and rostering process.

Firstly, I appreciate your recent update and the clarity it provided regarding consecutive shifts. I realized that I had been mistakenly referencing this section and it did not support my points towards SECTION 4. HOURS OF WORK 10.4.1 in the OPERATIONS MANUAL.

for the time being associated with such higher duties.

SECTION 4: HOURS OF WORK

10.4.1 Hours of Work

(1) Hours of duty and relevant breaks and off-duty periods shall be in accordance with the CASA mandated fatigue management requirements (CAO 48.1) or Fatigue Management System (FRMS), as adopted by QGAir and applicable at the time. These will be specified in the QGAir Operations Manual.

(2) When a pilot is required to fly in an off-duty period, and the pilot is willing and able to undertake such duty this time may be converted to duty time and time off shall subsequently be granted. Such time off must be taken within twelve months of the day on which the time was worked.

SECTION 5: LEAVE

This section includes a toolkit required by management to manage fatigue and implement appropriate protocols and adhere to the workplace health and safety act. I have attached an image for your reference. It is incumbent upon management not only to prevent an increase in fatigue but also to actively reduce it. This aligns with the best practices outlined and, in the studies, I uploaded to Microsoft Teams over six months ago.

For instance, an increase in night shifts correlates with heightened fatigue levels. Similarly, inconsistent backward rotations exacerbate this issue. I forwarded the toolkit to Chloe last week for review and action but have yet to receive feedback and feel she is not interested.

Furthermore, upon reviewing the rosters in light of the Industrial Relations Act, it is clear that a defined process must be adhered to until a mutually agreed-upon rostering system is in place, in accordance with our individual award (Industrial Relations Section 6: Rosters). I have attached the relevant section below for your reference.

I believe it is crucial to address the ongoing issue of roster control and request facilitation. The numerous errors during Chloe’s tenure in management have unfortunately contributed to a decline in our department’s performance.

6. Rosters

(a) Rosters will be worked over a 9 day fortnight where rostered hours are a maximum of 9 hours per day.

(b) Unless otherwise agreed, rosters will be implemented as follows for the life of this Agreement.

	S	M	T	W	T	F	S	S	M	T	W	T	F	S
Saturday	O	O	X	X	X	X	X	O	O		RDO	X	X	X
Roster														

62

Sunday	X	X	X	X	X	O	O	X	X	X	X	RDO	O	O
Roster														
Monday to Friday	O	X	X	X	X	X	O	O	RDO	X	X	X	X	O

- Where "O" means rostered off and "X" means rostered on.
- Where industrial parties agree, individual teams may, by mutual agreement, perform work in accordance with alternative rosters as provided for in the Award.

Program management agree to provide notification to the Union and all affected staff of proposed changes to rosters (ie. changes between Saturday, Sunday and Monday/Friday rosters). Management will make all attempts to provide such notification at least one month prior to the earliest possible date of effect.

Except as provided in clause 8, if work is required to be performed on an RDO, overtime rates shall apply.

I am confident that by addressing these issues, we can improve our operational efficiency and enhance the well-being of our team.

I appreciate your attention to these matters. I am eager to contribute to the development of a roster that ensures equitable distribution of shift assignments. I propose to undertake this task over a span of three months. During this period, I can provide detailed insights and reflect wage percentages accurately. For instance, an employee with a .7 designation could anticipate receiving 70% of a full-time employee’s wage, and so forth.

Fatigue risk management systems

Implementation guideline QH-GDL-401-3.3:2021

**Queensland
Government**

TAB 6

Particular (vii) — Office hours asked in writing · the retract sent to the appellant only · 9–17 May 2024

The particular, as it would be given:

On 9 May 2024 Ms Taylor directed that she be contacted during business hours. During 9–15 May 2024, repeated attempts to contact Ms Taylor during business hours went unanswered, and her office hours had not been stated to the team. The four documents behind this tab are the sequence of 15–17 May 2024, in order: at 1:15pm on 15 May 2024 the appellant asked in writing that the office hours be stated; at 6:23pm the retraction email was sent to the appellant only; at 7:09pm the appellant replied, attaching Ellen's hours email; on 17 May 2024 Ms Taylor stated her hours to all staff. (See also Tab 3 for the MASPER records of the same period.)

Subject: Office Hours and Departmental Directives

Hi Chloe,

I've informed the switchboard of my leave today due to the uncertainty around your current office hours.

As a formal request, could you please share your office hours so the entire department can be aware of your regular schedule? There has been some noted inconsistency in your arrival and departure times, and having a clear schedule would be beneficial for everyone.

Additionally, please ensure that any directives and changes within the department is made in consultation with the team to ensure that any concerns can be appropriately addressed.

Kind regards,

Cory

Importance: High

Good Afternoon Cory,

Whilst I understand you are trying to make a number of suggestions and give feedback about your line manager in your email that you sent and copied to all department staff, this did not demonstrate our iCARE2 value of Respect and did not comply with our Code of conduct 'showing respect towards all persons...'. There is a correct way to give feedback and to offer suggestions such as these and that would be by communicating with your manager and/or myself, to give your manager (or myself) the opportunity to consider these suggestions and discuss with yourself but not by sending such an email to all department staff in the first instance as well. Thus, could I please ask you to retract this email. Steps included below to assist if required as to how to do this.

- Go to your Sent items and select the email.

How to retract an email

- Then open that email, then along the top of the email at the Move Icon right click on the arrow downwards (as highlighted in yellow) to select 'Recall This Message', then select delete unread copies of this message, then click okay.

Chloe and I will follow-up with you next week about issues you have raised in your email.

Kind Regards

Tammy

Hi Tammy,

Thank you for your email, although I believe it reflects a misuse of authority.

I want to emphasize that one of our core iCARE values is integrity. Requesting clarity on business hours is a reasonable question, especially when no one in the department can provide a definitive answer in response to directives to contact Chloe during office hours. Including the entire department in my email was a conscious decision, as I believe that not sharing Chloe's business hours contradicts our values of integrity and transparency. Sharing this information openly would demonstrate our commitment to these principles.

To address a matter that I believe needs clarification and transparency regarding our departmental operations. Specifically, I am seeking clarity on Chloe's official office hours to ensure that the entire team is on the same page and can efficiently direct inquiries.

Over recent times, there has been some confusion due to the lack of clear communication about Chloe's business hours despite repeated notifications requesting to reach her only during those times. To uphold our iCARE2 values, particularly around transparency and integrity, I think it is essential for these hours to be explicitly stated and shared with all team members.

The principles of integrity compel us to be transparent in our dealings, and this includes sharing crucial information such as availability and office hours. I understand that you may be reluctant to share this information but withholding it could be interpreted as a breach of these values.

Additionally, there have been several instances where clinicians and staff from other departments have sought updates on pager statuses and other requests, often left unresolved due to ambiguity around when Chloe is available. Ellen, who works with us, openly shares her business hours with the department, which I believe is a demonstration of our integrity values. I have attached an email from Ellen for review, she gives clear times of when she is in the office and available.

On the broader spectrum of our iCARE2 values:

- ****Integrity****: We should ensure complete transparency in sharing information.
- ****Compassion****: We should show kindness and support, particularly in addressing payroll concerns and ensuring managerial responsiveness.
- ****Accountability****: Clear office hours help ensure that Chloe can be accountable and accessible during defined periods.
- ****Engagement****: Proper consultation and communication about changes and directives ensure that everyone is informed and able to contribute meaningfully.
- ****Respect****: By clearly communicating such basic yet critical information, we show respect for each other's time and responsibilities.

Happy Friday Team,
Just letting you know I will not be in the office until around 11am on Monday 20.05.2024 due to my daughter’s kindergarten Interview. I will be contactable on my mobile if anything urgent, otherwise Tammy and Ellen will be in the office.
As per Ellen’s email, Ellen is on call until Sunday 19.05.24 and I will be on call from Monday 20.05.24 – Sunday 26.05.24.
As I will be on call from Monday, regardless of my start/finish times next week you are to please contact me through the day/afterhours either via switch, office or mobile.
My office hours can vary due to having to take my girls to school in the morning, on the days that I do have school drop off I always let switch know that I will be in later between 0800-830am.
Otherwise my hours are from 06:30-14:30.
Moving forward so communication is clear for the team, I will be sending an email to switch to advise of any change to my office hours for the week.
Thanks team for being so supportive, have a lovely weekend
Kind regards,
Chloe
