

THE TWO LISTS OF DOCUMENTS, AGAINST THE PLEADING

Working document · 9 September 2026

■ **NOT FOR SERVICE AND NOT FOR FILING.** This is the working paper behind an inspection request; it is not the request.

The Respondent's amended List of Documents (Form 23) dated 14 August 2026, 52 items, set against the Amended Statement of Facts and Contentions filed 7 April 2026 and against the documents the Appellant holds. The Respondent's list is organised by provenance — Jurisdictional, Court, Medical Certificates, Medical, Factual, Insurer File, Miscellaneous — and not by the pleading.

1. The composition of the Respondent's list

	Count
Total items on the Respondent's list	52
Items that are the Appellant's own emails to WorkCover (items 12–16, 18–30, 32–36)	about 25
Items sourced from the employer (17, 31, 37, 38, 39, 41, 43)	7
— of those, obtained through witness conferencing in July 2025 (37, 38, 39, 41)	4
Notices of non-party disclosure (40, 42, 43)	3
Insurer file and miscellaneous (44–52)	9
Rosters	none
Emergency-code or paging material	none
Rosters held by the Appellant	91

About half of the Respondent's list is material the Appellant himself sent to WorkCover between July and September 2024. The contemporaneous workplace record it holds came through witness conferencing with Ms Reese and Ms Taylor in July 2025 and through two payroll notices of non-party disclosure.
