TYPE THIS INTO THE EMAIL. THIS PDF IS NOT AN ATTACHMENT AND IS NOT IN THE PACK. The line below is a note to Cory, not to the practice: if the PDF were attached and the practice filed it, the Regulator would read the note along with the email.

Assume this email is produced to the Regulator under the Notice of Non-Party Disclosure served on the practice. Nothing in it may be strategic.

To: Mind and Memory Service · **Attention:** Dr Ravikumar Bangalore Krishnaiah

Subject: Request for medical information, Metro South Health, 31 July 2026 — instruction for report — Cory Shepherd (DOB 11/01/1991)

Dear Dr Krishnaiah,

On 31 July 2026 Metro South Hospital and Health Service asked for medical information about my condition and my capacity for work. That request is signed by Mr Scott Hughes, Director, Corporate Services. I attach a letter of instruction for one report answering that request.

The report is also to answer the three matters written on the Form 29 Notice of Non-Party Disclosure served on your practice. That notice is signed by Ms Renee Matheson, Senior Appeals Officer, Workers' Compensation Regulator, and was sealed on 4 July 2025.

I ask you to reason from the documents attached, and not from my account of the workplace. Those documents are:

Attachment 1 — the notice to admit facts (Form 24) and the Regulator's response to it, signed by Ms Renee Matheson on 18 February 2026;

Attachment 2 — the letter of Ms Noelle Cridland, Chief Executive, Metro South Hospital and Health Service, 5 June 2026;

Attachment 3 — the role description for Administration Officer, Switchboard Services;

Attachment 5 — the movement forms approved by Mr Scott Hughes;

Attachment 6 — the Form 29 signed by Ms Matheson; and

Attachment 7 — the request and nine-question schedule signed by Mr Hughes on 31 July 2026.

Attachment 4 is the clinical record. Attachments 6 and 7 state the questions the report answers. None of those three is assumed fact. My own account of the workplace is context only.

The facts I ask you to assume are identified by source in the enclosed schedule. What the Regulator does not accept is identified there as well.

I am self-represented. Metro South Hospital and Health Service is meeting the cost of the report. The report is instructed by me and is to be provided to me on completion, prepared as a standalone report in the form the letter of instruction describes. The same report will be given to the Regulator and to Metro South Hospital and Health Service on the same day.

Please confirm the time you would require. If any part of the instruction is unclear, or if you need further material, please tell me.

As the report may be used in the Commission and provided to my employer, I would be grateful if it could be issued without the standard restriction on medico-legal use.

Kind regards,

Cory Lea Shepherd
