

CHRONOLOGY — FOR EASE OF REFERENCE ONLY, NOT A SUBMISSION

Cory Shepherd, date of birth 11 January 1991 · WC/2024/227 · prepared 5 September 2026. Dated events, and where each is recorded. It draws no conclusion from any of them, and is not intended to bear on your opinion. Nothing is estimated: where the record gives no date, none is given.

Date	Event	Where it is recorded
25 Mar 2019	Employment with Metro South commenced — Administration Officer, Switchboard Services, Logan Hospital — as a casual .	Deed, recital B
17 Jun 2020	I signed a written agreement permitting a minimum break of 8 hours instead of 10 — at that time a casual . Whether it survived my move to permanent full-time hours is disputed: the employer's position, stated on 6 September 2024, is that the change of contracts and adjustments in working hours did not invalidate it.	Agreement, 17 Jun 2020; employer's response, 6 Sep 2024
26 Oct 2022	General-practice record. "ADHD" and "Anxiety" appear in the Past Medical History list carried in the referral of 16 May 2024.	General-practice records
27 Sep 2023	My line manager approved permanent full-time hours.	Approval email, 27 Sep 2023
16 Oct 2023	Permanent full-time hours commenced , having moved from casual to part-time before this. Continuous shift work across the full 24 hours, seven days a week. I handled roughly 200 to 300 calls per shift — urgent clinical handover, distressed patients and family, callers in conflict or in crisis, and general complaints — and was frequently the first person a caller reached in an emergency. The role description requires participation in the Emergency Response process "strictly adhering to protocols and timeframes", and the ability to "multitask and operate under pressure" where "high volume call traffic" is involved.	My outline; role description
16 Nov 2023	General-practice consultation, Dr Priyaa De Silva Nanayakkara. The note records: "Poor sleep. Shift work. Takes melatonin 2 mg to help to go to sleep ... but does not help much. Cannot work/ do shifts if he does not get a good sleep. ... No psychological illness such as depression/ psychosis. mood good. " Melatonin and temazepam prescribed. (Spelling as in the record.)	General-practice records
20–27 Feb 2024	Leave declined for want of an attached statutory declaration. The Respondent now records "a review indicates that in fact, the attachments were present" and "a matter of human error".	Schedule, 14(e), 14(f)
17–18 Mar 2024	Rostered to finish at 23:00 and to commence at 06:00 — a break of 7 hours, which does not include travel time. With travel, the break between the shifts was less than 5 hours . The fatigue policy and the Award require a minimum of 10 hours, or 8 by written agreement. MET calls were recorded over that period.	Accepted — schedule items 1, 3; travel time as recorded in Review Decision 69983, pp. 16 and 26
19 Mar 2024	The day after those shifts I was absent, and I funded it myself — 7.60 hours of Sick Leave, approved. Paid fatigue leave was not provided; the Regulator's own pleaded case is that none was available under cl 18.10, no overtime having been performed.	Leave record; Regulator's pleading 24(b); schedule 22(c)
8 – 24 Apr 2024	I raised the breaks in writing, and followed it up . On 8 April at 3:56 pm, marked High importance, I asked for a review of payment for 8–31 March 2024, enclosing the policies covering "a minimum of a ten-hour break between shifts". My manager escalated it to Human Resources on 9 April. On 24 April at 3:15 pm I wrote again, also High importance, recording more than two weeks without response. The request was refused on 1 May 2024.	My emails of 8 and 24 Apr 2024; the reply
15 Apr 2024	A change to Switchboard working arrangements communicated by email. The Respondent lists no document recording consultation before it.	Respondent's List of Documents
3 May 2024	Payroll instructed to correct the shifts.	Accepted — schedule item 40
10 – 20 May 2024	The employer assessed the roster internally, and I was not told . The email of 10 May 2024 between Ms Reese and Ms Taylor records the rostering as "impacting on staff fatigue, or more specifically his fatigue", puts it at "a rating of 11 which is moderate", and refers to "a few rostering errors made by Chloe" in past rosters. Ms Reese enquired of Human Resources that day and followed the enquiry up on 20 May. Nothing of it reached me at the time. Over 9–15 May the register records errors on six days while my attempts to make contact went unanswered.	Respondent's disclosure — email of 10 May 2024; MASPER register
13 May 2024	I made a complaint to the Ethical Standards Unit concerning Ms Taylor and Ms Reese.	ESU complaint form, 13 May 2024
16 May 2024	General-practice note records "renew referral to psychiatrist".	General-practice records
21 May 2024	"I am waiting payroll confirmation."	Accepted — schedule item 46
28 May 2024	The correction was submitted — 8 weeks after the shifts.	Accepted — schedule item 41
10 Jun 2024	My great-grandfather, George Stevens Boland, died at Moree in his ninety-third year (born 27 March 1932). Eight days before the onset pleaded below.	Family record
11–12 Jun 2024	Bereavement leave, 15.2 hours, approved — the only bereavement leave recorded in my employment across five and a half years.	Employer leave record
17 Jun 2024 onwards	Leave without pay, every rostered day from 17 June onwards.	Employer leave record
18 Jun 2024	Onset of the injury, as pleaded in the appeal .	Form 9A, as pleaded
28 Jun 2024	General-practice consultation, Dr Bogdan Slawinski. Reason for visit recorded as "Anxiety". The note records "wants melatonin, to help to sleep ... stress at work ... upset by people not following rules".	General-practice records
30 Jun 2024	Fatigue risk management assessment was implemented at Logan Hospital Switchboard only after this date. No fatigue risk management training records or register entries exist for the position, such training applying only to health practitioners and clinical assistants.	Chief Executive's letter, 5 Jun 2026
1 Jul 2024	General-practice consultation, Dr Peter Hawes. Reason for visit " work stress ". The note records "ethical complaint about manager and director ... been there 5 years ... they withhold pay at times, no overtime- not processed, manipulate his roster- so he works lates then earlies ... all this is stressing him out, causing anxiety". Application for compensation lodged the same day.	General-practice records
12 Jul 2024	"Event overview" provided by me to WorkCover Queensland.	Respondent's List of Documents, item 12
Sep 2024	Referred to Dr Krishnaiah by Dr Hawes .	Referral, Dr Hawes
8 Sep 2024	Workers' compensation medical certificate signed by Dr Hawes.	Medical certificate
13 Sep 2024	WorkCover Queensland rejected the application for compensation.	WorkCover reasons, 13 Sep 2024
20 Sep 2024	The separation date later nominated by the abandonment correspondence — the deed calls it "the Dismissal". It became the effective date of my reinstatement.	Deed, recital D

Date	Event	Where it is recorded
8 Oct 2024	Dismissal. I received correspondence from the Acting Executive Director treating me as absent without approved leave and as having abandoned my employment. It nominated a separation date of 20 September 2024. It was forwarded to me by email at 4:10 pm on 9 October. I replied in writing.	Deed, recital C; employer letter
24 Oct 2024	First consultation with Dr Krishnaiah. My partner came with me to the appointment. She did not come into the consultation, but you met her and took her contact number.	Your file; my account
24 Oct 2024	The review confirmed the rejection — issued the same day, after the appointment. The reviewer nonetheless determined that I "sustained a personal injury of a psychological nature", that my injury "arose out of employment ... where employment was a significant contributing factor", and that the rostering of the 17 and 18 March shifts "amounted to unreasonable management action". The rejection rested on the statutory exclusion alone.	Review Decision 69983, pp. 26–27
25 Oct 2024	I applied to the Commission for reinstatement, matter TD/2024/110.	Deed, recital E
24 Dec 2024	The Ethical Standards Unit determined that my complaint constituted a Public Interest Disclosure (24-ESU-1130). No suspicion of corrupt conduct was formed; other administrative issues were identified and referred to Human Resources.	Accepted — schedule item 20; ESU letter, 24 Dec 2024
11 Jan 2025	My great-grandmother, Gwendoline Zena Boland (born Johnston), died seven days after her ninety-fourth birthday (born 4 January 1931). Seven months and a day after her husband. It was my own birthday.	Family record
Feb – Mar 2025	My relationship with my partner ended.	My account
13 Feb 2025	Dr Krishnaiah's report to QSuper. It records workplace stress arising from management and rostering, and refers to relationship breakdown, job loss and bereavement.	Your file
21 Feb 2025	The deed was executed, and it undid the dismissal. The Health Service reinstated me "with an effective date of 20 September 2024", that reinstatement taking effect "despite any documents that the Health Service may require the Applicant to execute". Wages were payable for 20 September to 13 December 2024; the period from 13 December 2024 to 23 February 2025 was treated as leave without pay.	Deed, cl. 1, 2, 4
1 Jul 2025	After the onset. Fatigue leave I had submitted was declined in writing: "I have just checked MyHR and noticed your leave has been submitted as Fatigue leave ... I have declined this please submit correct leave either S/L or A/L."	Email, Ms Taylor, 1 Jul 2025
3 Jul 2026	Employee Capability Checklist completed by the employer. It identifies three stressors for the position — complaint handling; being blamed for the failures of others; unpredictable rostering.	Capability Checklist
