

WC/2024/227 — Shepherd v Workers' Compensation Regulator

Request for copies of documents listed in the Respondent's amended list of documents dated 14 August 2026

22 August 2026

Ms R Matheson
Senior Appeals Officer
Workers' Compensation Regulator

Dear Ms Matheson

I refer to the Respondent's amended list of documents dated 14 August 2026, and to the Further Directions Order (3) of 19 August 2026, which requires the Appellant to file and serve a list of witnesses and to serve outlines of evidence and any expert reports by 4.00 pm on 9 September 2026.

Paragraph 1 of the Respondent's list offers inspection at 347 Ann Street, Brisbane. Given the timetable, and that I am presently not attending my workplace, I ask that copies of the items below be provided electronically instead of by attendance. If any item is more convenient to provide by another means, I am content with whatever suits the Respondent.

Part 1 — items listed by the Respondent

Item	As described in the Respondent's list	Person who made document	Date
1	Claim summary	WorkCover Queensland	—
8	Workers' compensation medical certificate	Dr Ki Pang	7 August 2024
9	Email Dr Krishnaiah – noting injury and medication	Dr Ravikumar Krishnaiah	24 October 2024
14	The attachment only: <i>Witness statement – Carolyn Jeffrey</i>	Carolyn Jeffrey	18 July 2024
16	Email WIT C Jeffrey to WorkCover with follow up statement	Carolyn Jeffrey	1 August 2024
23	The attachment only: <i>Email: Request for review and adjustment of payment – 08/04/2024 to 23/08/2024</i>	Various	26 August 2024
44	Communications report	WorkCover Queensland	Various dates
45	Payments/recoveries report	WorkCover Queensland	—
49	WorkCover Queensland reasons for decision	Amy Mo	25 July 2024
52	Worker Claim history	—	—

Where an item is listed as an email with attachments, I ask for the attachment identified rather than the whole item, so as to keep the request as narrow as possible.

Part 2 — documents referred to within documents already disclosed

The following are referred to in documents that are already before the Commission or have been disclosed in this proceeding. I ask whether each is in the Respondent's possession or control and, if so, for a copy. If it is not, that answer is equally useful to me and no further step is required.

- (a) The payroll-system export for **AVAC PRN 15397775** and **AVAC PRN 15605601**. Both references are identified in the email of PayrollMetroSouth to the Line Manager of 3 May 2024, copied to me, which forms part of the Respondent's disclosure of the Queensland Health Payroll witness conferencing. Neither reference appears in the myHR submissions report for 1 February to 31 May 2024 produced by Metro South Health as Item 11.
- (b) The spreadsheet of recorded MET calls for the period 17 to 18 March 2024. The letter of the Chief Executive of Metro South Health of 5 June 2026, reference K-LM26/729, states that such a spreadsheet is available.
- (c) Any communication from Human Resources, Logan and Beaudesert Health Service, to me between 13 May 2024 and 9 October 2024.
- (d) Any document recording the outcome of, or the steps taken in respect of, the complaint I sent to MetroSouthESU, CO_Complaints and LBH_HR on 15 May 2024.

-
- (e) My complete attendance, sick leave and unplanned-absence history at the Logan Hospital Switchboard from the commencement of my employment in 2019 to 18 June 2024, as recorded in myHR or any predecessor system. The Respondent's amended list of documents does not include this record, and the material already produced (Item 11 of the notice of non-party disclosure) covers only 1 February to 31 May 2024.
-
- (f) The date on which Ms C Taylor was appointed to the position of Switchboard Manager, and any document recording that appointment, referred to in the Respondent's response to my application for review dated 15 August 2024.

Reciprocal disclosure

I enclose my own list of documents in Form 23. Any of the documents in it may be inspected or copied on request, and I will provide copies electronically in the same way I have asked for the Respondent's.

Timing

So that the material can be considered before the outlines are due, I would be grateful to receive the Part 1 copies by **Friday 29 August 2026**. If that is not practicable for any item, please let me know which items and by when they can be provided, and I will work to that. Nothing in this letter is intended to require any step beyond ordinary inspection.

Yours faithfully

Cory Lea Shepherd

Appellant, self-represented
