Logan and Beaudesert Health Service

Dr Day Hong Ma
My Doctors Clinic
16/3221 Surfers Paradise Boulevard
SURFERS PARADISE QLD 4217

Dear Dr Day Hong Ma,

Name of Employee: Mr Cory Shepherd
Date of Birth: 11 January 1991

I refer to your patient, Mr Cory Shepherd and his employment as an Administration Officer (**AO**), Switchboard Operations, Corporate Services (**CS**), Logan Hospital (**LH**), Metro South Health (**the Health Service**) on a Permanent Full-time bases (76 hours per fortnight).

Background

Logan and Beaudesert Health Service (**LBHS**) is in receipt of an Employee Capabilities Checklist (**ECC**) (**Attachment 1**) completed by you on the 3 July 2026.

In accordance with Queensland Health Human Resource (**HR**) Policy G3: *Reasonable Adjustment*, and sections 17 and 19 of the *Work Health and Safety Act 2011*, the Health Service is seeking further clarification of the medical information you have provided regarding Mr Shepherd. The purposes of this request is to better understand Mr Shepherd's condition and current capacity for work, including any restrictions or limitations that may need to be considered.

This information will assist the Health Service to identify and implement any appropriate workplace controls or reasonable adjustments to support a safe and sustainable return to his substantive position.

Questions

I appreciate your assistance with this request. Should you require any additional information or have a query about this request please contact Michelle Harrison, Injury Management Consultant, Human Resources, Logan and Beaudesert Health Service via email at lbh_injurymanagement@health.qld.gov.au or phone: (07) 3542 2744.

Yours sincerely

Scott Hughes
Director, Corporate Services
Logan Beaudesert Health Service
Metro South Health
31/07/2026

Attachment 1 – Employee Capabilities Checklist
Attachment 2 – Role Description

Better together

Information requested from Dr Day Hong Ma:

1. The attached Employee Capabilities Checklist states that Mr Shepherd has a diagnosis of Major Depressive Disorder (**MDD**) with anxious distress, with symptoms exacerbated on exposure to identified workplace stressors, including complaint handling, being held accountable and blamed for the failures of others, and unpredictable rostering.

Could you please clarify the below question in relation to this statement:

- a. When was Mr Shepherd first diagnosed with MDD?

- b. What is the clinical basis for identifying these specific workplace stressors as contributing to the exacerbation of Mr Shepherd's condition.

- c. Whether these workplace stressors are based solely on Mr Shepherd's self-report, your own clinical assessment, or other medical information/reports available to you.

- d. Whether exposure to these workplace stressors presents a foreseeable risk to Mr Shepherd's health or safety if he were to return to work, and if so, what specific workplace controls or adjustments you consider medically necessary to manage that risk.

2. You have described Mr Shepherd's condition as a "*work-related psychological injury*", with existing stressors that could impact on a return to substantive role, specifically:
- "(2) *being held accountable and blamed for failures of others*".
 - "(4) *unresolved workplace matters involving line management*".

As the Health Service is not aware of any concerns being raised for appropriate management, clarification on these statements is being sought to better understand the nature of his injury/illness, including:

- If Mr Shepherd is able to follow a reasonable and lawful direction is issued by his supervisor.

- Participate in discussions in relation to his workplace performance and/or conduct.

Please provide any further context and/or considerations relating to Mr Shepherd's *work-related psychological injury*?

3. Having regard to your reference to unresolved workplace matters involving line management, please confirm whether Mr Shepherd is medically fit to return to their substantive role under the existing reporting arrangements, including working with and reporting to their current line manager.

4. If Mr Shepherd is not able to return to his substantive role under the existing reporting arrangements, please specify any restrictions or adjustments you recommend, the clinical basis for those recommendations in functional terms, and the anticipated duration and review date.

5. The ECC recommends that Mr Shepherd not undertake complaint-handling duties, can you please clarify what specific activities are encompassed within “complaint handling” does this restriction relate to receiving complaints, documenting complaints, redirecting complaints, resolving complaints, or all complaint-related interactions.

For consideration in responding to this question, established process for client complaints received by Switchboard employees is for immediate escalation and management by the Health Service Client Liaison Officer and/or Manager, Switchboard Services.

6. In your medical opinion is Mr Shepherd able to fulfill the full inherent requirements of his Role Administration Officer – Switchboard Services (**Attachment 2**) *without* restrictions or modifications to duties?

7. Your report states Mr Shepherds “working memory is affected under stress”. Could you please clarify what this means in functional terms in the workplace, including:
- a. how this may affect their capacity to perform their substantive duties under normal workplace demands;
 - b. the types of circumstances likely to cause this difficulty;

8. Are there specific tasks, situations, or environments (e.g., high-pressure settings, shift work, patient acuity) that may exacerbate Mr Shepherd’s condition or symptoms?

9. If we are not able to accommodate the restrictions you have recommended, is Mr Shepherd able to safely return to the workplace?

Please include your practice details/stamp here

Metro South Health

Logan and Beaudesert Health Service

Mr Cory Shepherd
12304/3113 Surfers Paradise Blvd
SURFERS PARADISE QLD 4217

Dear Mr Shepherd

I refer to your employment as an Administration Officer (**AO**), Switchboard Operations, Corporate Services, Logan Hospital (**LH**), Metro South Health (**MSH**) on a Permanent Full-time basis 76 hours per fortnight and your recently completed Employee Capabilities Checklist (**ECC**) (**Attachment 1**) completed by Dr Day Hong Ma on the **3 July 2026** which was provided to us to facilitate a Return to Work Plan.

I am seeking further clarification from Dr Day Hong Ma, to understand the nature of some of the restrictions stated in the ECC and how this relates to your current medical condition/s and the effect they have on your ability to perform the inherent requirements of your role Administration Officer (**AO**), Switchboard Operations, Corporate Services (**CS**) Logan Hospital.

I require further information from your general practitioner to confirm:

- The impact of your medical condition and/or disorder on your ability to perform your role;
- Any risks to your health and safety in undertaking the role;
- Any other matters that are considered relevant to your medical condition and/or disorder.

You may choose to:

1. Obtain this information from your medical practitioner on the attached '*Request for Medical Information*'; or
2. Provide Metro South Health permission to obtain this information directly from your medical practitioner. An authority form is attached should you prefer this option. Please let me know if you prefer this option.

We are requesting this information in accordance with the provisions of the Human Resources (**HR**) Policy G3: Reasonable Adjustment, and sections 17 and 19 of the *Work Health and Safety Act 2011*. This information will primarily be used for the purposes of better understanding your condition and to support the implementation for appropriate controls within the working environment or any other reasonable adjustments.

I ask that you please return the applicable document within **seven (7) calendar days** of receipt of this letter. This will enable me to give proper consideration to your requested restrictions to duties and determine what accommodations we can provide. If you do not return the document within this timeframe or seek a reasonable extension, I will make a decision regarding your ability to perform your role based on the available information.

Better together

MSH will meet your reasonable costs of preparing this report and we appreciate your assistance with this request. Please send invoices to **Michelle Harrison**, Injury Management Consultant, Human Resources, Logan and Beaudesert Health Services via email at lbh.InjuryManagement@health.qld.gov.au.

Employee support

I acknowledge this may be a difficult time for you. I would like to take this opportunity to also advise you of the Employee Assistance Program. This is a confidential counselling service which is free of charge to all employees of MSH for up to six sessions per calendar year. Access to this service is by self-referral.

Should you wish to access Employee Assistance, please contact TELUS Health on 1800 604 640, or for Aboriginal and Torres Strait Islander support, please contact TELUS Health on 1800 816 152.

More information about the support TELUS Health can provide can be found out their website <https://app.one.telushealth.com/> or by downloading the free TELUS Health One app. You can log on to both using the following credentials:

Username: mshhs
Password: mshhs

Questions

If you have any questions in relation this correspondence or the process, please contact **Michelle Harrison** Injury Management Consultant, Human Resources, Logan and Beaudesert Health Service via email at lbh.InjuryManagement@health.qld.gov.au or Ph: (07) 3542 2744.

Yours sincerely,

Scott Hughes

Employee Capability Checklist – Cory Shepherd

*** Please note that a separate medical certificate is also required to support the completed Capability Checklist.*

Information provided in the Capability Checklist below will assist our Organisation to determine appropriate tasks in the event that the identified worker is cleared for suitable duties. Please ensure that all sections of the Capability Checklist are completed in full.

I have examined Cory Lea Shepherd (DOB 11 January 1991) and consider that they are diagnosed with the following condition:

Major Depressive Disorder with anxious distress (DSM-5 296.23) — work-related psychological injury, onset 18 June 2024.

- ☒ I have viewed the worker's Position Description (attached — Administration Officer, Switchboard Services (AO3), Logan Hospital) and/or
- ☒ I am aware of the requirements of their role

It is my opinion that they are fit to resume:

- ☐ Normal duties
- ☒ Modified duties
- ☒ Reduced hours (hours/days)
- ☐ Workplace Performance Discussions

Modified duties relate to:

- ☒ Tasks performed
- ☒ Duration

Hours to be worked

Week 1: 8 hours/day 3 days/week	Week 5: 8 hours/day 3 days/week
Week 2: 8 hours/day 3 days/week	Week 6: 8 hours/day 3 days/week
Week 3: 8 hours/day 3 days/week	Week 7: 8 hours/day 3 days/week
Week 4: 8 hours/day 3 days/week	Week 8: 8 hours/day 3 days/week
(6 shifts per 10-shift fortnight: max 2 weekday day/afternoon + 2 night + 2 weekend shifts — continuation of the reduced pattern Mr Shepherd has sustained since 2025)	

Fit to commence the above from: 3 July 2026 (continuation of existing arrangement)

Date of next review: 28 August 2026 (approximately 8 weeks)

Activity	No capacity	Restricted / As Tolerated	Normal	Details of any restrictions and reasons
COGNITIVE				
Learning new tasks	☐	☐	☒	
Ability to initiate tasks independently	☐	☐	☒	
Understanding instructions	☐	☐	☒	
Carrying out instructions accurately	☐	☐	☒	
Maintain focus/concentration	☐	☒	☐	Concentration reduced during sustained high-stress periods; managed by rostering to lower call-volume shifts.
Executing tasks within a reasonable timeframe	☐	☐	☒	
Working autonomously without supervision	☐	☐	☒	
Prioritising tasks	☐	☐	☒	
Making decisions	☐	☐	☒	
Multi-tasking	☐	☒	☐	Concurrent high-volume demand exacerbates symptoms; suitable on lower-volume shifts.
Memorising information	☐	☒	☐	Working memory affected under stress (treating psychiatrist report 13-Feb-2025).
Working in a high demand environment	☐	☒	☐	Limit weekday day/afternoon shifts — which carry the peak call volume and the majority of complaints — to no more than 2 per fortnight; remaining shifts rostered to the lower-volume weekend (2) and night (2) shifts.
RELATIONAL				
Communicating with internal/external customers	☐	☐	☒	
Working in a team environment	☐	☐	☒	
Handling conflict	☐	☒	☐	No complaint-handling duties: complaints received at the Switchboard are to be logged and redirected to management/the dedicated complaints area, not actioned, resolved or absorbed by Mr Shepherd.
Supervising others	☐	☐	☒	Not a requirement of the AO3 role.
Interacting appropriately with others	☐	☐	☒	
Do you foresee any existing stressors that could impact on a return to substantive role? If so, please provide additional comments:				Yes. (1) Complaint-handling exposure at the Switchboard; (2) being held accountable, and blamed, for failures that are the responsibility of others across the hospital, regardless of where the fault lies; (3) rostering and fatigue-management practices; (4) unresolved workplace matters involving line management. Recommend return-to-work communications and this checklist be managed through the Injury Management Team Human Resources.

Medications

Is the worker currently taking any medication?

☒ Yes

☐ No

Please outline any side effects from medication currently being taken that may impact on a person's functional capacity or task performance (for example drowsiness, dizziness, confusion, impaired concentration, fatigue, slurred speech):

Current medications:

1. Fluoxetine 60 mg mane (3 × 20 mg capsules).
2. Lisdexamfetamine (Vyvanse) 30 mg mane — for cognitive symptoms and focus.

Quetiapine (Seroquel) 25 mg nocte, previously prescribed for rumination and sleep, has been ceased.

Relevant effects on task performance: maintaining a regular sleep routine remains central to symptom management following cessation of the night-time medication. This supports (a) limiting night shifts to no more than 2 per fortnight, (b) predictable rostering published in advance, and (c) a minimum 10-hour break between rostered shifts consistent with the applicable Award and fatigue risk management standards. Residual symptoms include reduced concentration and working memory under sustained high-demand load and fatigue sensitivity.

Additional Comments:

1. Please elaborate on the current medical condition Mr Shepherd is suffering from?

Major Depressive Disorder with anxious distress (DSM-5 296.23), a work-related psychological injury with onset 18 June 2024. Treatment is ongoing (fluoxetine, lisdexamfetamine) under psychiatric care. Residual symptoms most relevant to work capacity are reduced concentration and working memory under sustained high-demand load, fatigue sensitivity, and symptom exacerbation on exposure to the identified workplace stressors (complaint handling; being held accountable and blamed for the failures of others; unpredictable rostering).

2. In your opinion do you feel that Mr Shepherd's current condition is temporary, episodic or permanent in nature? What is the expected duration of the current restrictions?

Episodic, with symptom exacerbation linked to stressor exposure. The restrictions below are expected to remain necessary for at least the next 3–6 months, subject to treatment response and 8-weekly review.

3. Based on your current assessment, what work capacity (including number of shifts, hours, and type of duties) would best support Mr Shepherd's recovery while minimising risk of exacerbation?

Six 8-hour shifts per fortnight (of the ten rostered in a full-time fortnight), comprising:

(a) No more than two weekday day/afternoon shifts. These shifts carry the peak call volume and the majority of complaints — the identified stressors. Retaining two per fortnight maintains graded exposure to the full role and preserves work capacity; the cap prevents multiple high-load shifts accumulating within a fortnight, which is the pattern associated with symptom exacerbation.

(b) Two weekend day shifts. Weekend call volume and complaint exposure are materially lower while the duties are identical, allowing the same work to be performed at an intensity consistent with Mr Shepherd's current concentration and working-memory capacity, and preserving a normal sleep-wake cycle.

(c) No more than two night shifts at this stage. Night shifts are low in volume and complaints, but a stable sleep routine is central to symptom management following cessation of the night-time medication; capping nights protects that routine and limits cumulative fatigue. This cap is suitable for reassessment at review.

This reduced pattern of approximately six shifts per fortnight is the pattern Mr Shepherd has in fact worked and tolerated over the past twelve months without deterioration, and maintaining rather than increasing it best supports recovery while minimising risk of exacerbation. Usual switchboard operational duties remain suitable; complaint-handling duties are excluded as below.

4. Are there any specific workplace modifications or supports you would recommend (e.g. reduced workload, predictable rostering, supervision level, reduced exposure to stressors) to assist Mr Shepherd during this period?

(a) No complaint-handling duties — complaints received at the Switchboard to be logged and redirected, not actioned or resolved by Mr Shepherd; (b) predictable rostering published in advance, with a minimum 10-hour break between shifts consistent with the Award and fatigue risk management standards; (c) return-to-work coordination and correspondence through the Injury Management team, Human Resources; (d) access to EAP (TELUS Health) as an available support; (e) review in approximately 8 weeks.

Please complete this form and return to the Injury Management team, Logan & Beaudesert Health Service, Human Resources by email lbh_injurymanagement@health.qld.gov.au

Administration Officer, Switchboard Services (RD)

Job Ad Reference:			
Status:	Administration Officer, Switchboard Services		
Unit/Department:	Switchboard, Corporate Services		
Location:	Logan Hospital, Metro South Hospital and Health Service		
Contact:	Chloe Taylor (07) 2891 9190	Salary range:	
Classification:	A03	Closing date:	
Online applications:			
Email applications:	Chloe.taylor3@health.qld.gov.au		

****Applications from third parties will not be accepted****

Purpose of the role

To provide a highly effective and efficient communication service to the public and staff of the Logan Hospital within Metro South Hospital and Health Service.

The occupant of this position is required to work continuous shift work over the full 24-hour period, 7 days a week

Your key responsibilities

- This position reports to the Switchboard Manager, Corporate Services, Logan Hospital.
- Attend courteously to all telephone enquiries and clients' requests, displaying tact, diplomacy and interpersonal skills of a high standard when dealing with the public and members of staff. Maintain call queues to minimum at all times.
- Collate information and maintain Omnivista database and SharePoint to ensure information held within Switchboard Services is accurate and appropriate.
- Provide a service to support hospital staff in the allocation, coordination, and fault repair of all pager units for the hospital. This includes allocating pagers to hospital staff and submitting paging units for repair, maintaining database and registers with accurate and current information.
- Participate in the Emergency Response process by receiving emergency response notifications and distributing them to the appropriate response groups, dependent on the category of emergency, as per emergency code procedures, strictly adhering to protocols and timeframes.
- Ability to communicate at all levels and effectively establish and foster networks throughout the hospital to maintain accurate and current records for effective switchboard operations.
- Maintain discretion and exercise judgement where necessary to resolve problems within the scope of your role; in situations where precedence have not been set and procedures not defined.
- Interact in a sensitive, timely, effective, and appropriate manner with members of the general public and service providers, maintaining strict confidentiality at all times.
- The ability to multitask and operate under pressure, particularly where high volume call traffic is concerned.
- Contribute to a cohesive team environment by sharing information, supporting and assisting colleagues in a proactive manner.
- Ability to work effectively as an individual with limited supervision to meet deadlines and establish work priorities, and work as a member of a multi-disciplinary team in a changing environment.
- Ensure patients and other staff are treated fairly and with mutual respect and understanding, regardless of cultural, religious, ethnic and linguistic backgrounds, gender, identity, ages or abilities.

- Follow defined service quality standards, occupational health and safety policies and procedures relating to the work being undertaken to ensure high quality, safe services and workplaces.

Mandatory qualifications, professional registration and other requirements

- The position is a continuous shift working role. You must be able to work a roster which covers multiple shifts over a 24/7 period.
- Intermediate / advanced computer skills.
- Recent experience in the operation of a switchboard is desirable but not essential.
- **Vaccine Preventable Disease (VPD):** It is a condition of employment for this role for the employee to be, and remain, vaccinated against the following vaccine preventable diseases during their employment ([Health Employment Directive No. 01/16](#)):
 - measles, mumps, rubella (MMR)
 - varicella (chicken pox)
 - pertussis (whooping cough)
 - hepatitis B
- It is a condition of employment for this role for the employee to be, and remain, vaccinated against COVID-19 ([Health Employment Directive No. 12/21](#) and [Queensland Health Human Resources Policy B70](#)).

Are you the right person for the job?

How we do things is as important as what we do, therefore within the context of the responsibilities described under 'Your key responsibilities,' the ideal applicant will be someone who can demonstrate the following:

Communicate Effectively	▪ Strong communication and negotiation skills to understand customers' needs. Demonstrate respect, courtesy and fairness when interacting with patients, clients and colleagues.
Team Focus	▪ Value diversity of thought and include everyone within the team. Actively support a culture of diversity, trust, support and inclusion.
Technical Skills	▪ Intermediate / advanced computer skills.
Change & Quality Focus	▪ Be open to new ideas and approaches and be adaptable in the face of change. Support and participate in change initiatives. Follow procedures and processes understanding implications within a health care setting.
Work Ethics	▪ Be honest, ethical and professional. Work within boundaries of role.

How to apply

Please provide the following information to the panel to assess your suitability:

- A short written response (maximum 1-2 pages, dot points acceptable) on how your experience, abilities, knowledge and personal qualities would enable you to achieve the key responsibilities and meet the skill requirements of the role.
- Your current CV or resume, including two referees. You must seek approval prior to nominating a person as a referee.
- Late applications cannot be submitted online. For a late application to be considered, please arrange approval and submission via the contact person.
- Applications will remain current for 12 months or for the duration of the vacancy. Future vacancies of a temporary, full time and part time nature may also be filled through this recruitment process.
- Only those persons eligible to work in Australia may be employed by Queensland Health. Prospective employees are required to provide proof of identity and documentary evidence of their [right to work in Australia](#).

We are Metro South Health

We are the major public healthcare provider for Brisbane's south side, Logan, Redlands and the Scenic Rim. We operate five major hospitals and a range of community, specialty and state-wide healthcare services. We are renowned for teaching and research excellence.

We are truly dedicated people who care about our community. We come to work to make a difference. We save lives, changes lives and make the world a better place. We overcome the many challenges that come our way by going above and beyond and achieve the best possible outcomes by working together. We are bold, innovative, collaborative, inspiring.

We are part of and proud of the community we serve. We are *better together*.

Our values

Our values of Integrity, Compassion, Accountability, Respect, Engagement and Excellence, shape our culture. Our values guide our day-to-day decision making and are fundamental to what we care about as a health service, how we behave, how we interact with each other and provide care to the many patients who come through our doors every day.

INTEGRITY

We are authentic, truthful, and transparent, and strive for equity for all.

COMPASSION

We care for one another and ourselves with empathy, kindness and support.

ACCOUNTABILITY

We are accountable for our decisions, actions and behaviour.

RESPECT

We foster an environment of safety, civility, and inclusion.

ENGAGEMENT

We are one team working together to achieve our best outcomes.

EXCELLENCE

We empower each other and inspire innovation to deliver excellence.

Diversity and inclusion

We are the most culturally diverse area of Queensland with 28.5% of the community born overseas and 16% from non-English speaking countries. Our employees proudly reflect the community in which they work. At Metro South Health 20.5% of staff identify as coming from non-English speaking backgrounds.

Having a workforce that reflects and understands the needs and expectations of our community is important to delivering safe, kinder, and more inclusive care.

We recognise our strength comes from the diversity of our people and so we encourage people of all genders, ethnicities, ages, abilities, languages, sexual orientation and family responsibilities to apply.

We are committed to creating a diverse and inclusive workplace for our people and our community.

Flexible working arrangements

Metro South Health supports and encourages work-life balance for the mutual benefit of Metro South Health and its employees. Work-life balance is about a person's ability to manage their paid work commitments with their career goals, personal, community and cultural responsibilities. Through flexible working arrangements such as leave, flex time accrual or a reduction in working hours, there is an opportunity to match the individual's requirements with those of the workplace – delivering quality health services.

Additional information

For further information about this opportunity and the benefits and conditions of working at Metro South Health please refer to the **Information for Applicants** document attached with this Smart Jobs advertised vacancy.
