

EMAIL 2 — TO THE RESPONDENT: DIRECTIONS 1 AND 2, AND THE DOCUMENTS NOT ADMITTED

To: Renee.Matheson@oir.qld.gov.au

Subject: WC/2024/227 - Shepherd v Workers' Compensation Regulator - directions 1 and 2, and the documents not admitted

Dear Ms Matheson,

I refer to the Further Directions Order (3) dated 19 August 2026, and to the Regulator's responses and letter of 8 September 2026.

Direction 1. The Appellant's list of names of all witnesses has today been filed in the Industrial Registry and is served with this email.

Direction 2, served and not filed:

- an outline of the evidence to be given by each lay witness, one A4 page per witness, for myself, Mr Cory Harrison-Jones and Ms Patricia Conaghan, in one document behind a contents page; and
- the Appellant's schedule of the medical documents relied upon, which states for each document what it is relied upon for and what it is not relied upon for, together with the pages of those documents under nine tabs (M1 to M9), in one document of 43 pages with the schedule at page 1.

No report has been prepared for the purposes of this proceeding. Dr Ravikumar Bangalore Krishnaiah and Dr Peter Hawes are named at items 2 and 3 of the witness list and will be called.

As to the medical document: pages not relied upon are omitted and each tab sheet identifies them, and entries concerning private medical matters unrelated to the injury are redacted and marked as such. Every document in the schedule is already held by the Regulator at the item of its amended List of Documents dated 14 August 2026 identified there, except the Employee Capability Checklist of 3 July 2026 at item 6, served herewith, and the clinical records of Dr Krishnaiah at item 5, which have been requested and are not yet to hand. Those records will be served on receipt.

I also attach two letters of today's date:

- the first responds to the Regulator's letter of 8 September 2026 and sets out the basis on which the Appellant relies on the facts admitted; and
- the second concerns the five facts not admitted and the fourteen tabs of Annexure A whose authenticity is disputed. It asks the Regulator, for each document listed in its schedule, either to produce or confirm the copy held by it or by Metro South Health, or to admit the authenticity of the copy served. A reply is sought by Friday 18 September 2026.

Yours faithfully,

Cory Lea Shepherd
