Subject: Confirming your return to Logan Hospital Switchboard

Dear Cory

I am contacting you to confirm my understanding that your return to work will take effect from Monday 24 February 2025. My colleague Jacqui and I are communicating with the relevant leaders in Corporate Services (where Switchboard is now reporting) to confirm the practical details of your return. I have suggested a gentle re-introduction during the first week to allow you to be brought up to speed with the relevant changes that have occurred in the workplace while you have been away, as well as to update any mandatory training you may need to complete.

Jacqui and I are also liaising with the relevant leaders to work through the practicalities of getting you back onto the Payroll system and while this won't be immediate, we will certainly endeavour to progress it as swiftly as possible. Other practical elements, such as your roster beyond the first week, will also be worked through as soon as possible.

I understand that you wish to apply for leave on Tuesday 25 February 2025, and I have attached a leave form for your completion.

At this stage we are just waiting for some detail from Corporate Services as to where you will be located on Monday, and we'll confirm that as soon as possible.

In the meantime, could you please reach out to me and Jacqui if you have any questions?

Kind regards
Estelle

Hi Estelle and Jacqui,

Thank you for reaching out and for the opportunity to return to work on Monday. I'm eager to get started and catch up on everything. Please let me know what time you'd like me to come in on the 24th.

I'm looking forward to receiving the upcoming roster. Regarding my leave request, would it be possible to integrate me into the Tuesday night shift instead? I find the night shift more conducive to catching up on modules due to the lower call volume and downtime on the switchboard.

Alternatively, I'm happy to rotate out of the Tuesday shift completely.

If neither of those options is feasible, I understand and can complete a leave form. I'm confident in my ability to quickly catch up with the department's needs, so please don't worry.

Thanks for your support.

Kind regards,

Cory

Hi Cory,

For the first week you will be supernumerary as we do need to re-integrate you back into the workplace after a relatively long break, so you won't be working shifts in that first week. Scott Hughes is the Director of Corporate Services and he would like to welcome you back on Monday, and fill you in on the various updates.

I'm mindful that on Monday morning you won't yet have things like your Logan Hospital ID and proximity access card, so how about I suggest to Scott that he meet you in the Logan Hospital lobby at the front entrance at 7am, and then he can get you settled in.

Regards
Estelle

Good morning Scott,

Recent personal events during my attempts to separate from my partner have been very stressful.
Over the past two months, I have been accessing Telus counseling services to provide evidence of the situation. I believe it is best to mentally recover from the ordeal and take leave until Monday, March 3rd, 2025. I am happy to supply supporting documents upon request. I also have a new phone and can call you today if there is a convenient time.

Kind regards,

Cory

Hi Scott,

I apologize for today; I am currently without my phone due to family issues and complications with my ex-partner while i was moving yesterday. I am seeking complete privacy and unable to use my phone at the moment. However, I am happy to join a Teams meeting or call on my laptop. Additionally, I have a court hearing tomorrow, which has added to the challenges.

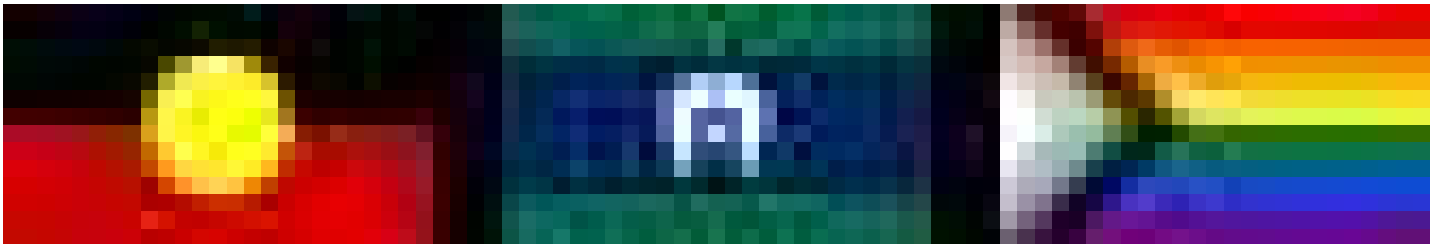

Given these circumstances, I would like to request three days of leave. I look forward to returning to work and will purchase a new phone today. I have attached the leave form. My sincerest apologies.

Kind regards,

Cory

Subject: Seeking Urgent Guidance and an Impartial Review of a Performance Management Process

Attachment F (Letter Initiating Performance Plan).zip

To: Ms. Jacquie Roberts, A/Director, HR Business Partnering

From: Cory Shepherd Date: October 3, 2025

Dear Ms. Roberts,

I am writing to you today to respectfully seek your assistance and professional guidance. I am currently facing the initiation of a performance improvement plan that I believe has been developed without consideration of a serious personal crisis I am navigating, and in a manner that feels adversarial rather than supportive.

I have copied my union representative into this email, and they will be supporting me through this process. My goal is to resolve this constructively, and I am hopeful that your impartial review will help clarify the situation and lead to a fair outcome.

My Good-Faith Effort to Follow Policy During a Crisis

Recently, I found myself in a complex and traumatic domestic violence situation. In order to provide what I feel is uncomfortable private, but necessary context, I have attached documentation confirming this is a formal matter before the courts (see Attachment A).

In line with Queensland Health policy, I confidentially informed my Director, Mr. Scott Hughes,

on March 12, 2025, and requested Domestic and Family Violence Leave to manage the immediate impacts (see Attachment B).

The response I received on March 28, 2025, was deeply concerning. I was incorrectly advised that

as a respondent, I could be "deemed as the perpetrator" and might not be entitled to the leave (see Attachment C). This suggestion is not only in direct contradiction to PSC Directive 03/20,

but it is also contrary to the advice I received from the Queensland Police Service, who advised

me to seek a protection order for my own safety (see Attachment D).

An Adversarial Approach Despite My Efforts to Be Transparent

Following this distressing interaction, the management approach shifted from what I hoped would

be supportive to one of intense monitoring.

Most troublingly, my attempts to provide context have been actively disregarded. The timeline of

events on August 27, 2025, is a clear example:

In advance of a scheduled meeting, I proactively emailed Mr. Hughes' office to offer clarifying

documents, as I felt it was my responsibility to ensure he had all the relevant facts.

Immediately following my offer, the meeting was cancelled by his office (see Attachment E).

Two weeks later, in his letter initiating the performance plan, Mr. Hughes omitted this and inaccurately stated that I was the sole reason meetings had not occurred (see Attachment F).

It is difficult to understand how a fair performance process can be initiated when my attempts to provide crucial information are first declined and then misrepresented.

Seeking a Constructive Path Forward

I am a competent and committed employee navigating an exceptionally difficult period. I believe

the current performance process is unwarranted as it punishes the symptoms of this crisis rather

than addressing the root cause with the support our policies provide.

I would be very grateful for your assistance to get this back on a constructive track. I am seeking:

Your help to pause the performance improvement process so a formal and impartial review can be conducted.

An independent review of how my request for leave and confidential disclosures were handled.

Assistance in correcting my leave balance, which I believe was improperly coded.

The opportunity for you to act as an impartial HR contact to help mediate a fair and supportive

resolution.

Thank you for your time and consideration. I look forward to your guidance.

Sincerely,

Cory Shepherd

Importance: High

This email originated from outside Queensland Health. DO NOT click on any links or open attachments unless you recognise the sender and know the content is safe.

Good morning Scott,

I'm writing to update you regarding the complex and personal legal matter that has unfortunately impacted my availability. Due to legal directions, I've been unable to return home since last week, and my court case has been adjourned with a new date to be advised. I am currently contesting the new directions and other accusations.

I am working closely with my lawyer and again have a meeting with him to resolve this issue as quickly as possible. I sincerely apologize for any disruption this may cause. I am extremely stressed and unable to sleep due this situation.

For the immediate time, I request the rest of the week off until the 17th of March 2025. However, if I can resolve the matter sooner, I would like to get back on board prior to this.

Thank you for your understanding. For further context, I've attached a previous document outlining the situation. Please know that this information is shared with you in strict confidence.

Sincerely,

Cory

Dir 03.20 - Support for Ees affected by DFV.pdf; HR Policy C73 - Support for Ees affected by DFV.pdf; HR Policy E4 - Ees to notify if charged or convicted.pdf;

Hi Cory ,

Thank you for your email and keeping me updated on your situation. Apologies for my lack of response, I have been fully immersed in everything TC Alfred across the Health Service, as you can imagine – and just coming out the other side. Looks like you were unfortunately impacted too.

I am sorry to hear about your ongoing situation, and I can appreciate how it is likely a stressful time for you and appreciate your update in relation to your leave too.

While I normally would prefer to have a face to face catch up with you, as you are currently away, it has made it a little challenging. So please forgive me for highlighting the following via email in the first instance.

I hear you are returning on Monday 31 March 2025, maybe we could organise a time and discuss further then?

I do want to bring you across leave which has been applied for you over your absence from work. To ensure there is no impact to your pay, at this time, other than 18 March 2025 through to 24 March 2025 for which we have a medical certificate, I have applied recreational leave to ensure there is no impact to your pay . However, if this leave type needs to change, this is something we can review and amend if required.

-
Domestic and Family Violence Leave (DFVL).

you made a request to take DFVL for the period **24 February 2025 to 26 February 2025** to support you through some complications with your ex-partner,. You subsequently shared with me you are the respondent in relation to an order against you from your ex-partner. Based on this information, it would appear you may not be entitled to access DFVL. If you are the respondent to such matters, under our policies, you may be deemed as the perpetrator, and approval of DFVL in these circumstances is only applicable in certain circumstances. For your information, I have attached copies of Directive 03/20 – *Support for employees affected by domestic and family violence* and HR Policy C73 – *Support for employees affected by domestic and family violence*, and more than happy to discuss your eligibility of this leave further with you.

As mentioned above, I will apply your recreational leave balances, but this may be subject to change after our discussions.

Along with advising me of the current difficult situation you are facing with your ex-partner, you also let me know you may be charged by the police. I wanted to highlight to you there is a Queensland Health Policy in place which requires you to notify me within 48 if you are charged or convicted with some offenses. The policy I am referring to is HR Policy E4 – *Employees to notify supervisor if charged with or convicted of an indictable offence*. Please make sure you are across your responsibilities and if you need to declare anything or unsure of anything, let me know and I can get further guidance and advice for you,

always best to be on the right side of the policy to make sure you are not breaching any elements, as this may result in disciplinary action.

Ongoing Leave

I have been happy and willing to approve recreational leave for you over the recent weeks, based on your current circumstances and have strived to be considerate of your requests for leave. However, I just need to highlight, requests for recreational leave should ideally be approved in advance as there are many factors Chloe does need to take into consideration when approving recreational leave request, one being operational requirements.

Please let me know if there is anything further I can support you with, and I am pleased to hear you are seeking support from Telus Health. Look forward to seeing you back with the team on Monday.

Regards
Scott

Good afternoon,

Just a gentle reminder that you have been invited to attend a meeting with Scott Hughes tomorrow (2pm) for an opportunity to check in with you to discuss your overall wellbeing including workload, attendance, and any concerns you may have. Chloe Taylor will also be present.

You are welcome to bring a support person or a union representative with you to the meeting. If you could please provide the name of the support person you intend to bring along prior to the meeting that would be appreciated.

Kind regards,

Carla
