Good morning Cory,

I understand you are experiencing financial hardship and need access to funds as soon as possible. I appreciate this is a difficult situation, and I have been working to find a solution for you.

I understand you requested Long Service Leave from 3rd July 2026. However, the system is currently showing that you are not eligible from this date.

Knowing that you are experiencing financial hardship and require funds urgently, I have taken steps to process all available leave balances (S/L and A/L in lieu of S/L) to be paid for PP03 (06/07/2026–17/07/2026). ADHOC PRN 24973005.

I have been advised that this can take up to 48hrs to process, however there is a possibility that the funds may reach you by the end of the day.

I am continuing to work with Payroll to confirm your correct LSL eligibility date and to provide more information. I am hoping to receive this information today and will provide you with an update as soon as possible.

Kind regards,

Chloe

Importance: High

This email originated from outside Queensland Health. DO NOT click on any links or open attachments unless you recognise the sender and know the content is safe.

Dear Jacqui, Chloe and Payroll,

I am addressing this to you, Jacqui, because Chloe has done what she can and Payroll's answer this morning was that an ad hoc payment cannot be processed before 9 September. I have set out below why that is not correct on Queensland Health's own policy, and I am asking you, as the senior HR contact on this matter, to see that it is resolved rather than left to run to the next reply.

Two parts. The attachment has three sections: the seventeen emails that bear on this, each

reproduced once as sent, from 2 July to this morning; two tables, the leave requests and the payment position by fortnight; a copy of HR Policy C13, Payment of salaries and wages; and a copy of Directive 12/24, Special Leave. I refer to both in Part 2.

PART 1 — THE "SICK LEAVE – NO PAY" CODING

I have been asking for leave to be applied correctly since 3 July 2026, and the coding I am objecting to began before that.

Your email of 2 July said that unless I advised otherwise, shifts I had not worked would be processed as sick leave. On 3 July at 2:49 pm you said you would continue to process as "Sick leave / Sick leave no pay" because the leave type had not been confirmed (email 3). At 3:18 pm the same day I confirmed it: annual leave, not sick leave without pay (email 4). "Sick Leave – No Pay" has been applied every day since, and I have asked for it to be corrected on 10 July, 13 July, 28 July, 5 August, 24 August, 31 August and today.

"Sick Leave – No Pay" has been applied to my record from 3 July 2026, the day I was held out of the workplace — and, under your email of 2 July, to the shifts not worked before that date. It was applied against my written instruction of the same day.

This objection was made on the day the coding was first raised with me, before any question of long service leave eligibility arose, and on every occasion since. It is not a request made after the fact. I ask that the coding be corrected from the first date it was applied, and that the correction be made before my long service leave eligibility is recalculated in the audit.

PART 2 — PAYMENT

An ad hoc payment can be made, and it is the process that exists for exactly this situation.

Queensland Health's HR Policy C13, Payment of salaries and wages (QH-POL-188, 23 June 2025), section 8, describes the ad hoc payment process as one that "enables employees to request a payment that was missed or requires correction outside of the regular pay day schedule without waiting for the next "pay cycle". The certified agreement requires pay that is not correct to be corrected in a timely manner (EB12 cl 3.8.1), and the agreed mechanism for that is an ad hoc payment (EB11 cl 3.8.3). One was processed for me on 11 March 2025 (log 4045255). The statement that a payment cannot be processed before 9 September describes the pay cycle. It is not the ad hoc process, and I do not accept it.

The pay that was missed. I was paid nothing on 26 August for the fortnight 3 to 16 August, coded "Sick Leave – No Pay" against my written instruction, and nothing on the three pay days before it. That fortnight is the "most recent prior pay period" in the policy's definition, and it is the payment I am asking for by ad hoc payment now. Process 24926366 covers 17 to 30 August only; I ask that it be confirmed in the 9 September run, but it does not answer the fortnights before it.

What the policy requires of the line manager. Section 2 provides that a line manager, when notified by an employee of an incorrect wage payment, "must take all steps to rectify the error including ... preparing and submitting further forms". I gave that notice on 3 July and on every fortnight since.

The attendance variation form submitted for 17 to 30 August is the corrective form; I ask that the same form be submitted today for 3 to 16 August, and for 3 July to 2 August, with the leave type I have

instructed, and that the ad hoc payment pending under enquiry 4471091 be processed against it.

Section 8 also provides that where an employee is unable to access myHR the line manager can lodge the ad hoc request on the employee's behalf; I could not access myHR until 2 September. The request was lodged on Wednesday 2 September, within the policy's timeframe for payment before the next pay day.

Under section 9 of the same policy I also ask for a review of my pay entitlements from 3 July 2026, since my pay has been continuously incorrect from that date, to run with the leave audit Payroll has opened.

If the ad hoc payment is refused, I ask for the reason in writing, the policy relied on, and the name of the officer who decided it. If it is not resolved locally, I will ask the union to escalate it to the payroll point of contact provided for in the certified agreement (EB12 cl 3.8.2).

Separately, and so that I am paid from here:

1. Long service leave from 13 July 2026, not 4 September. On the dates recorded in the agreement under which I was reinstated, commencement 25 March 2019, reinstatement effective 20 September 2024 with continuity preserved, seven years' continuous service fell due on 25 March 2026, and long service leave was available to me from that date. I have no other leave that could cover the period from 13 July: my recreation leave balance is 51.31 hours. I therefore apply for long service leave on full pay at 76 hours per fortnight from 13 July 2026, continuing until further notice. If Payroll maintains 4 September as the eligibility date, the difference between the two dates is the unpaid coding I have objected to since 3 July, and I ask that the audit resolve it in my favour. In the meantime, and without prejudice: (a) my recreation leave, 51.31 hours, is to be applied

to 3 to 16 August so that the ad hoc payment can be made now, to be re-credited when long service leave is applied from 13 July; and (b) long service leave is to be entered from 4 September at the latest so that it is in the fortnight ending 13 September, and no further "Sick Leave – No Pay" is to be entered from that date.

2. Special leave on full pay from 3 July 2026. There is a third leave type, and it is the one that fits an absence the employer directed. Directive 12/24, Special Leave, applies to every employee covered by the certified agreement (EB12 cl 9.12). Clause 6.1 provides that a chief executive "may approve paid leave for employees for any purpose, with duration appropriate to the purpose of the leave", beyond five days where the chief executive "considers that circumstances warrant" it. Clause 6.5 provides that in determining an application the chief executive "must consider ... the impact on the employee if the requested leave is not approved". Special leave is not debited from any leave account. I applied for it on 28 July 2026 (email 13, point 4) and again on 5 August (email 19), for each day from 3 July on which I was certified fit with restrictions, available, and directed not to attend. The reply of 29 July did not address it, the reply of 30 July did not address it, and no decision has been communicated since. I ask that the application be put to the delegate now, and that I be given the decision in writing, with reasons, including how the clause 6.5 considerations were weighed: the reason is an absence I did not choose; the duration is **62 days** and continuing; and the impact of refusal has been no income since 15 July. If special leave on full pay is approved from 3 July, the recreation leave and long service leave applied for above are to be re-credited in full.

3. Written confirmation of what will be paid on 9 September under process 24926366 — the gross amount, the hours, and the leave types debited —

and whether it was processed at 76 hours or at 0.5 FTE. If at 0.5 FTE, the balance to be adjusted in the next run. The last reduced-hours arrangement ended on 28 June 2026 and nothing has replaced it.

4. The daily "Sick Leave – No Pay" entries. Section 6 of the policy permits a line manager to submit leave on an employee's behalf only where the employee's request for leave is documented in writing and the supporting documents are retained. My written request of 3 July was for annual leave. I ask for a copy of the written request and the supporting documents on which each "Sick Leave – No Pay" entry since 3 July was made.

Everything applied for is on the basis set out in my application of 31 August, paragraph 4, under protest and subject to re-credit. I remain certified fit with restrictions and available to work.

Hi Cory,

Please see the below email from Payroll.

I understand this may be frustrating, particularly in relation to your Long Service Leave. I have requested further information from Payroll regarding why your eligibility date is showing as 04/09/2026, as I appreciate you would like some clarity around this.

Unfortunately, Long Service Leave cannot be backdated & paid prior to the date you become eligible.

I have also confirmed with Payroll this morning on the phone regarding the ADHOC payment for the 17/08/2026–30/08/2026 pay cycle. Unfortunately, this cannot be processed prior to Wednesday 9th September 2026.

I appreciate this may not be the outcome you were hoping for, and I will continue to follow up where I can, to ensure everything is clarified and processed as soon as possible.

Kind regards,
Chloe

Hi Chloe,

You aren’t able to put in LSL leave as Cory’s LSL eligibility date is only from 04/09/2026.

I can see a log has been created for a leave audit, a CSO is currently working on it however still in progress.

Dear Chloe,

Thank you for your correspondence confirming that
all AVAC submissions lodged on 31 August 2026
have been processed.

I have now successfully reset myHR and regained
access to my account. After reviewing the records
available to me, I have been unable to locate any
enquiry, submission, correspondence, or
documentation relating to the AVAC request
associated with PRN 249 863 66.

In addition, I contacted Payroll by telephone today
at 13:24pm and was advised that there is no

information recorded against PRN 249 863 66.

Payroll further confirmed that all AVAC

submissions lodged on 31 August 2026 had been processed on that date.

I was also advised by Payroll that long service leave or where a leave type cannot be processed, or where a request is rejected, the reason is ordinarily identified during the actioning process. In light of this advice, I would be grateful if you could clarify what information or response you are currently awaiting from Payroll in relation to my long service leave application.

Given that I have been advised on two occasions—on 31 August 2026 and again on 2 September 2026—that an enquiry had been submitted, I would appreciate receiving copies of the following:

- The enquiry, submission, or request that you have confirmed was lodged.
- Any correspondence, records, or communications sent to Payroll regarding my long service leave application.
- Any documentation confirming the processing, status, or outcome of the AVAC request.
- Any correspondence relating to difficulties in processing my long service leave, including any advice received as to why the leave could not be applied.
- Any responses received from Payroll concerning my long service leave entitlement or application.
-
- This matter is of considerable importance to me. The ongoing delay in resolving my leave and pay arrangements has caused significant personal hardship, and I am seeking to establish a clear understanding of the steps that have been taken and any outstanding issues that remain.
-

- To assist in resolving the matter with yourself and payroll as quickly as possible, I would be grateful if all relevant correspondence, enquiries, and records could be provided at your earliest convenience.

-

I appreciate your assistance and look forward to your response.

-

Kind regards,

-

Hi Cory,

Thanks for your email.

Regarding your Long Service Leave from 13 July 2026, the system is currently not allowing me to apply the leave requested. I have made enquiries with Payroll and am currently awaiting their advice. I will provide an update once I receive further information.

Please see below your current leave balances as of 2nd September 2026 – Please note that leave balances shown below are prior to AVAC being processed and may therefore change once pay cycle is complete.

Follow up

Dear Chloe,

I am asking for an ad hoc payment to be processed today.

The leave has already been applied and the AVAC processed under PRN 249 863 66, so the entitlement exists, I am asking only that it be paid now rather than held to the next pay run.

I have received no wages since 13 July 2026. That is fifty-one days and three pay runs, and I have already had to give up my accommodation.

I should also mention that I am currently unable to log into MyHR. I cannot submit a leave application, check my balances, or see what has been applied to my record, so I am dependent on you and on Payroll for both the payment and for confirmation of what has been processed. If my access can be restored, I would be grateful and, in the meantime, could the information simply be provided to me by email.

If you cannot raise an ad hoc payment yourself, could you please tell me today who can, and I will make the request to them directly.

Kind regards,

Cory Shepherd

Dear Chloe,

Thank you for actioning this today and for the reference number — I appreciate the quick turnaround.

Four short points so the record is accurate.

1. Leave type. To confirm my application: I did not apply for sick leave — I am not unfit for work, and the Employee Capability Checklist of 3 July 2026 certifies me fit with restrictions. My application was for long service leave and, on its exhaustion, annual leave. Could you please confirm exactly which leave types and how many hours were applied for 17–30 August 2026 under PRN 249 863 66. If any personal or sick leave has been debited, could it please be re-credited and replaced in accordance with my application.

2. Hours. Could the leave please be applied at my substantive hours of 76 per fortnight rather than at 0.5 FTE. The reduced-hours arrangements this year were temporary changes to working conditions: the

most recent, approved on 9 June 2026, had an effective period of 25 May 2026 to 28 June 2026 and was not extended.

No variation has been in force since 28 June 2026, and my pay advice of 12 August 2026 itself records my absence at 76.00 hours for the fortnight. If a different arrangement has been recorded for any period after 28 June 2026, could you please let me know what it is and the document it is based on.

3. The period from 13 July. My application was from 13 July 2026, being the date from which I have received no wages. I understand the long service leave question is with Payroll — thank you for raising it promptly. Once it is resolved, could the leave please be applied back to 13 July 2026 as an adjustment, and the "NP Sick Leave" recorded for the earlier fortnights corrected at the same time.

4. Long service leave — what may assist Payroll. My employment commenced on 25 March 2019, and my reinstatement in February 2025 took effect from 20 September 2024 with continuity of service preserved. I therefore reached seven years' continuous service on 25 March 2026 and am entitled to take long service leave under clause 22(c) of the Award. If the system is showing a later continuous service date, it may not have been corrected following my reinstatement — that would explain the error, and Payroll can verify it against my record. I have separately written to Payroll today about my service record and leave balances. Could you also confirm that the payment for 17–30 August will be processed urgently?

For completeness, everything actioned today, and any adjustments, remain on the basis set out at paragraph 4 of my email this morning — under protest and subject to re-credit.

Thanks again, Chloe.

Good afternoon Cory,

Thank you for your email. I have applied your S/L and A/L in lieu of S/L for your absence from the workplace through an AVAC as requested, for the past fortnight 17th August 2026 – 30th August 2026. As you are on reduced roster 0.5 FTE, I have applied the leave as per reduced shifts - PRN 249 863 66

About your long service leave from the 13th July 2026 - the system is currently not allowing me to apply LSL, so I have made enquiries with Payroll to understand why this may be and I will get back you as soon as I have an update.

**This email originated from outside Queensland Health.

Dear Chloe,

I am writing to apply for leave and to ask that the AVAC be processed today. I have copied Jacqui Roberts.

1. MY POSITION

I have not been working since 3 July 2026. I have received no wages since 13 July 2026.

On 3 July 2026 Dr Ma completed the Employee Capability Checklist on Metro South's own form. It certifies me fit with restrictions and records that usual switchboard operational duties remain suitable. I have remained ready and available to work within those restrictions throughout, and I remain so now.

My pay advice of 12 August 2026, for the fortnight 20 July to 2 August 2026, records me as on "NP Sick Leave" for 76 hours with gross pay of \$0.00. I did not apply for sick leave and I am not unfit for work.

2. WHAT I APPLY FOR

In the interim, and so that my entitlements can be processed, I apply as follows:

- Long service leave, on full pay, from 13 July 2026 being the date from which I have received no wages through to the current date and continuing; and
- when my long service leave entitlement is exhausted, annual leave, to commence immediately from that point and to continue until further notice.

To the extent that any absence over that period has already been recorded as unpaid sick leave, I ask that the coding be corrected and replaced with the leave applied for above.

I confirm I am not applying for personal leave, as I am not unfit for work.

3. THE AVAC

I ask that the AVAC be submitted and processed today, and that I be given the reference number once it has been done, together with confirmation of the pay run in which the payment will be made.

I ask this because of the financial position set out below, and because the cut-off for the next available pay run is imminent.

4. THIS APPLICATION IS MADE UNDER PROTEST, AND SUBJECT TO RE-CREDIT

This application is made under protest and without prejudice to my position, and on the following express basis:

- I remain ready, willing and able to work within the restrictions recorded in the Employee Capability Checklist of 3 July 2026, and I have been since 3 July 2026;
- I apply for this leave only because I have received no wages since 13 July 2026 and no payment has been made to me in the interim;

- my concerns regarding pay, the leave debited since 3 July 2026, and the adjustments recorded in the Employee Capability Checklist of 3 July 2026 remain unresolved and in dispute, and nothing in this application resolves, waives or narrows any of them; and
- I ask that the leave taken under this application be re-credited to me in the event that wages are paid, or found payable, for any part of the same period, or in the event that the recording of my absence over that period is later corrected or determined otherwise.

I make this application on the understanding that it does not prevent that outcome, and I reserve my position in full.

5. FINANCIAL HARDSHIP

I want to be plain about why I am asking for this to be done today rather than in the ordinary course.

I have had no income since 13 July 2026. As a consequence I have had to give up my accommodation. I am not raising this to make a point; I am raising it because it is the reason for the urgency, and because I would rather tell you than have it become apparent later.

If there is any mechanism available for an urgent or off-cycle payment in cases of financial hardship, I would be grateful if you could tell me and I will apply for it.

6. IF ANY PART OF THIS CANNOT BE ACTIONED

If any part of this application cannot be actioned today, could you please let me know today which part, and why, and when it will be actioned. A short note is entirely sufficient.

Thank you for your assistance.

Kind regards,
