

Creating an Other Employee Expenses claim

Expense Claims - Claimant Quick Reference Guide

Overview of submitting an expense claim

	Prepare the documents required to support your claim. See the Attachments Guide to ensure you have the necessary documents.
	Log in to ExpenseMe Pro from the QHEPS home page .
	Create an expense claim and enter the high-level details.
	Select the expense type and enter the related information. See the Expense Type Guide for guidance on selecting the appropriate claim type.
	Attach your PDF documents to support your claim.
	Submit your claim.

Create the expense claim

1. Log in to ExpenseMe Pro. For instructions on logging in, see the Quick Reference Guide – [Logging in to ExpenseMe Pro](#).
2. Select **Create Expense Claim** from under New Actions on the ExpenseMe Pro Home Page.

3. Update the following fields:
 - **Purpose** – enter a brief and clear description of the expense you are claiming,
 - **Purchase Date** – use the calendar tool to select the date displayed on the tax invoice or receipt received from the business or supplier,
 - **Merchant** – enter the name of the business or supplier, for multiple merchants enter *Various*,
 - **Description** – enter a brief description of the claim,
 - **Tax receipt** – select to indicate a tax receipt will be attached,
 - **Price** – enter the amount of the receipt/s or claim,
 - **Tax Code** – leave blank, this will be automatically populated,
 - **Invoice No** – enter the tax invoice or receipt number, enter *Various* if required.

The Description field has 50-character limit and information entered here will display as the payment reference on your remittance advice.

4. Select the **Expense Type** field to display a listing of expense types.

- Select **OTH – Employee Expense**, then select **Other**.

OTH - Employee Expenses	
Conf/Course Reg	Conference/Course Registration Fees
Onsite Training	Onsite Training
Other	Other Employee Expenses
Subs/Membership	Subscriptions/Membership Fees
Uniforms/PPE	Uniforms and Personal Protective Equipment

Expense types that display  icon indicates a form will open in a new window/s for you to complete. Expense types without this symbol require only the fields on the main screen to be completed.

- Review and update costing information if required.

The Company and Cost Centre fields are populated according to your HRIS/SAP Cost Centre, the GL Account and Tax code are populated according to the Expense Type selected.

The GL Account cannot be edited. However, other costing information can be changed or added as required. Whether changing or adding information always enter information in the fields from left to right to ensure your changes save correctly. For more information see Quick Reference Guide – [Understanding and updating costing information](#).

Attach supporting documentation

To successfully submit a claim for this expense, you *must* attach the following support documents:

- Approval for expenditure
- Tax invoice or receipt

You *must* attach the required documentation to support your claim. For information on the minimum requirements for each Expense Type see the [Attachment Guide](#).

Please note that PDF is the preferred document format for your supporting documentation and there is an upload limit of 10MB per file. You may attach files individually or combine multiple into one PDF file.

1. Select the **Attachments** paperclip icon underneath the Purpose field.

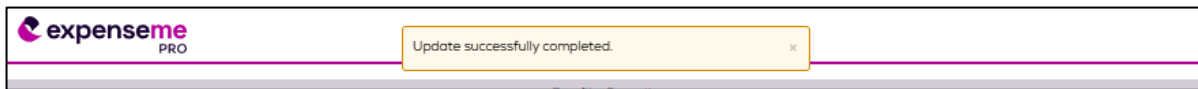

2. Select **Upload** to open the File Attachments window.

3. Select **Choose File** from the File Attachments window.

4. Enter a short **Description** for each document uploaded. This will be the identifier for each of the files attached to your claim.

5. Select **Update Changes**.
6. Repeat selecting files, adding a description, and selecting Update Changes until all required documentation has been uploaded.

- Once you have finished uploading files and receive a notification advising *Update successfully completed* you can close the window.

- To confirm that all your attachments have been uploaded:
 - Check the number displayed next to the **Attachments** heading. This indicates how many files have been added.
 - Selecting the **Attachments** paperclip will display the **Attached Files** list on the right.

The screenshot shows the "Expense Header" and "Item Details" sections of the expenseme interface. The "Attachments (2)" field is highlighted with a red box. To the right, a sidebar shows the "Attached Files" list, also highlighted with a red box. The "Attached Files" list contains two entries: "Mgr approval" and "Receipt", each with a corresponding PDF file and a "Detach" button. Below this is an "Unattached Files" section which is currently empty.
