Hi Cory,

I just wanted to check in to see how you are doing and how things have been progressing for you. I know you had a scheduled appointment with your doctor yesterday as per text message sent on Monday 29th July.

Did your doctor give you any indication when the required documentation will be completed? Until we receive appropriate medical clearance, including a completed Employee Capacity Certificate (ECC), we are unable to facilitate your return to work, please wait for my advice to when your next returning shift will be. Unless you advise me otherwise, I will process your shifts that you have not worked as Sick Leave – Please confirm by Friday 3rd July before 2:00pm.

Kind regards,
Chloe

Hi Chloe,

Thanks for that. As the time off was due to my medical condition and my paid sick leave is exhausted, could you please process the balance as annual leave rather than sick leave without pay.

On returning the completed Employee Capability Checklist went to the Injury Management team today. It certifies me fit to resume from 3 July 2026. Could you please confirm I'm right to attend, or otherwise let me know my next returning shift.

Kind regards,
Cory

Subject: Re: Cory Shepherd_ECC further information

Good morning Ms Forrest,

Thank you for your email of 7 July 2026, which I have only now had the opportunity to consider. Apologies for the delay in responding.

I am certified fit to return to work from 3 July 2026 and am ready and available to return. The ECC records the same reduced work arrangement I have performed for approximately the past twelve months. That arrangement is not new; it is now formally documented by my treating practitioner.

I note that the adjustments identified in the ECC appear to be accommodated by existing practice. Your email confirms that Switchboard operators are not expected to manage or resolve consumer complaints, and that current rostering provides more than 10-hour breaks between shifts and is published in advance. Together with my existing shift arrangement, this appears to address the recommendations in the ECC.

I ask that my return to rostered shifts be facilitated, with any remaining clinical clarification obtained in parallel.

Regarding the further information requested:

Workplace matters: These matters are the subject of proceeding WC/2024/227 before the Queensland Industrial Relations Commission. The Health Service is legally represented through Metro South Legal Services, reference K-LM26/729. I will not provide further particulars through this return-to-work process. Any questions about those matters should be directed to Metro South Legal Services.

Clinical recommendations: The recommendations are those of Dr Day Hong Ma. I am not able to interpret or expand on clinical recommendations. If clarification is required, I consent to the Health Service contacting Dr Hong Ma directly, limited only to my present work capacity and the recommended adjustments.

Report dated 13 February 2025: I do not consent to providing this report through this process. It contains sensitive information beyond what is necessary to implement the ECC recommendations. My present fitness for duty is addressed in the ECC and may be clarified by Dr Hong Ma if required.

If the Health Service decides not to roster me pending its assessment, please confirm that these shifts will be treated as paid time and will not be deducted from my leave, as I am certified fit and available to work.

I remain available to commence at my next rostered shift.

Kind regards,
Cory Shepherd

Subject: Re: Cory Shepherd_ECC further information (MSH-INJ-5795)
Good afternoon Michelle,

Thank you for your email. Four matters in response.

1. QSuper. I must correct the position stated in your email. I no longer have an active open QSuper Income Protection claim; that claim is now closed. In any event, the supporting medical documentation could only support a partial payment at most: I am not totally incapacitated. I am certified fit for my existing arrangement. There is no income protection payment that could respond to the present situation, in which I am receiving no shifts at all.

My current loss of income arises from the Health Service's decision not to roster me — which your email itself confirms ("we are unable to support a return to work at this time") — and not from my capacity for work. There is accordingly no income support available to me from that source.

2. Pay. My request, made in each of my previous emails — that rostered shifts during this employer-directed period be treated as paid time and not deducted from my leave — has not yet been answered. Given the above, I ask again. If the Health Service's position is that these shifts will be unpaid or deducted from my leave, could you please confirm that in writing, together with the basis for it, so that I can consider my position.

3. Interim alternative duties. Separately, should the Health Service require further time to assess my return to the Switchboard, I note that I also bring prior skills and experience from within Metro South Health, including in the finance department and in scanning/records. I am ready and willing to perform suitable interim duties of that kind, within my certified capacity, as an alternative to remaining off work unpaid while the assessment is completed. This offer is made to my substantive Switchboard position and certified arrangement, to which I remain ready to return. I would welcome a discussion about how my experience can be used to the benefit of the Service in the interim.

4. Dr Ma. My consent for the Health Service to contact Dr Day Hong Ma for clarification, limited to my present work capacity and the recommended adjustments, stands. As I have now been held out of work since 3 July while certified fit, could you please send any questions to Dr Ma promptly, copy me for my records, and advise the timeframe within which my return will be decided once his response is received.

I remain certified fit, ready, and available to work my rostered shifts.

Kind regards,
Cory Shepherd

Dear Michelle / Injury Management / HR,

I refer to your correspondence and Switchboard management correspondence between 2 and 15 July 2026, including:

- Chloe Taylor, 2 July 2026 — unable to "facilitate" return until a completed ECC; shifts processed as sick leave / sick leave no pay; • my provision of the completed Employee Capability Checklist (ECC) of 3 July 2026 (Dr Day Hong Ma) while I was rostered and working; • the same-day direction

that I not attend "pending review"; • Injury Management correspondence of 7–13 July 2026 that restricted duties could not be facilitated without further medical clarification from Dr Ma; • your email of 13 July 2026 to ART that Metro South Health was unable to facilitate my return under the ECC (MSH-INJ-5795 / CLM-317073); • your email of 15 July 2026 (13:10) — pay sits with QSuper because of a "current" IP claim; alternative duties refused "in any capacity"; WCRA rehabilitation limited to accepted claims; return at employer discretion; further medical about psychosocial risk to my return; and • leave coding as "income protection no pay" from 13 July 2026.

I remain ready, willing and able to work within the 3 July 2026 ECC. I do not abandon my employment. I am taking industrial advice through Together Union.

I am an HHS administrative employee. The industrial framework that applies is attached. Please respond by reference to each attachment.

ATT13 — QH-POL-231 Special leave (HR Policy C7)
ATT14 — Administration Officer, Switchboard Services (AO3) Role Description

FACTS

The 3 July 2026 ECC certifies me fit for modified duties and reduced hours from 3 July 2026 as a continuation of the existing arrangement. The doctor viewed the AO3 Switchboard position description (ATT14) and recorded that usual switchboard duties remain suitable with stated

modifications (including no complaint-handling; limits on peak weekday day/afternoon shifts; predictable rostering; minimum 10-hour break). I was performing work

consistent with those limits when I provided the ECC. The same-day direction not to attend disrupted that work. The 28 August 2026 date on the ECC is a review of restrictions — not the start of capacity.

WHAT HAS BEEN WRONGLY APPLIED

1. "Current QSuper Income Protection claim" → ordinary pay sits with ART (your 15 July email)

Wrong application.

- An IP file is not ordinary wages for a permanent employee who is certified fit, ready and available, and directed by the employer not to attend.
- On the material available to me notified by employee (myself) May 2025 and February 2026 and now 3rd July 2026 certification of that partial capacity, ART put benefit payments are not applied from 1 June 2026. Treating the Fund as presently replacing ordinary pay is incorrect on that record. Partial capacity and partial payment does not dislodge this framing.
- IP administration is separate (Mr Zappia). It does not displace ATT02 EB12 cl 6.1 (employment security) or ATT02 EB12 cl 7.1.5(g)–(h) (injury management; management of ill or injured employees).
- Coding "IP no pay" while held out after an ECC is not a correct application of ATT02 or of ATT12/ATT13 (special leave).

2. WCRA rehabilitation only if accepted claim; return purely at "employer discretion" (your 15 July email)

Wrong application.

- Even if WCRA statutory rehab is limited to accepted claims, that does not exhaust your duties under ATT02 (EB12), ATT03 (HHS Award), ATT10 (QH-POL-210) and ATT09 (QH-IMP-401-5).
- ATT10 applies to all Queensland Health / HHS employees and includes temporary reasonable adjustment for rehabilitation/RTW and for capacity restriction — not only accepted workers' compensation claims.
- ATT02 EB12 cl 7.1.5 requires the parties to address injury management, management of ill or injured employees, fatigue, psychosocial issues and the Code of Practice 2022 (ATT05), and security for administrative staff in frontline positions.
- "Discretion" does not correctly authorise indefinite exclusion, refusal of interim duties "in any capacity," and non-payment without applying ATT09, ATT10 and ATT02 Parts 6 and 7.

3. Further medical framing me as the psychosocial risk before return "in any capacity" (your 13–15 July emails)

Wrong application of ATT05 and ATT02.

- ATT05 and ATT02 EB12 cl 7.2 require assessment of psychosocial hazards in the workplace and work system (including workplace risk assessments as requested through an HCF by employer or union).
- The 3 July ECC already identifies workplace stressors (complaint-handling; blame for others' failures;

rostering/fatigue; unresolved line-management matters). Those are workplace issues under ATT05 and ATT02 cl 7.1.5(j) and 7.2.

- Framing psychosocial risk as a personal barrier inside Injury Management / QSuper misapplies ATT02 cl 7.2 and cl 7.1.11 (feedback when WHS matters are raised).
- Workplace psychosocial issues I have raised over more than two years are not properly dealt with by indefinite IM hold-out. That process is not the correct forum under ATT02 cl 7.2.
- I will cooperate with reasonable medical requests that are specific and linked to identified job tasks under ATT14. Open-ended further medical is not a correct precondition to all duties where ATT14 and the ECC already define capacity I have been performing.

4. "Unable to facilitate" / no alternative duties (Chloe 2 July; your 13–15 July emails)

Wrong application of ATT09, ATT10 and ATT02.

- Chloe's 2 July email made facilitation conditional on a completed ECC. I provided that ECC on 3 July while working. Facilitation was then refused and I was directed

off — the opposite of facilitating return on the medical basis required.

- The ECC states fit from 3 July as continuation of the existing arrangement and that usual switchboard duties remain suitable with modifications against ATT14. Refusing all duties "in any capacity" does not correctly apply ATT10, ATT09 or ATT02 cl 7.1.5(f)–(h).
- Correct application requires identifying any specific duty and restriction said to be incompatible, what modification was considered, and what was rejected — not a blanket refusal.

5. Leave coding as sick leave / sick leave no pay / "IP no pay" while certified fit and directed not to attend

Wrong application of ATT02, ATT12 and ATT13.

- From 3 July 2026 the relevant absence is employer-directed while I am certified fit and available. That is not ordinary sick leave for that period.
- "IP no pay" is not the correct industrial answer under ATT02 when the employer has directed me off after an ECC.
- ATT02 EB12 cl 9.12 provides that Directive 12/24: Special Leave (ATT12) applies to employees covered by the Agreement. ATT13 QH-POL-231 (C7) also applies.
- Special leave under ATT12 and ATT13 must be applied for employer-directed exclusion while I am ready, willing and able within the ECC. Where the only barrier is refusal to facilitate certified duties, special leave on full pay (or ordinary pay as if at work) must be applied. Please correct coding and identify the delegate and instrument for each day from 3 July.

6. Treating 28 August 2026 as if capacity only starts then

Wrong application of the ECC itself.

- 28 August 2026 is the next review of restrictions. 3 July 2026 is the date fit to commence the certified

arrangement. Capacity is certified now.

WHAT YOU MUST APPLY

ATT02 EB12 cl 6.1 — employment security

ATT02 EB12 cl 7.1.5 — injury management; ill or injured employees; fatigue; psychosocial issues + ATT05; admin frontline security

ATT02 EB12 cl 7.2 — psychosocial risk assessments of workplaces

ATT02 EB12 cl 7.1.11 — feedback on WHS matters

ATT02 EB12 cl 9.12 + ATT12 + ATT13 — Special Leave

ATT03 — hours, breaks and rostering with the Agreement

ATT09 — workplace rehabilitation / RTW pathway

ATT10 — reasonable adjustment (including temporary adjustment and capacity restriction)

ATT05 — workplace psychosocial risk

ATT14 — task match to the AO3 role the doctor viewed

REQUESTS — PLEASE RESPOND IN WRITING WITHIN 5 BUSINESS DAYS

1. Facilitate my return under the 3 July 2026 ECC (or a written suitable duties plan implementing it: start date, hours, location, tasks, review date) by applying ATT09, ATT10 and ATT02 cl 7.1.5.
2. Complete a task-by-task match of ATT14 to the 3 July ECC. If you maintain you cannot facilitate, identify each restriction and duty and what was considered and rejected.
3. Be specific about any further medical still said to be required: exact questions; which ATT14 job task each relates to; what on the existing ECC is said to be insufficient.
4. Apply special leave under ATT02 cl 9.12, ATT12 and ATT13 for employer-directed days from 3 July while certified fit and available; correct "IP no pay" / sick no pay coding; identify delegate and instrument.
5. Confirm ordinary pay treatment for periods I was ready and available within the ECC but directed not to attend.
6. Confirm compliance with the direction not to attend is not abandonment or unauthorised absence (ATT02 cl 6.1).
7. Arrange a workplace-directed psychosocial risk assessment under ATT02 cl 7.2 and ATT05.
8. Identify the decision-maker for facilitation, suitable duties, special leave and pay, and the instrument for the 3 July direction not to attend.

I will continue to provide reasonable medical information directed to placement and safety. Please make further requests specific and linked to ATT14 tasks.

My QIRC appeal WC/2024/227 is separate. ART/QSuper is being addressed with Mr Zappia.

I look forward to your written response and a meeting date to facilitate return under the attached agreements and policies.

Yours sincerely,

I have made it a separate document so there is no question about what it is or when it was received.

For payroll purposes, the short position is: I do not consent to my recreation leave being applied, and I have asked that the period be coded as special leave on full pay instead. The detail is in the attachment.

Good afternoon Jacqui,

Thank you for your time this week. I have three brief matters to raise.

First, I wish to withdraw the Stage 2 grievance referral. My preference is to work through the outstanding issues directly with you. To be clear, I am withdrawing the referral only. My concerns regarding pay, the leave debited since 3 July 2026, and the adjustments contained in the Employee Capability Checklist dated 3 July 2026 remain unresolved and in dispute. Nevertheless, I am hopeful we can work through these matters constructively.

Second, could you please provide an update on the AVAC following your discussion with Ms Taylor on 24 August?

Third, I attended an appointment with my psychiatrist, Dr Ravikumar Bangalore Krishnaiah, on 27 August 2026. Dr Krishnaiah advised that, despite the authority I provided, Queensland Health has not yet responded to his request for information.

Finally, could someone please contact Dr Krishnaiah's practice so that preparation of the report is not delayed? I would also appreciate being advised of any information being shared with Dr Krishnaiah and the matters on which their opinion is being sought.

And if there are any other updates, I would be glad to have them.

Subject: Cory Shepherd (388372) — application for long service leave and annual leave, and request for AVAC to be processed today

Dear Chloe,

I am writing to apply for leave and to ask that the AVAC be processed today. I have copied Jacqui Roberts.

1. MY POSITION

I have not been working since 3 July 2026. I have received no wages since 13 July 2026.

On 3 July 2026 Dr Ma completed the Employee Capability Checklist on Metro South's own form. It certifies me fit with restrictions and records that usual switchboard operational duties remain suitable. I have remained ready and available to work within those restrictions throughout, and I remain so now.

My pay advice of 12 August 2026, for the fortnight 20 July to 2 August 2026, records me as on "NP Sick Leave" for 76 hours with gross pay of \$0.00. I did not apply for sick leave and I am not unfit for work.

2. WHAT I APPLY FOR

In the interim, and so that my entitlements can be processed, I apply as follows:

Long service leave, on full pay, from 13 July 2026 being the date from which I have received no wages through to the current date and continuing; and

when my long service leave entitlement is exhausted, annual leave, to commence immediately from that point and to continue until further notice.

To the extent that any absence over that period has already been recorded as unpaid sick leave, I ask that the coding be corrected and replaced with the leave applied for above.

I confirm I am not applying for personal leave, as I am not unfit for work.

3. THE AVAC

I ask that the AVAC be submitted and processed

today, and that I be given the reference number once it has been done, together with confirmation of the pay run in which the payment will be made.

I ask this because of the financial position set out below, and because the cut-off for the next available pay run is imminent.

4. THIS APPLICATION IS MADE UNDER PROTEST, AND SUBJECT TO RE-CREDIT

This application is made under protest and without prejudice to my position, and on the following express basis:

I remain ready, willing and able to work within the restrictions recorded in the Employee Capability Checklist of 3 July 2026, and I have been since 3 July 2026;

I apply for this leave only because I have received no wages since 13 July 2026 and no payment has been made to me in the interim;

my concerns regarding pay, the leave debited since 3 July 2026, and the adjustments recorded in the Employee Capability Checklist of 3 July 2026 remain unresolved and in dispute, and nothing in this application resolves, waives or narrows any of them; and

I ask that the leave taken under this application be re-credited to me in the event that wages are paid, or found payable, for any part of the same period, or in the event that the recording of my absence over that period is later corrected or determined otherwise.

I make this application on the understanding that it does not prevent that outcome, and I reserve my position in full.

5. FINANCIAL HARDSHIP

I want to be plain about why I am asking for this to be done today rather than in the ordinary course.

I have had no income since 13 July 2026. As a consequence I have had to give up my accommodation. I am not raising this to make a point; I am raising it because it is the reason for the urgency, and because I would rather tell you than have it become apparent later.

If there is any mechanism available for an urgent or off-cycle payment in cases of financial hardship, I would be grateful if you could tell me and I will apply for it.

6. IF ANY PART OF THIS CANNOT BE ACTIONED

If any part of this application cannot be actioned

today, could you please let me know today which part, and why, and when it will be actioned. A short note is entirely sufficient.

Thank you for your assistance.

Good afternoon Cory,

Thank you for your email. I have applied your S/L and A/L in lieu of S/L for your absence from the workplace through an AVAC as requested, for the past fortnight 17th August 2026 – 30th August 2026. As you are on reduced roster 0.5 FTE, I have applied the leave as per reduced shifts - PRN 249 863 66

About your long service leave from the 13th July 2026 - the system is currently not allowing me to apply LSL, so I have made enquiries with Payroll to understand why this may be and I will get back you as soon as I have an update.

Dear Chloe,

Thank you for actioning this today and for the
reference number — I appreciate the quick
turnaround.

Four short points so the record is accurate.

1. Leave type. To confirm my application: I did not
apply for sick leave — I am not unfit for work, and
the Employee Capability Checklist of 3 July 2026
certifies me fit with restrictions. My application
was for long service leave and, on its exhaustion,
annual leave. Could you please confirm exactly
which leave types and how many hours were
applied for 17–30 August 2026 under PRN 249 863
66. If any personal or sick leave has been debited,
could it please be re-credited and replaced in
accordance with my application.

2. Hours. Could the leave please be applied at my
substantive hours of 76 per fortnight rather than at
0.5 FTE. The reduced-hours arrangements this year
were temporary changes to working conditions: the
most recent, approved on 9 June 2026, had an
effective period of 25 May 2026 to 28 June 2026
and was not extended.

No variation has been in force since 28 June 2026,
and my pay advice of 12 August 2026 itself records
my absence at 76.00 hours for the fortnight. If a
different arrangement has been recorded for any
period after 28 June 2026, could you please let me
know what it is and the document it is based on.

3. The period from 13 July. My application was from
13 July 2026, being the date from which I have
received no wages. I understand the long service
leave question is with Payroll — thank you for
raising it promptly. Once it is resolved, could the
leave please be applied back to 13 July 2026 as an

adjustment, and the "NP Sick Leave" recorded for
the earlier fortnights corrected at the same time.

4. Long service leave — what may assist Payroll.
My employment commenced on 25 March 2019,
and my reinstatement in February 2025 took effect
from 20 September 2024 with continuity of service
preserved. I therefore reached seven years'
continuous service on 25 March 2026 and am
entitled to take long service leave under clause
22(c) of the Award. If the system is showing a later
continuous service date, it may not have been
corrected following my reinstatement — that would
explain the error, and Payroll can verify it against

my record. I have separately written to Payroll today about my service record and leave balances. Could you also confirm that the payment for 17–30 August will be processed urgently?

For completeness, everything actioned today, and any adjustments, remain on the basis set out at paragraph 4 of my email this morning — under protest and subject to re-credit.

Thanks again, Chloe.

Kind regards,
Cory Shepherd

Follow up

Dear Chloe,

I am asking for an ad hoc payment to be processed today.

The leave has already been applied and the AVAC processed under PRN 249 863 66, so the entitlement exists, I am asking only that it be paid now rather than held to the next pay run. I have received no wages since 13 July 2026. That is fifty-one days and three pay runs, and I have already had to give up my accommodation.

I should also mention that I am currently unable to log into MyHR. I cannot submit a leave application, check my balances, or see what has been applied to my record, so I am dependent on you and on Payroll for both the payment and for confirmation of what has been processed. If my access can be restored, I would be grateful and, in the meantime, could the information simply be provided to me by email.

If you cannot raise an ad hoc payment yourself, could you please tell me today who can, and I will

make the request to them directly.

Kind regards,

Cory Shepherd

Hi Cory,

Thanks for your email.

PRN 249 863 66 has been processed for the fortnight ending 30th August 2026 and will be paid in the normal pay cycle on Wednesday 9th September 2026. I have applied S/L and A/L in lieu of S/L for this pay cycle.

Regarding your Long Service Leave from 13 July 2026, the system is currently not allowing me to apply the leave requested. I have made enquiries with Payroll and am currently awaiting their advice. I will provide an update once I receive further information.

Please see below your current leave balances as of 2nd

September 2026 – Please note that leave balances shown below are prior to AVAC being processed and may therefore change once pay cycle is complete.

If you are having trouble with access, you can call IT Support 1800 198 175 and reset your log in details.

Kind regards,
Chloe

Afternoon Cory,

I am so sorry – I gave you the incorrect number – I entered an 8 when it should have been a 2! The correct Process number should be 24926366 rather than 2498366, I have snipped a copy of the process below.

In relation to Long Service Leave, please see below. You are most welcome to follow this up with payroll however it is still pending investigation.

Hi Chloe,

You aren't able to put in LSL leave as Cory's LSL eligibility date is only from 04/09/2026.
I can see a log has been created for a leave audit, a CSO is currently working on it however still in progress.

Hi Cory,

Please see the below email from Payroll.

I understand this may be frustrating, particularly in relation to your Long Service Leave. I have requested further information from Payroll regarding why your eligibility date is showing as 04/09/2026, as I appreciate you would like some clarity around this.

Unfortunately, Long Service Leave cannot be backdated & paid prior to the date you become eligible.

I have also confirmed with Payroll this morning on the phone regarding the ADHOC payment for the 17/08/2026–30/08/2026 pay cycle. Unfortunately, this cannot be processed prior to Wednesday 9th September 2026.

I appreciate this may not be the outcome you were hoping for, and I will continue to follow up where I can, to ensure everything is clarified and processed as soon as possible.

Kind regards,
Chloe
