Dear Mr Shepherd

I refer to your employment as an Administration Officer (**AO**), Switchboard Operations - Corporate Services, Logan Hospital (**LH**), Metro South Health (**MSH**). I write to you in relation to concerns raised regarding your workplace behaviour and conduct.

Background

On **14 April 2025**, following a team meeting, Ms Chloe Taylor, Switchboard Manager, Switchboard Operations, LH, MSH and Ms Sonya Willmann, Telecommunications Coordinator, Switchboard Operations, LH, MSH, met with you to remind you of the process for absence notifications under the LH Switchboard Sick Leave Process (**Attachment 1**). This conversation was raised on the basis that you were not following the appropriate absence notification process. Ms Taylor summarised the discussion of this meeting with you via email (**Attachment 2**).

Since this meeting, you have failed to adhere to the process on the following fourteen (14) occasions:

1. On **17 April 2025**, you called Ms Taylor at 13:01 advising you will be late to your 14:00 shift. You sent a text message at 13:53 advising that you were still at the mediation, and you would be taking leave without pay as you had not left yet (**Attachment 3**).

Your shift was due to commence at 06:00 (**Attachment 4a**). Ms Taylor sent you a text message at 06:26 confirming if you were working as you were rostered from 06:00. You responded and advised that you thought Ms Willmann was on call and that you emailed her to confirm your absence. (**Attachment 4b**).
3. On **24 April 2025**, you called Ms Willmann at 05:54 advising you could not attend your shift and apologised for the short notice. Your shift was due to commence at 6:00 (**Attachment 5**).
4. On **28 April 2025**, you sent a text message to Ms Willmann at 00:29 advising you would not be in for your 06:00-14:00 due to personal matters. You were not rostered to work this day (**Attachment 6**).
5. On **30 April 2025**, Ms Taylor contacted you when she arrived at work at 07:30. You advised that you had slept in and were on your way to work. At 07:48 you sent a text message to state that your phone was not working, and you were taking it in to get it fixed and you will not be attending your shift (**Attachment 7**).

Better together

6. On **1 May 2025**, you sent an email to Ms Taylor at 06:16 stating you had a large infection and would not be in for your 07:00 – 15:00 shift. Your phone had not been fixed (**Attachment 8**).
7. On **2 May 2025**, the switchboard contacted you at 06:10 as you did not arrive for your 06:00 shift commencement. Ms Taylor received a medical certificate from you at 09:25 via email
8. On **4 May 2025**, Ms Taylor contacted you to confirm your attendance for your shift from 06:00 – 14:00. You responded that you did not review the roster properly and were not aware that you were rostered to work (**Attachment 10**). You did not perform this rostered shift.
9. On **13 May 2025**, you sent a text message at 02:10 to the personal mobile of Ms Willmann advising that you were in pain and would not be attending your shift in the morning (**Attachment 11**).

At 15:30 you had still not arrived for your shift (**Attachment 12**).
11. On **17 May 2025**, you sent a text message to Ms Willmann on her personal mobile at 05:33 advising that you were not well and would not be attending your rostered shift between 06:00 – 14:00. (**Attachment 13**).

You were advised that due to limited resources, your entire shift would require filling and not part. This shift was covered on your behalf. (**Attachment 15a and Attachment 15b**).
14. On **29 May 2025**, you called Ms Willmann to state that you would be 15 minutes late (**Attachment 16**). You also advised you needed to leave work at 12:00 to sign paperwork. You contacted Ms Taylor at 07:18 to confirm if she was at work as your swipe card was not working and you could not get in to work

On **10 June 2025**, Ms Taylor met with you to remind you of the process for absence notifications under the LH Switchboard Sick Leave Process. Ms Taylor reminded you to not message/contact staff directly when running late and to call switchboard to be transferred to the manager on duty to advise of the delay. Ms Taylor also discussed the inconsistency of the communication being sent by you in making contact after hours for non-urgent matters and providing limited notice of absence before a shift commencement time. A copy of the process was provided to you at this time for your reference. Ms Taylor summarised the discussion of this meeting with you via email (**Attachment 17**)

Since this meeting whereby you were reminded of the process, you have failed to adhere to the process on the following four (4) occasions:

4. On **25 June 2025**, you called Ms Taylor's personal mobile at 13:55 advising that you would be late for your 14:00 shift (**Attachment 20**). You arrived for your rostered shift at 14:27.

On **25 June 2025**, you attended a meeting with Ms Taylor to discuss the process for notifying of unplanned absences. During this meeting, Ms Taylor reminded you of the requirement to following the on-call procedure and not message/contact staff directly when running late and to either call herself or switchboard in order to be transferred to the manager on duty to advise of the delay and the requirement for leave forms to be submitted as soon as possible following an absence to ensure correct wages were paid. You were provided with a further copy of the on-call procedure for your reference. Ms Taylor summarised the discussion of this meeting with you via email (**Attachment 21**).

Since this meeting, you have again failed to adhere to the process on the following sixteen (16) occasions:

Ms Taylor sent you a text message at 06:17 and you responded to advise that you thought you were working from 07:00-15:00. You had looked at the next fortnights roster. You advised that you were 20 minutes away from work, however arrived at 07:15 for your shift.

Reminder of expectations

I do acknowledge that you are currently experiencing some challenging personal matters but it is important for you to be aware that the expectation remains for you to meet the professional standards required of you in your role as an Administration Officer and as an employee of MSH. Personal difficulties, while understandably impactful, do not exempt employees from fulfilling core responsibilities, including those related to attendance and communication.

It concerns me that since initially being reminded by Ms Taylor on 14 April 2025, of the expectations for you to follow the LB Switchboard Sick Leave process, you have failed to follow this process for a total of thirty-four (34) occasions.

To address these concerns with you and put in strategies to support and assist and improvement, I have attempted to arrange to meet with you on a number of occasions. However, these meetings have not taken place due to you not being in the workplace.

Next Steps

I am very concerned about the ongoing impact your frequent absences and/or late attendance for rostered shifts are having on Switchboard Services and the overall service delivery to Logan Hospital.

Given the ongoing nature of these attendance issues and non-adherence with the LB Switchboard Sick Leave process, Ms Taylor will organise a meeting with you to discuss options to assist you in both improving your attendance and your compliance with the appropriate processes in place, along with reviewing and updating your PDP.

You will be provided the opportunity to have a support person of your choosing to this meeting. I encourage you to work collaboratively with Ms Taylor throughout this process so that we can provide the necessary support to help you succeed in your role and contribute effectively to the team and service delivery.

I must advise you; Ms Taylor and I are committed to you and considering any strategies to assist in your improvement. However, it is important to note if there is not an improvement or if you continue to fail to follow the processes in place, this may be grounds to consider initiating a Performance Improvement Plan (PIP) focused specifically on addressing absenteeism, punctuality and compliance with all relevant policies and procedures in place relating to attendance.

Frequent absences and late arrivals disrupt workflows, place additional strain on your colleagues, and can ultimately compromise the quality and timeliness of service delivery to patients and the wider community. Immediate and sustained improvement in your attendance is therefore crucial to uphold the standards expected of MSH and to ensure uninterrupted support to Logan Hospital.

Moving forward, I expect you to familiarise yourself with the process for absence notification in Switchboard Services and ensure you adhere to these steps consistently. Should you require time off to manage your personal situation, please reach out to Ms Taylor to discuss available support options and leave arrangements.

I would also like to take this opportunity to remind you of your responsibility to act professionally and meet your obligations as an employee of Queensland Health. This includes the responsibilities imposed on you by the *Code of Conduct for the Queensland Public Sector* (the Code of Conduct) (**attached**) and our MSH Values (**attached**).

Direction to undertake training

Prior to your meeting with Ms Taylor, you are required to undertake the following actions:

- read the process for absence notification in Switchboard Services
- sign attached acknowledgement confirming you understand the requirements of the process and return within seven (7) calendar days from receipt to Ms Taylor.

Employee assistance

I acknowledge this may be a difficult time for you. I would like to take this opportunity to also advise you of the Employee Assistance Program. This is a confidential counselling service which is free of charge to all employees of MSH for up to six sessions per calendar year. Access to this service is by self-referral. Should you wish to access Employee Assistance, please contact TELUS Health on 1800 604 640 or for Aboriginal and Torres Strait Islander support, please contact TELUS Health on 1800 816 152.

Questions

If you have any questions in relation to the matters in this letter, please do not hesitate to get in contact with Ms Chloe Taylor, Manager, Logan and Beaudesert Health Service on (07) 2891 5906 or via email at LBH_HR@health.qld.gov.au.

Yours sincerely

Hi Sonya,

I'm writing to request urgent Leave Without Pay for today, Wednesday, April 23rd, 2025. I have an important personal hearing scheduled for April 28th Non-work related. Dealing with the circumstances surrounding this hearing has unfortunately caused me some distress, and I have stayed up very late last night preparing necessary documents. Due to the late hours required for critical preparation, I am unable to come into work today.

I sincerely apologize for this very short notice and for any inconvenience this may cause the team. I also chose to send this email rather than call (the on call phone/new phone number) which might have caused a break in your sleep at this hour. I am happy to call the phone in any circumstance.

Thank you for your understanding and support.

Best regards,

Cory

I am having more tests today but it appears that stress has caused my auto immune system to attack itself. Last night I couldn't move or walk.

I forgot to get a medical certificate but I'll screenshot my medical attendance appointment this morning at 4am.

I expect to be finished by mid-morning and can come in to work the second half of my shift. Please let me know if this arrangement works for you.

Apologies for any inconvenience.
Best regards,

Hi Cory. This is Sonya. I will have to replace your whole shift as we don't have enough staff rostered on this morning to not cover your shift.

Subject: 10.06.2025 - Catch up

Hi Cory,

Just a recap from today's catch up;

- Reminder to follow on call process (provided a copy of procedure) inconsistent communication to both myself and Sonya. Eg, contacting late hours for non-urgent related matters or not enough notice to notify of leave before shift.
- Please do not contact staff eg message staff to say you are running late, if you are late to shift, please contact myself or switchboard to be transferred to me to notify.
- Submit Leave through MyHR. As soon as possible not leave until end of fortnight to process.
- AVAC shift swaps – reminding that the AVAC is to be submitted 3 days prior.
- Call Stats / Call stats are satisfactory.
- Checking in on your general wellbeing as it's been noted with increased absenteeism and working on average 5 shifts per fortnight. Please let me know if there is anything I can do to support you. Eg, temporary reduction of hours, EAP assistance program
- Working on grounds after shift. A complaint was received in relation to working in another HIMS department after your 0700-1500 shift on Saturday 31st May. Logging in to a work monitor and leaving the workstation in an unsatisfactory condition. I will follow up with Scott regarding your questioning around staying on grounds after shift.

Any questions regarding our chat today please let me know,

Kind regards,
Chloe
