Dear Cory,

Thank you for your patience while we reviewed the concerns you raised regarding your Income Protection (IP) benefit claim.

Firstly, I would like to acknowledge the time and care you have taken in outlining your concerns, particularly given the personal and complex circumstances you have described. We recognise the impact these matters have had on you and appreciate your detailed explanation.

Outcome of our review

Our Insurer¹, ART Life, have confirmed that Claims Manager James has been appointed to now manage your claim. James has contacted your employer to obtain relevant payroll information, including payslips, to allow for an accurate reassessment and recalculation of your benefit entitlement.

ART Life has also advised that your IP benefit payments will be placed on hold effective 1 June 2026, while this information is obtained and the recalculation is completed. This is to ensure that any ongoing payments reflect the correct entitlement based on your current circumstances.

Once the necessary information has been obtained and the reassessment is complete, James will contact you to explain the outcome, including any recalculation of your benefit entitlement and whether an overpayment has occurred.

If an overpayment is identified, James will also discuss this with you in detail, including the amount, how it has been calculated, and the available options moving forward.
