Hi All,

Further to the below email and new email today (attached) I have secured masks for the team
We have a box of fifty.

Please observe the following

Sanitize your hands with gel sanitizer prior to opening the box and reaching for a mask.
This will ensure the masks remain clean for all others.

According the emails received recently you must wear a mask if you leave the office or if you are not 1.5 metres away from another person within the office.

I suggest that each day at the end of your shift you take a mask for use to enter the hospital building for your next shift and use throughout the day and to exit.
Use a fresh mask for each scenario / daily.

Any questions please just ask.

Thanks

Sandy

Hi All.

Please ensure this email is placed in hand over and in the comms book for all staff.

The up shot of the below emails is a direction that if you are unable to social distance or when you leave the office you must wear a mask.

PPE is currently being sourced for staff.
I will let you all know asap I have these.

However, there is also an email from Logan Hospital (which I don't have to forward as yet), which indicates that general staff are not required to wear a mask.

As soon as I have clarification on the policy of mask wearing outside of our offices I will advise.
I will also keep you all up to date on any PPE we are able to source.

Thanks very much

Sandy

Good Afternoon Everyone,

Given COVID update below, as per the email below Cameron Ballantine has asked that those areas where staff have been approved to work from home to please WFH for the next week or so. Thus for our line managers please work with your staff to implement this request.

Lisa, for IAU please proceed with your original plan for staffing as discussed today, as soon as you can implement safely.

Please let me know if anyone has any concerns at all.

Kind Regards

Tammy

Dear colleagues,

In response to the recent cluster of COVID-19 cases associated with the Brisbane Youth Detention Centre, Metro South Health has been determined to be in a 'Moderate Risk' for the purposes of Personal Protective Equipment (PPE) use.

Moderate risk requires the use of flat surgical masks in most clinical settings for staff, patients and visitors and immediate steps are to be taken to commence the implementation of the following PPE requirements.

Continuous surgical mask use is recommended for healthcare workers during periods of moderate community transmission of COVID-19, to reduce the risk of transmission of COVID-19 between healthcare workers and patients (who may be asymptomatic but infectious, especially early in the course of illness).

This will require healthcare workers who work in clinical areas and common workplaces to continuously wear a surgical mask during their routine activities throughout the entirety of their shift.

Healthcare workers who generally work alone in their own office will be required to wear a mask when outside of their office if physical distancing cannot be maintained.

Recommended PPE escalation according to a moderate risk of unexpected COVID-19 infections in patients or healthcare workers have been outlined for you below.

For healthcare workers

Routine care

For suspected / probable / confirmed COVID-19 patients

Surgical mask Protective eyewear Gown Gloves Aerosol generating procedures

For suspected / probable / confirmed COVID-19 patients

P2/N95 respirator Protective eyewear Gown Gloves Aerosol generating procedures for non-COVID-19 patients

Surgical mask Protective eyewear Routine care of non-COVID-19 patients (within 1.5 metres)

Surgical mask Protective eyewear Hospital staff during activities other than direct patient care

Surgical mask when physical distancing of 1.5 metres cannot be maintained (e.g. ward rounds, handover meetings)

For patients and hospital visitors

Patients

Suspected / probable / confirmed COVID-19

(excluding paediatric patients)

Surgical mask where tolerated, unless inpatient in own bed Patients

Non-COVID-19 (excluding paediatric patients)

Surgical mask where tolerated, unless inpatient in own bed Visitors

Surgical mask OR own mask if adequate (fabric mask with at least 3 layers)

All Metro South Health staff are to adhere to the following Queensland Health mask recommendations to assist with the management of COVID-19 community transmission:

Masks should be changed when they become damaged, soiled or wet. Masks should never be reapplied

after they have been removed. Masks should not be left dangling around the neck. Avoid touching/adjusting the front of the mask while wearing it. Hand hygiene should be performed upon

touching or discarding a used mask. Masks need to be removed for eating and drinking and this is

permitted, if necessary and safe. It is important to limit the duration that the mask is removed

to help minimise any potential risk of exposure. Staff must practise physical distancing when on

meal breaks when a mask is not in place. Staff must dispose of used masks in waste receptacles as

soon as they are removed. It is now more important than ever to maintain appropriate physical distancing in the workplace and remember to maintain your hand hygiene. If you are a vulnerable employee or have any concerns, then please discuss this with your manager.

Remember ? if you are unwell then stay home and if you have any symptoms then get tested.

If you require further clarification on these PPE guidelines, please speak to your relevant line manager.

Subject: Discussion about new draft Switchboard Roster

Good Afternoon Everyone,

As part of the Logan Hospital Switchboard Business Case for Change we are continuing to work on a new roster and we would like to present a new draft roster for consideration to our Switchboard staff this Thursday. This meeting will be held in the Switchboard office for those staff on shift but for those staff whom are not on shift it will be held via Teams (as per the link Teams link below) for everyone to join if they would like to participate in the meeting. For those who can?t attend please note I will email following the meeting a copy of the new draft roster for consideration and feedback to all LGH Switchboard staff.

Kind Regards

Subject: Draft LH Switchboard Roster 10 hours for Consultation

Good Afternoon Everyone,

Thank you everyone for your time this morning for those of you whom were able to join in our meeting today and for those of you whom could not attend our meeting today, please see the attached draft roster for consultation. Attached above is a 10 hour draft roster for your consideration.

Please note start and finish times of shifts could potentially be changed based on staff feedback, as long as they still meet business requirements. In the roster the full-time lines and the part-time lines (0.8 FTE and 0.7 FTE) rotate through all lines of that FTE at the end of the 4 weeks due to all lines for that FTE not having exactly the same penalty rates. For part-time staff there is one shift per fortnight in each line which is shorter due to 10 hours not evenly splitting into rostered FTE hours per fortnight.

Consequently, we are now inviting feedback from all parties on draft 10 hour roster above and the consultation period for is now open today and will close on the 24 th March 2022 .

Feedback regarding this draft roster can be sent to myself via email Tammy.Reese@health.qld.gov.au or to LBH_HR@health.qld.gov.au . Together Queensland Union members are more than welcome to provide their feedback to their union/union delegate. I am more than happy to answer any questions staff may have in relation to this business case for change and can be reached via email or on 3299 8934.

Kind Regards
Tammy

Good Morning Cory,

I am happy to approve this request for Rec. Leave for yourself to the 18-4-22. If you would like to access leave other than Rec Leave please let me know but otherwise we will assume it is just a continuation of your current Rec Leave. Please see your current balance for Leave as of today attached above. I understand you do have an appointment on the 19 th April and that are planning on attending that appointment.

As Chloe Taylor is currently our Acting Switchboard Manager I am going to forward your request onto Chloe to put in a leave from for yourself as per your request. Chloe will let you know the PRN number once this leave form has been submitted on your behalf.

Have a great Easter.

Subject: RE: Draft LH Switchboard Roster 10 hours for Consultation

Good Morning Team,

Thank you to everyone who provided valuable feedback in response to the proposed 10 hour roster.

There was a large volume of feedback received through the four week consultation process. Each piece of feedback is being carefully considered as we understand the importance of getting this right for both the team and the service that Switchboard provides. Accordingly, the leadership team, in conjunction with Human Resources is currently in the process of proposing roster alternatives in addition to the previous proposed 10 hour roster to be consulted on with staff and Together Queensland.

We will endeavour to have further rosters for consultation in the coming weeks.

Kind regards,

Tammy

Subject: Draft LH Switchboard Roster 10 hours for Consultation
Importance: High

Good Afternoon Everyone,

Thank you everyone for your time this morning for those of you whom were able to join in our meeting today and for those of you whom could not attend our meeting today, please see the attached draft roster for consultation. Attached above is a 10 hour draft roster for your consideration.

Please note start and finish times of shifts could potentially be changed based on staff feedback, as long as they still meet business requirements. In the roster the full-time lines and the part-time lines (0.8 FTE and 0.7 FTE) rotate through all lines of that FTE at the end of the 4 weeks due to all lines for that FTE not having exactly the same penalty rates. For part-time staff there is one shift per fortnight in each line which is shorter due to 10 hours not evenly splitting into rostered FTE hours per fortnight.

Consequently, we are now inviting feedback from all parties on draft 10 hour roster above and the consultation period for is now open today and will close on the 24 th March 2022 .

Feedback regarding this draft roster can be sent to myself via email Tammy.Reese@health.qld.gov.au or to LBH_HR@health.qld.gov.au . Together Queensland Union members are more than welcome to provide their feedback to their union/union delegate. I am more than happy to answer any questions staff may have in relation to this business case for change and can be reached via email or on 3299 8934.

Kind Regards
Tammy

Hi Chloe,

I would like to put in for additional leave. I have returned and attended an appointment for QLD health on the 18 th of April. The attached document is a referral to QASIS for further medical advice directed by David Waters I am attending the first available appointment.

I will be going on further leave from the 20 th of April until the 10 th of June to assist my family. Can I please request this to be submitted? and attach a PRN number once done. Thank you

Regards Cory Shepherd

Good Morning Cory,

I am happy to approve this request for Rec. Leave for yourself to the 18-4-22. If you would like to access leave other than Rec Leave please let me know but otherwise we will assume it is just a continuation of your current Rec Leave. Please see your current balance for Leave as of today attached above. I understand you do have an appointment on the 19 th April and that are planning on attending that appointment.

As Chloe Taylor is currently our Acting Switchboard Manager I am going to forward your request onto Chloe to put in a leave from for yourself as per your request. Chloe will let you know the PRN number once this leave form has been submitted on your behalf.

Have a great Easter.

Hi Cory,

I have submitted your 32hours sick leave as requested, I dated this from 20/04/22 (as requested)
up until the 1/05/22. As this is the end of the pay cycle. PR 8992765

Can I please request a Dr cert with the dates you require leave up until the 10/06/22. Then I am able to lodge a request in MyHR for the rest of your leave and leave without pay.

Let me know if you have any questions,

I am happy to approve this request for Rec. Leave for yourself to the 18-4-22. If you would like to access leave other than Rec Leave please let me know but otherwise we will assume it is just a continuation of your current Rec Leave. Please see your current balance for Leave as of today attached above. I understand you do have an appointment on the 19 th April and that are planning on attending that appointment.

As Chloe Taylor is currently our Acting Switchboard Manager I am going to forward your request onto Chloe to put in a leave from for yourself as per your request. Chloe will let you know the PRN number once this leave form has been submitted on your behalf.

Have a great Easter.

﻿ To switchboard management,

Please process my annual leave and leave without pay for the dates I have stated.

My annual leave is taken to be with family that has lost their homes in recent flooding events.

I am helping my grandfather and uncle. My leave was cut short so I could attend one appointment.

I am now continuing my leave and awaiting to be seen by QASIS.

After the 10th my services are most likely to be through the governance team in metro south health.

There is no sick leave or dr certificate and it is very clear that there is no dated return to switchboard office for myself.

I am returning to work in a alternative department.

Switchboard management is now coercively withholding my annual leave and have not processed the request emailed on the 27 April.

I would also add what scope does management have to withhold my annual leave by requesting a dr certificate in current circumstances?

This is very inappropriate if you can not action appropriately and in a timely manner please email myself, Kye hawgood or employment relations.

I look forward to a reply today

Hi Cory,

I have submitted your 32hours sick leave as requested, I dated this from 20/04/22 (as requested)
up until the 1/05/22. As this is the end of the pay cycle. PR 8992765

Can I please request a Dr cert with the dates you require leave up until the 10/06/22. Then I am able to lodge a request in MyHR for the rest of your leave and leave without pay.

Let me know if you have any questions,

Kind regards,

Hi Cory,

Thanks for your email, Can you please confirm what leave you would like to take? Once I have this information I can go ahead and process for you. I understand you have around 34hrs Sick leave and 34hrs Annual Leave. If you would like to use your Sick leave, I will have to request you supply a Dr Certificate with dates.

Let me know if you have any questions,

Kind regards,

Good Morning Cory,

I am happy to approve this request for Rec. Leave for yourself to the 18-4-22. If you would like to access leave other than Rec Leave please let me know but otherwise we will assume it is just a continuation of your current Rec Leave. Please see your current balance for Leave as of today attached above. I understand you do have an appointment on the 19 th April and that are planning on attending that appointment.

As Chloe Taylor is currently our Acting Switchboard Manager I am going to forward your request onto Chloe to put in a leave from for yourself as per your request. Chloe will let you know the PRN number once this leave form has been submitted on your behalf.

Have a great Easter.

﻿
To switchboard management,

Please process my annual leave and leave without pay for the dates I have stated. My annual leave is taken to be with family that has lost their homes in recent flooding events.

I am helping my grandfather and uncle and my leave was cut short so I could attend one appointment.

My request is simple after attending my appointment is to continue my leave.

After the 10th of next month when I will return to work my services are through the governance team in metro south health.

There is no sick leave or dr certificate, it is also very clear that there is no dated return to switchboard office for myself.

Switchboard management is now withholding my annual leave and have not processed the request emailed on the 27 April. I would like to know why? I have received no explanation why you have requested a medical certificate and now demanded it in writing twice?

What scope does management have to withhold my annual leave by requesting a dr certificate in current circumstances and knowledge of these current facts?

This is very inappropriate if you can not action appropriately and in a timely manner please email myself, Kye hawgood or employment relations.

I have written this very simply and given reason to my request. I look forward to your action and to a reply today

Regards Cory 😊

Subject: Draft LH Switchboard Rosters for Consultation

Good Afternoon Everyone,

Please see the attached three draft rosters for consultation and feedback.

Roster 1 : Is an 8 hour roster with RDOs. This is a rotating roster with each line rotating through first than second pay period (fortnight) and then dropping down to the next line and so on. We recognise that this roster is not industrially compliant as it does not afford ?two whole days off? post night duty for full time staff.

Roster 2 : Is an updated version of the 10 hour draft Switchboard Roster that was previously presented but with adjusted shift times, given we had the overwhelming feedback that the midnight to 10am shift was not popular. This is a rotating roster with each line rotating through first than second pay period (fortnight) and then dropping down to the next line and so on. This roster is industrially compliant.

Roster 3 : Is a 8 hour roster without RDOs. Full-time staff instead have 9 x 8 hour shifts and 1 x 4 hour shift per fortnight. This is a rotating roster with each line rotating through first than second pay period (fortnight) and then dropping down to the next line and so on. The only lines not to rotate in this roster is the FTE lines 0.6 FTE, 0.4 and 0.2 FTE. We recognise that this roster is not industrially compliant as it does not afford ?two whole days off? post night duty for full time staff.

Consequently, we are now inviting feedback from all parties on these draft rosters, including preference and the consultation period for is now open today and will close on the 27 th May 2022 .

Feedback regarding this draft roster can be sent to myself via email Tammy.Reese@health.qld.gov.au or to LBH_HR@health.qld.gov.au . Together Queensland Union members are more than welcome to provide their feedback to their union/union delegate.

I am more than happy to answer any questions staff may have in relation to these rosters and business case for change and can be reached via email or on 3299 8934.

Kind Regards
Tammy

Subject: Draft LH Switchboard Rosters for Consultation

Good Afternoon Everyone,

Please see the attached three draft rosters for consultation and feedback.

Roster 1 : Is an 8 hour roster with RDOs. This is a rotating roster with each line rotating through first than second pay period (fortnight) and then dropping down to the next line and so on. We recognise that this roster is not industrially compliant as it does not afford ?two whole days off? post night duty for full time staff.

Roster 2 : Is an updated version of the 10 hour draft Switchboard Roster that was previously presented but with adjusted shift times, given we had the overwhelming feedback that the midnight to 10am shift was not popular. This is a rotating roster with each line rotating through first than second pay period (fortnight) and then dropping down to the next line and so on. This roster is industrially compliant.

Roster 3 : Is a 8 hour roster without RDOs. Full-time staff instead have 9 x 8 hour shifts and 1 x 4 hour shift per fortnight. This is a rotating roster with each line rotating through first than second pay period (fortnight) and then dropping down to the next line and so on. The only lines not to rotate in this roster is the FTE lines 0.6 FTE, 0.4 and 0.2 FTE. We recognise that this roster is not industrially compliant as it does not afford ?two whole days off? post night duty for full time staff.

Consequently, we are now inviting feedback from all parties on these draft rosters, including preference and the consultation period for is now open today and will close on the 27 th May 2022 .

Feedback regarding this draft roster can be sent to myself via email Tammy.Reese@health.qld.gov.au or to LBH_HR@health.qld.gov.au . Together Queensland Union members are more than welcome to provide their feedback to their union/union delegate.

I am more than happy to answer any questions staff may have in relation to these rosters and business case for change and can be reached via email or on 3299 8934.

Kind Regards
Tammy

Subject: Updated PP10 & PP11 Switchboard Rosters

Good Morning Team,

There has been quite a significant amount of changes so please find attached the updated PP10 & PP11 Switchboard Rosters.

Additionally, we will be Welcoming Aboard, Lei commencing training shifts with Carolyn this week and Linda next pay period.

We have one other also due to commence training from 31/10/2022 however we are still waiting for Recruitment processing to finalise.

As always, thank you for your hard work and dedication in training up these new starters which will hopefully alleviate some of pressures that come along with our current staff shortages.

Kind Regards,

Danielle Cook

Subject: Annual Leave Spreadsheet

Good morning Everyone,

As per previous email that was sent in regards to Annual leave Spreadsheet ? All leave that is entered by yourself must be approved by myself or through MyHR before entering on spreadsheet. This spreadsheet is for your own reference, I do not check this as I have my own. So if you put N/A or Leave and haven't had it approved, I will not know and this will cause roster issues. This is a trial and if staff are not following these clear instructions I will have no option but to remove it.

Kind regards,
Chloe

Good morning Team,

Just a friendly reminder that the PD nurse is not on call from hours after 2200-0700 . I have attached the Peritoneal Dialysis Nurse On-Call Switch Process, please familiarise yourself with this. I have placed this in our desk flip folders too.

Any questions please let me know,

Kind regards,
Chloe

Hi Chloe,

I received a call this morning from the PD nurse. She said she has called Switch numerous times regarding the same issue.

The PD nurse has received multiple pages afterhours, most recent being last night (28/03 @ 22:39). According to our on-call roster, the PD nurse is only on call between 1800-2200. Anytime after this, patients are to be put through to 13HEALTH or they are to present to ED. The PD nurse asked me to escalate the message to management.

Thanks,

Sam

Hi Amy,

I apologize for the length, but this 'overview' ended up being 10 pages to thoroughly explain the ongoing work issues and experiences that have progressively developed.

I wasn't entirely sure what you were looking for, so I documented various events from the past year up to today.

Unfortunately, I had to write this on my phone due to my laptop being in for repairs. I'll attach all the supporting evidence, which has taken some time to compile.

Kind regards,

Cory

Good morning Cory,

I hope this email finds you well. I want to reach out to confirm your requirements to return to work as I understand your Workcover claim has now closed.

I have attached a work capacity checklist that you can provide to your doctor to complete to assess your return-to-work capacity. This document will assist in ensuring we provide you with safe and meaningful suitable duties (if required) upon your return. Noting we do not have a current medical certificate for you, can I please ask that you arrange for your doctor to provide an updated medical certificate and complete the attached work capabilities checklist (if you require suitable duties) as soon as possible. Can you kindly respond back to email so we can understand the timeframe of your intentions to return.

Additionally, can you please confirm what leave you would like to access between now and your return to work? As at today, you have the following balances available:

Sick leave ? 3.55 hours Recreation leave ? 54.16 hours

If you have any questions at all regarding your return to work, please don't hesitate to contact

either myself or email Human Resources via email LBH_InjuryManagement@health.qld.gov.au .

I look forward to hearing from you,

Kind regards,
Chloe

9 th of may Chloe Taylor directs Pan Jane Wong to provide buisness hours. This can be seen in the email flow Masper register.

15 th of May in response to multiple emails sent out to contact Chloe during buisness hours I have requested Chloe to provide buisness hours. I have also requested Chloe to consult the team prior to changes following the risks I associated with changes and directives that are now affecting clinical information from being handed over.

For example, A pathologist calling on various occasions over a period of 2 hours and unable to handover critical results possibly affecting patient outcomes as the masper registrar Anh DOAN fails and refuses to take pathologists calls when also rostered as the consults register, Medical roster supplied.

Furthermore, once Anh DOAN was finally contacted via mobile has called back switchboard and questioned the actions Patrisha Co can confirm the nature of this call, being both dismissive instuctive insinuating that switchboard can not do their job. This is understandable as management has neglected to improved systems failed to investigate and resolve problems and generally giving directives without having knowlege into the system or process in place.

On the 15 th May, I have sent an email requesting Chloe Taylors official office hours. I have not done this with malintent but in response to many emails where to directs and include the entire team to contact her during those hours, as such just like the previous conversation and for the department to be on the same page and expectations I have included the entire team.

Due to some valid concerns that have come from a good place I also write in the email attached which can also be seen in the HHS agreement to consult with the team prior to initiating any changes or directives. The general purpose I think misunderstood as Chloe knowingly defrauds the department and generally does not come into work or do the full-time hours often disappearing early coming into work late or not at all, causing a multiude of issues and system failures..

Hi Cory,

I was planning to discuss with you today, as you're not here to discuss I will send to you via email.

I am processing your med certificate; you have insufficient sick leave to cover this period. Dates 21/03 - 24/03 and up until 28/03 will be processed as unpaid sick leave or would you like this processed as Rec leave in lieu sick leave.

Please let me know so I can submit this request before payroll cut off which is tomorrow.

Kind regards,
Chloe

Hi Cory,

Just a recap from today's catch up;

Reminder to follow on call process (provided a copy of procedure) inconsistent communication to both myself and Sonya. Eg, contacting late hours for non-urgent related matters or not enough notice to notify of leave before shift. Please do not contact staff eg message staff to say you are running late, if you are late to shift, please contact myself or switchboard to be transferred to me to notify. Submit Leave through MyHR. As soon as possible not leave until end of fortnight to process. AVAC shift swaps ? reminding that the AVAC is to be submitted 3 days prior. Call Stats / Call stats are satisfactory. Checking in on your general wellbeing as it's been noted with increased absenteeism and working on average 5 shifts per fortnight. Please let me know if there is anything I can do to support you. Eg, temporary reduction of hours, EAP assistance program Working on grounds after shift. A complaint was received in relation to working in another HIMS department after your 0700-1500 shift on Saturday 31 st May. Logging in to a work monitor and leaving the workstation in an unsatisfactory condition. I will follow up with Scott regarding your questioning around staying on grounds after shift.

Good morning Cory,

Just a recap from yesterday's catch up;

Sunday 22 nd June you were rostered 0700-1500 but arrived at 09:15. Contacting switchboard staff 10mins before 0700am shift and arriving in the office at 09:15. Notifying me with a text message only once you had arrived onsite. Reminder to not contact staff e.g. message staff to say you are running late, if you are late to shift, please contact myself or switchboard to be transferred to me to notify. Reminder to follow on call process (provided a copy of procedure) Thank you for following process to advise me you will be late to your 1400-2200 shift yesterday Wednesday 25 th June. Please ensure you continue to follow this process moving forward. Submit Leave through MyHR as soon as possible to ensure correct leave is paid. You mentioned you have been dealing with a lot of personal matters recently, please know I am here to support you and let me know at any time if there is anything I can assist with. I have attached the EAP program flyer for your perusal.
Kind regards,
Chloe

Subject: Endorsement and submission ? Qualification recognition (Targeted Training/Education Incentive)

Hi Chloe,

Requesting manager endorsement, higher education binder 1.pdf on page 2 . Request endorsement for submission to HR to complete the qualification recognition process and associated allowance/funding application.

Key details

Qualification: Diploma of Fitness (AQF Diploma) ? certified copy attached.

Purpose: Record relevance to our multidisciplinary admin function (communication, client coordination, teamwork with allied health/medical staff) and proceed with the application.

Attachments: Certified Diploma, qualification outline, draft endorsement text, and application PDF.

Action requested

1) Endorse and submit: Provide a brief relevance endorsement in myHR and submit the application on the manager?s side.

or

2) Sign and return: Sign the attached one?page endorsement so it can be uploaded and submitted on the employee side.

AQF?recognised Diploma of Fitness - directly relevant to the current administrative role within our multidisciplinary department at Logan hospital. The qualification supports communication, client service, coordination, and effective teamwork with allied health and medical staff.

Kind regards,

Cory

Description

This qualification provides the skills and knowledge for an individual to be competent in a range of activities and functions within the fitness industry, including working collaboratively with medical and allied health professionals in a broad range of settings, such as fitness facilities, aquatic facilities, community facilities and in open spaces.

Those with this level of competency will be expected to provide exercise training to individual clients with specific needs, on a one-on-one or group basis, and may include older clients and children with chronic conditions.

Persons with this level of competency will have the ability to implement, evaluate and modify the exercise prescription provided by medical or allied health professionals for clients with specific conditions, within an agreed scope for progression as recommended by referring medical or allied health professionals.

Specialised exercise trainers will have the ability to monitor client progress and, in collaboration with medical or allied health professionals, utilise an evidence-based approach to deliver solutions by applying knowledge of physiology and anatomy and the pathology of specific medical conditions.

Job roles

- specialised exercise trainer

Licensing/Regulatory Information

No licensing, legislative, regulatory or certification requirements apply to this qualification at the time of endorsement.

Entry Requirements

Entry requirements

This qualification is designed for those existing fitness professionals have considerable experience in exercise delivery. Entry to this qualification is open to those who have achieved the following units of competency and have significant vocational experience in the fitness industry:

SISFFIT415A	Work collaboratively with medical and allied health professionals
SISFFIT416A	Apply motivational psychology to provide guidance on exercise behaviour and change to meet health and fitness goals
SISFFIT417A	Undertake long term exercise programming
SISFFIT418A	Undertake appraisals of functional movement
SISFFIT419A	Apply exercise science principles to planning exercise
SISFFIT420A	Plan and deliver exercise programs to support desired body composition outcomes
SISFFIT421A	Plan and deliver personal training
BSBSMB401A	Establish legal and risk management requirements of small business

While the nature and duration of the individual's vocational experience may vary according to the fitness business activity undertaken, evidence of the programming and delivery of a diverse range of fitness services to clients is required.

Employability Skills Summary

EMPLOYABILITY SKILLS QUALIFICATION SUMMARY	
The following table contains a summary of the employability skills required by the fitness industry for this qualification. The employability skills facets described here are broad industry requirements that may vary depending on packaging options.	
Employability Skill	Industry/enterprise requirements for this qualification include:
Communication	Consulting with medical or allied health professionals to obtain clear information about providing exercise for clients with specific needs; explaining to clients the benefits of recommended exercise prescription; providing clear information about the exercises and activities proposed or delivered; answering client's questions and providing support during delivery of fitness services.
Teamwork	Collaborating with medical and allied health professionals to take collective responsibility for innovation in delivering quality fitness services to clients; planning fitness service delivery to take into account team member strengths and weaknesses; providing support and coaching.
Problem-solving	Modifying exercise prescriptions within scope of this qualification; identifying issues related to client adherence to fitness programs and developing solutions by applying knowledge of physiology and anatomy and the pathology of specific medical conditions; identifying the need for referral back to, or consultation with medical or allied health professionals.
Initiative and enterprise	Monitoring of client progress and satisfaction and subsequently identifying the most appropriate modifications to the exercise prescription or program, within the boundaries of scope and any contraindications present; using knowledge of current and emerging fitness and health industry trends to inform work practices.
Planning and organising	Information, time and resources are organised to ensure safe and effective delivery of services; monitoring plans, procedures and systems and participating in continuous improvement processes; specialised exercise trainers will need to manage interactions with medical and allied health professionals to deliver timely and effective services to clients.
Self-management	Understanding and complying with the legal and ethical responsibilities that apply to specialised exercise trainers; maintaining professional standards and demonstrating safe practices in all aspects of the services provided, identifying boundaries and determining when to refer clients to medical or allied health

EMPLOYABILITY SKILLS QUALIFICATION SUMMARY

Modification History

Not applicable.

Qualification Description

This qualification reflects the role of individuals who perform a range of activities and functions within the fitness industry. These individuals have substantial depth of knowledge to plan, conduct and evaluate advanced exercise programs using principles of program design, and progressed anatomy and physiology knowledge to support delivery of functional, effective and safe exercise programs.

They have specialist skills to independently implement current approaches supported by evidence, and establish strategies for the prevention of recurrence of injury with guidance from medical or allied health professionals where appropriate.

The qualification does not provide the skills and knowledge for an individual to provide advice or exercise instruction to high risk clients, other than to refer the client to an appropriate medical or allied health professional.

This qualification provides a pathway to work in a diversity of fitness industry businesses including fitness centres, gyms, aquatic facilities, community facilities and in open spaces, where risk management (through risk assessment and hazard control processes) does not already exist.

Individuals who specialise in Fitness Service Coordination develop collaborative programs across various health and wellness sectors. They have knowledge of relevant local and national health networks, and the skills to build and maintain stakeholder relationships.

Individuals who specialise in Management manage and support a team of fitness professionals. This involves mentoring staff on business skills and technical skills. These individuals have skills and knowledge in marketing and sales; business analysis; time and financial management; recruiting and retaining personal trainers.

Possible job titles include:

- advanced personal trainer
- fitness services coordinator
- personal training manager.

No occupational licensing, certification or specific legislative requirements apply to this qualification at the time of publication.

^ From 1 July 2022 the elective unit HLTAID006 must no longer be delivered and will be replaced in the Packaging Rules by the unit HLTAID014 - for more information see:
<https://asqa.gov.au/news-events/news/reminder-about-superseded-hlt-first-aid-units>

Entry Requirements

Entry to this qualification is open to individuals who hold a current first aid and CPR certificate:

1. Have achieved a Certificate IV in Fitness; and
2. Have at least 1 year post qualification fitness industry experience in the application of the skills and knowledge of the Certificate IV in Fitness.

Packaging Rules

18 units must be completed:

- 5 core units
- 13 elective units, consisting of:
 - all units in Groups A or B
 - remaining units to make up the required 13 elective units from Group A, B or C; maximum of 2 units may be selected elsewhere in SIS Training Package, or any other current Training Package or accredited course.

Packaging Rules for each specialisation:

- All Group A electives must be selected for award of the Diploma of Fitness (Fitness Service Coordination)
- All Group B electives must be selected for award of the Diploma of Fitness (Management).

The selection of electives must be guided by the job outcome sought, local industry requirements and the complexity of skills appropriate to the AQF level of this qualification.

Targeted training for operational stream employees

Human Resources Policy G13 (QH-POL-240)

Purpose

To outline the eligibility provisions for operational stream employees to access the targeted training all-purpose allowance (the allowance), and the training and development education incentive fund (the incentive fund).

Application

The following provisions are applicable to Queensland Health, Hospital and Health Services (HHS) and Queensland Ambulance Service operational officers at:

- classification levels 002 to 004 regarding the allowance; and
- classification levels 002 to 005 regarding the incentive fund.

005 classification level employees are eligible for the incentive fund only.

Delegation

The 'delegate' is as listed in the relevant Department of Health Human Resource (HR) Delegations Manual, or Hospital and Health Services Human Resource (HR) Delegations Manual, as amended from time to time.

Attachment 1 – [AQF Qualifications](#)

Attachment 2 – [Eligibility and application process](#)

Policy

1. Principles

Queensland Health is committed to recognising the knowledge and skill of public sector employees through the payment of a targeted training allowance to eligible operational stream employees who have successfully completed a higher recognised accredited qualification.

Queensland Health is also committed to encouraging the development of higher skills for public sector employees through establishing a training fund. This enables 180 eligible operational stream employees per year for the life of the EB11 agreement to be reimbursed up to \$1,800 per qualification under the fund to study a qualification relevant to their role.

2. Targeted training allowance

The *Queensland Public Health Sector Certified Agreement (No. 4) 2000* (EB4) provided for a targeted training all-purpose allowance (the allowance) for OO2, OO3 and OO4 employees who attain appropriate qualifications under the Australian Qualifications Framework (AQF). These provisions are continued in the *Queensland Public Health Sector Certified Agreement (No. 11) 2022* (EB11) for OO2, OO3 and OO4 operational services officers.

2.1 Access to the targeted training allowance

An operational stream employee is entitled to payment of the allowance on condition:

- the employee has been employed at the top increment of their classification level for 12 months or more. For the purpose of this policy the top increment is OO2(4), OO3(4) or OO4(4) for the relevant classification level. An employee in receipt of the allowance will still be eligible to progress to OO2.4E and OO3.4E as per cl13.1 of EB11. This progression will not be affected by receiving this allowance, nor will the progression impact an employee receiving the allowance.
- the employee holds an approved AQF qualification and has provided a certified copy or satisfactory evidence of the qualification, such as the original, to Human Resources (HR) within the department or hospital and health Service (HHS) (refer Attachment One for the application of AQF and Attachment Two for the application of the allowance. The relevant AQF qualifications for each classification level are as follows:
 - OO2(4)
 - Access to low allowance – AQF certificate II or higher
 - Access to high allowance – AQF certificate III or higher

- 003(4)
 - Access to low allowance – AQF certificate III or higher
 - Access to high allowance – AQF certificate IV or higher
- 004(4)
 - Access to low allowance – AQF certificate IV or higher
 - Access to high allowance – AQF Diploma or higher
- the qualification is directly relevant to their role (refer to the [Targeted training for operational officer \(002-005\) - endorsed qualifications list](#))
- the AQF level of the qualification is appropriate for their classification level (refer clause 6 of Attachment 2).

3. Operational employees training and development education incentive fund

Eligible operational stream employees at levels 002 to 005 may apply for funding assistance (up to \$1,800) to attain an AQF qualification relevant to their role, in accordance with the following criteria:

- The employee is a full time or part-time permanent 002 to 005 employee.
- The employee is a temporary employee with greater than 12 months' continuous service, and the Operational Stream Oversight Committee (OSOC) has approved the employee to access the incentive fund, on the proviso it will not displace an eligible permanent employee.
- A performance and development process is completed with the employee's line manager and a suitable AQF qualification relevant to the employee's role has been identified.
- An expression of interest is completed and forwarded to the Program Officer, Cunningham Centre, Darling Downs Hospital and Health Service for approval to access funding.

Funding is conditional upon the student providing consent for the Cunningham Centre to be advised by the training provider of the student's enrolment status, history of results and any instances of withdrawal or deferment. For more information please refer to [Operational Officers' Employee Training and Development Education Incentive Fund – Implementation Guide](#).

Attachment 1 – AQF Qualifications

1. How to recognise Australian Qualifications Framework (AQF) qualifications

All vocational education and training qualifications issued under the framework include the following elements:

- Name, code and logo of issuing body
- Name of person receiving the qualification
- Nomenclature as in the framework, e.g. certificate I, diploma
- Date issued
- Authorised signatory.

Additionally, in the vocational education and training sector the following elements are to be included:

- Industry descriptor, e.g. engineering
- Occupational or functional stream, in brackets, e.g. fabrication
- The words... 'the qualification certified herein is recognised within the Australian Qualifications Framework'
- When appropriate include the words 'achieved through new apprenticeship arrangements'.

The qualification is also to include the nationally recognised training logo (see example below).

All Australian university based degree and post graduate qualifications are also to be accepted as higher qualifications for the purpose of the Operational stream targeted training allowance.

Attachment 2 – Eligibility and application process

The following information is provided as the minimum mandatory standard practice, procedure or process to enable satisfactory compliance with this Queensland Health HR policy.

Local guidelines/procedures may be developed to facilitate implementation of this policy. Any local guidelines/procedures must be consistent with this policy and attachment and ensure employee entitlements continue to be met. Updated or new local guidelines/procedures must be tabled at a relevant Hospital Consultative Forum (HCF).

1. Australian Qualifications Framework (AQF)

The AQF is the current unified system of national qualifications. Registered training organisations (RTOs) are accredited to provide training and issue qualifications according to requirements of the AQF.

All accredited qualification certificates are to display the name and logo of the issuing RTO, the nationally recognised training logo, and the logo of the relevant state or territory training authority (refer Attachment One).

For qualifications approved and accepted by Queensland Health for the purposes of accessing the allowance, refer to the Targeted training for operational stream employees - endorsed qualifications list.

An employee who possesses qualifications that are not recognised under the AQF may seek recognition of prior learning (RPL) or recognition of current competencies (RCC) from an RTO. Costs associated with recognition and award of qualifications by a training provider are the responsibility of the individual employee unless otherwise agreed between Queensland Health and the employee.

2. Appropriateness of qualifications

When it has been determined that an employee holds an AQF qualification, the department/HHS is to assess whether the qualification is appropriate and directly relevant to the employee's current position.

Only qualifications that directly contribute to an employee's ability to perform their current role, duties and responsibilities are to be deemed relevant.

3. Insufficient documentation of qualifications

The department/HHS is to ensure they sight evidence that the employee has been awarded the full qualification prior to paying either the additional increment or allowance. Information provided by the employee that demonstrates partial completion or a particular component of a qualification is not acceptable.

When the department/HHS is unable to make a determination as to the AQF level of a qualification due to insufficient detail provided, the employee is required to provide a certified copy of the qualification and any other relevant supporting documentation to the department/HHS for consideration. It is the employee's responsibility to liaise directly with the training provider to determine the AQF level.

The department/HHS is to forward information to HR Branch for verification only after all attempts have been made to determine the relevancy of the qualification to the employee's position and AQF qualification level. All supporting documentation is to be submitted including a certified copy of the qualification, details of the qualification's content and endorsement of how it is relevant to the role. All qualifications are then to be presented to the Operational Stream Oversight Committee (OSOC) and a decision is to be forwarded to the department/HHS.

4. Statements of attainment/achievement and certificate of proficiency

A statement of attainment is not acceptable, as this does not indicate the successful completion of an entire qualification. Any employee who has only provided the employer with a statement of attainment is required to produce further documentation to support their claim for the allowance.

A statement of attainment or statement of achievement from a training course such as an in-house program, or from organisations not registered as an RTO, are not acceptable and are not recognised for the purposes of accessing the allowance.

A certificate of proficiency, except those recognised under the AQF (refer Attachment One), are not recognised for the purpose of the allowance. Refer to Salary Advancement HR policy C16 for additional information for anaesthetic technicians.

5. Other qualifications

5.1 Advanced diploma or higher qualification – OO4 employees only

An OO4 employee who possesses a relevant advanced diploma or above (or recognised overseas equivalent) is deemed to possess a qualification equivalent to a diploma (certificate V) for the purposes of accessing the allowance.

5.2 Overseas qualifications

When an employee possesses an overseas qualification, it is the responsibility of the employee to provide a conversion statement and a complete list of the subjects completed.

The employee is to contact their local Department of Employment, Small Business and Training (DESBT) office to attain such a statement at their own expense. The employee may also be required to have their qualification assessed by an RTO to determine articulation to the AQF.

5.3 Trade equivalence/apprenticeships

When an employee presents a certificate of recognition from DESBT or its predecessors that indicates the employee has obtained trade equivalence, e.g. as a cook, the department/HHS is to note that most trade equivalent qualifications are recognised at AQF certificate III level. The department/HHS is to seek further clarification from the original training provider or DESBT to determine articulation to the AQF, except those outlined in the Targeted training for operational stream employees -endorsed qualifications list.

6. Eligibility for payment of the allowance

In determining whether an employee is eligible to receive the allowance, the employee is to have been at the relevant classification level for 12 months or more and the level of the qualification is to correspond to the employee's classification level as follows:

Classification level	Qualification	Entitlement	Fortnightly Targeted training allowance (rate effective 1.9.2022)	Fortnightly targeted training allowance (rate effective 1.9.2023)	Fortnightly Targeted training allowance (rate effective 1.9.2024)
OO2(4)	AQF certificate II	Access low allowance	\$38.60	\$40.10	\$41.30
OO2(4)	AQF certificate III or higher	Access high allowance	\$76.20	\$79.20	\$81.57
OO3(4)	AQF certificate III	Access low allowance	\$45.54	\$47.36	\$48.78
OO3(4)	AQF certificate IV or higher	Access high allowance	\$74.79	\$77.78	\$80.11
OO4(4)	AQF certificate IV	Access low allowance	\$36.05	\$37.49	\$38.61
OO4(4)	AQF Diploma or higher	Access high allowance	\$78.04	\$81.16	\$83.59

The allowance is included in calculations of overtime, recall, shift penalties and leave loading.

- The QSuper Board of Trustees and Governor in Council gave approval for the allowance to be included as part of superannuable salary as follows:
 - effective 1 July 2001 for OO3 and OO4 employees
 - effective 31 May 2002 for OO2 employees.
- The allowance is paid on base pay worked (not contracted hours).
- Eligible part-time or casual employees are entitled to the allowance on a pro rata basis, based on the number of ordinary hours worked.

7. Approval date for recognising qualifications

All documentation is to be date stamped upon receipt. Payment is made from the date documentary evidence of the AQF qualification/s is received by the local HR unit.

The line manager is to endorse the direct relevance of the qualification to the employee's role prior to submission at OSOC. If the qualification is referred to OSOC and the qualification is endorsed, payment of the allowance is from the date the employee provided documentation to HR.

If an employee possesses an AQF qualification that meets the criteria outlined in this policy, but the employee has not been on the top increment for 12 months or more, documentary evidence of the qualification is to be placed on the employee's personnel file. It is the responsibility of the employee to advise their local HR unit in writing when the 12 months has elapsed and they are eligible to apply for the allowance.

Once the employee's qualifications have been assessed, the department/HHS is to contact the employee directly and advise them in writing whether or not they have been successful. Such advice is to contain either the details of their new entitlement or reasons why they were unsuccessful at that point in time. Information provided in this policy is to assist the department/HHS in communicating the relevant reasons to employees.

8. At least 12 months service on the maximum paypoint

The department /HHS is to ensure that an employee seeking payment of the allowance has spent at least 12 months with Queensland Health on the maximum pay point, for example OO3(4) or OO4(4). An employee is not required to work a minimum number of hours within the 12 month period to access the allowance.

9. Continued payment of the allowance

9.1 Cessation of allowance on transfer to another role

An employee who accesses the allowance and subsequently no longer occupies a position relevant to the AQF qualification is to cease receiving the allowance from the date of commencement in the new role.

9.2 Disciplinary processes

When an employee is subject to a disciplinary process, the subject of retention of the allowance is to be addressed in accordance with that process.

9.3 Retention of payment on deployment

When an employee is subject to the deployment process, they are to retain their original increment and allowance subject to the salary maintenance provisions applicable to surplus employees.

10. Higher duties

An employee who is receiving the allowance and relieves in a higher duties position, is to cease receiving the allowance for the higher duties period. If an employee relieves in higher duties and has a qualification relevant to the higher position and they fulfil the other requirements, including being on the highest paypoint for 12 months or more, they are then able to access the allowance for the higher position.

An employee in receipt of the allowance and relieving in higher duties, and as a result is receiving less remuneration than they were in their substantive position, is to be remunerated at the next highest paypoint of the higher level at which they will receive more remuneration than they receive in their substantive position (including the allowance). This may be the second or third paypoint of the higher level.

Example

If an OO2(4)E who is receiving the allowance commences higher duties at OO3, the allowance is to cease. As the fortnightly pay of level of OO3(1) and level OO3(2) is less than OO2(4)E with the allowance, the employee is to be remunerated at OO3(3).

To receive the allowance in addition to the higher duties, the employee is to be at OO3(4) for at least 12 months.

Good morning Chloe,

I hope you had a good weekend. I'm emailing to explain some disruptions to my start times last week due to urgent conferences with my legal representatives, after my lawyer stopped responding and was removed from the firm while my civil matter is still ongoing; as a result, I couldn't end certain calls. To update you: on Wednesday 10 December I was on the phone for 45 minutes early, called Sonya back to advise I was on the phone, arrived around 30 minutes late, and then stayed back 45 minutes to ensure all jobs were completed (this can be seen via edits to documents on the switchboard shared drive); on Tuesday I spent almost 2 hours on the phone instead of attending the union meeting; and on Monday I experienced severe anxiety and found it difficult to enter the building.

I am not comfortable sharing sensitive details, as the situation has been significantly affecting my ability to eat, sleep, and function; however, I have attached my call logs and clear messages received from my former partner around the time I served separation documents. These attached documents are provided for the limited purpose of confirming my attendance and leave circumstances. I do not consent to them being shared. Strict disclosure is limited to Jaquie and Scott, and I do not consent to further information being shared or comments made regarding my situation, except as required by law or for safety reasons.

Kind regards,

Cory

Hi Chloe,

Sorry for the late upload ? I've been struggling each day one thing at a time feels difficult and have been quite distressed lately. I've attached my medical certificate to this email.

If you would like to talk through where things are at. Happy to give you a call, or feel free to call me once you've had a chance to read this.

What I wanted to ask is whether I can drop to 5 shifts for the next month while I work on getting myself well. The plan would be to build my shifts back up once I'm doing better.

I am struggling today so request it off.

Thanks for your understanding.

Regards,
Cory

Good afternoon Cory,

I'm sorry to hear that you've been having a difficult time recently and are feeling distressed.

Thank you for letting me know.

To ensure we have a clear understanding of your current capacity and can provide the most appropriate support in the workplace, could you please arrange for the attached Employee Capabilities Checklist (ECC) to be completed by your GP?

Once the ECC has been returned together with a supporting Medical Certificate, I will review the information provided and we can then discuss the next steps to ensure you are supported and working safely.

If you would like to talk through things in the meantime, please feel free to give me a call or alternatively reach out to our Employee Assistance Program (EAP) (brochure attached) for some additional support during this difficult time.

Kind regards,
Chloe

Purpose of the role

To provide a highly effective and efficient communication service to the public and staff of the Logan Hospital within Metro South Hospital and Health Service.

The occupant of this position is required to work continuous shift work over the full 24-hour period, 7 days a week

Your key responsibilities

- This position reports to the Switchboard Manager, Corporate Services, Logan Hospital.
- Attend courteously to all telephone enquiries and clients' requests, displaying tact, diplomacy and interpersonal skills of a high standard when dealing with the public and members of staff. Maintain call queues to minimum at all times.
- Collate information and maintain Omnivista database and SharePoint to ensure information held within Switchboard Services is accurate and appropriate.
- Provide a service to support hospital staff in the allocation, coordination, and fault repair of all pager units for the hospital. This includes allocating pagers to hospital staff and submitting paging units for repair, maintaining database and registers with accurate and current information.
- Participate in the Emergency Response process by receiving emergency response notifications and distributing them to the appropriate response groups, dependent on the category of emergency, as per emergency code procedures, strictly adhering to protocols and timeframes.
- Ability to communicate at all levels and effectively establish and foster networks throughout the hospital to maintain accurate and current records for effective switchboard operations.
- Maintain discretion and exercise judgement where necessary to resolve problems within the scope of your role; in situations where precedence have not been set and procedures not defined.
- Interact in a sensitive, timely, effective, and appropriate manner with members of the general public and service providers, maintaining strict confidentiality at all times.
- The ability to multitask and operate under pressure, particularly where high volume call traffic is concerned.
- Contribute to a cohesive team environment by sharing information, supporting and assisting colleagues in a proactive manner.
- Ability to work effectively as an individual with limited supervision to meet deadlines and establish work priorities, and work as a member of a multi-disciplinary team in a changing environment.
- Ensure patients and other staff are treated fairly and with mutual respect and understanding, regardless of cultural, religious, ethnic and linguistic backgrounds, gender, identity, ages or abilities.

- Follow defined service quality standards, occupational health and safety policies and procedures relating to the work being undertaken to ensure high quality, safe services and workplaces.

Mandatory qualifications, professional registration and other requirements

- The position is a continuous shift working role. You must be able to work a roster which covers multiple shifts over a 24/7 period.
- Intermediate / advanced computer skills.
- Recent experience in the operation of a switchboard is desirable but not essential.
- **Vaccine Preventable Disease (VPD):** It is a condition of employment for this role for the employee to be, and remain, vaccinated against the following vaccine preventable diseases during their employment ([Health Employment Directive No. 01/16](#)):
 - measles, mumps, rubella (MMR)
 - varicella (chicken pox)
 - pertussis (whooping cough)
 - hepatitis B
- It is a condition of employment for this role for the employee to be, and remain, vaccinated against COVID-19 ([Health Employment Directive No. 12/21](#) and [Queensland Health Human Resources Policy B70](#)).

Are you the right person for the job?

How we do things is as important as what we do, therefore within the context of the responsibilities described under 'Your key responsibilities,' the ideal applicant will be someone who can demonstrate the following:

Communicate Effectively	▪ Strong communication and negotiation skills to understand customers' needs. Demonstrate respect, courtesy and fairness when interacting with patients, clients and colleagues.
Team Focus	▪ Value diversity of thought and include everyone within the team. Actively support a culture of diversity, trust, support and inclusion.
Technical Skills	▪ Intermediate / advanced computer skills.
Change & Quality Focus	▪ Be open to new ideas and approaches and be adaptable in the face of change. Support and participate in change initiatives. Follow procedures and processes understanding implications within a health care setting.
Work Ethics	▪ Be honest, ethical and professional. Work within boundaries of role.

How to apply

Please provide the following information to the panel to assess your suitability:

- A short written response (maximum 1-2 pages, dot points acceptable) on how your experience, abilities, knowledge and personal qualities would enable you to achieve the key responsibilities and meet the skill requirements of the role.
- Your current CV or resume, including two referees. You must seek approval prior to nominating a person as a referee.
- Late applications cannot be submitted online. For a late application to be considered, please arrange approval and submission via the contact person.
- Applications will remain current for 12 months or for the duration of the vacancy. Future vacancies of a temporary, full time and part time nature may also be filled through this recruitment process.
- Only those persons eligible to work in Australia may be employed by Queensland Health. Prospective employees are required to provide proof of identity and documentary evidence of their [right to work in Australia](#).

We are Metro South Health

We are the major public healthcare provider for Brisbane's south side, Logan, Redlands and the Scenic Rim. We operate five major hospitals and a range of community, specialty and state-wide healthcare services. We are renowned for teaching and research excellence.

Good afternoon Cory,

I'm sorry to hear that you've been having a difficult time recently and are feeling distressed.

Thank you for letting me know.

To ensure we have a clear understanding of your current capacity and can provide the most appropriate support in the workplace, could you please arrange for the attached Employee Capabilities Checklist (ECC) to be completed by your GP?

Once the ECC has been returned together with a supporting Medical Certificate, I will review the information provided and we can then discuss the next steps to ensure you are supported and working safely.

If you would like to talk through things in the meantime, please feel free to give me a call or alternatively reach out to our Employee Assistance Program (EAP) (brochure attached) for some additional support during this difficult time.

Kind regards,
Chloe

Hi Chloe,

Sorry for the late upload ? I've been struggling each day one thing at a time feels difficult and have been quite distressed lately. I've attached my medical certificate to this email.

If you would like to talk through where things are at. Happy to give you a call, or feel free to call me once you've had a chance to read this.

What I wanted to ask is whether I can drop to 5 shifts for the next month while I work on getting myself well. The plan would be to build my shifts back up once I'm doing better.

I am struggling today so request it off.

Thanks for your understanding.

Regards,

Cory

Hi Chloe,

Thanks for following up.

1. ECC progress ? I have an appointment booked for 5 June to get the ECC completed. Screenshot of the booking confirmation attached.

2. Tomorrow's roster ? I also have a court mention in Brisbane tomorrow at 10am and I'm currently rostered on the morning shift. In order of preference, I'd like to:

- ? Swap my morning for someone's afternoon shift, or
- ? Come in around 1pm if anyone on the. midday. shift would like to swap.

If neither swap is possible, I'll need to take tomorrow off as a last resort.

Appointment confirmation and court mention both attached. Let me know if a swap is workable.

Thanks,
Cory

Subject: Cory Shepherd - ECC

Good morning Cory,

I just wanted to check in to see how you are doing and how things have been progressing for you.
I note our last conversation you seemed quite distressed. I hope you're taking care of yourself and have the support you need during this time.

I also wanted to remind you that Queensland Health's Employee Assistance Program (EAP) is available should you feel, you would benefit from some additional support. The service is confidential and available to employees if you would like to access it. I have attached a brochure with further details for you to review.

I note that we have not yet received the medical information that was requested via email on 5 May 2026. I was just wondering how this is progressing and whether you have an indication of when we might expect to receive it, as it will assist us in supporting your ongoing management. If you feel more comfortable you are welcome to send the documentation directly to the Injury Management team at lbh_InjuryManagement@health.qld.gov.au.

Until we receive appropriate medical clearance, including a completed Employee Capacity Certificate (ECC), we are unable to facilitate your return to work. This is to ensure that any return to duties is safe for you. As your employer, we have a legal obligation under section 19 of the Queensland Work Health and Safety Act 2011, which sets out the primary duty of care to ensure, so far as is reasonably practicable, the health and safety of workers by providing and maintaining safe systems of work. Without current medical information confirming your capacity for work and any applicable restrictions, we are unable to safely assess or facilitate a return to duties. Once we receive the completed medical documentation, we will review it promptly and work with you to determine appropriate next steps.

Please note regards to your shifts this weekend - if we have not received the documentation with adequate time to review, you will be unable to return to work. Please wait for my advice to when your next returning shift will be.

If you have any questions or if there is anything I can assist you with, please don't hesitate to contact me.

Kind regards,
Chloe

****Applications from third parties will not be accepted****

Purpose of the role

To provide a highly effective and efficient communication service to the public and staff of the Logan Hospital within Metro South Hospital and Health Service.

The occupant of this position is required to work continuous shift work over the full 24-hour period, 7 days a week

Your key responsibilities

- This position reports to the Switchboard Manager, Corporate Services, Logan Hospital.
- Attend courteously to all telephone enquiries and clients' requests, displaying tact, diplomacy and interpersonal skills of a high standard when dealing with the public and members of staff. Maintain call queues to minimum at all times.
- Collate information and maintain Omnivista database and SharePoint to ensure information held within Switchboard Services is accurate and appropriate.
- Provide a service to support hospital staff in the allocation, coordination, and fault repair of all pager units for the hospital. This includes allocating pagers to hospital staff and submitting paging units for repair, maintaining database and registers with accurate and current information.
- Participate in the Emergency Response process by receiving emergency response notifications and distributing them to the appropriate response groups, dependent on the category of emergency, as per emergency code procedures, strictly adhering to protocols and timeframes.
- Ability to communicate at all levels and effectively establish and foster networks throughout the hospital to maintain accurate and current records for effective switchboard operations.
- Maintain discretion and exercise judgement where necessary to resolve problems within the scope of your role; in situations where precedence have not been set and procedures not defined.
- Interact in a sensitive, timely, effective, and appropriate manner with members of the general public and service providers, maintaining strict confidentiality at all times.
- The ability to multitask and operate under pressure, particularly where high volume call traffic is concerned.
- Contribute to a cohesive team environment by sharing information, supporting and assisting colleagues in a proactive manner.
- Ability to work effectively as an individual with limited supervision to meet deadlines and establish work priorities, and work as a member of a multi-disciplinary team in a changing environment.
- Ensure patients and other staff are treated fairly and with mutual respect and understanding, regardless of cultural, religious, ethnic and linguistic backgrounds, gender, identity, ages or abilities.

- Follow defined service quality standards, occupational health and safety policies and procedures relating to the work being undertaken to ensure high quality, safe services and workplaces.

Mandatory qualifications, professional registration and other requirements

- The position is a continuous shift working role. You must be able to work a roster which covers multiple shifts over a 24/7 period.
- Intermediate / advanced computer skills.
- Recent experience in the operation of a switchboard is desirable but not essential.
- **Vaccine Preventable Disease (VPD):** It is a condition of employment for this role for the employee to be, and remain, vaccinated against the following vaccine preventable diseases during their employment ([Health Employment Directive No. 01/16](#)):
 - measles, mumps, rubella (MMR)
 - varicella (chicken pox)
 - pertussis (whooping cough)
 - hepatitis B
- It is a condition of employment for this role for the employee to be, and remain, vaccinated against COVID-19 ([Health Employment Directive No. 12/21](#) and [Queensland Health Human Resources Policy B70](#)).

Are you the right person for the job?

How we do things is as important as what we do, therefore within the context of the responsibilities described under 'Your key responsibilities,' the ideal applicant will be someone who can demonstrate the following:

Communicate Effectively	▪ Strong communication and negotiation skills to understand customers' needs. Demonstrate respect, courtesy and fairness when interacting with patients, clients and colleagues.
Team Focus	▪ Value diversity of thought and include everyone within the team. Actively support a culture of diversity, trust, support and inclusion.
Technical Skills	▪ Intermediate / advanced computer skills.
Change & Quality Focus	▪ Be open to new ideas and approaches and be adaptable in the face of change. Support and participate in change initiatives. Follow procedures and processes understanding implications within a health care setting.
Work Ethics	▪ Be honest, ethical and professional. Work within boundaries of role.

How to apply

Please provide the following information to the panel to assess your suitability:

- A short written response (maximum 1-2 pages, dot points acceptable) on how your experience, abilities, knowledge and personal qualities would enable you to achieve the key responsibilities and meet the skill requirements of the role.
- Your current CV or resume, including two referees. You must seek approval prior to nominating a person as a referee.
- Late applications cannot be submitted online. For a late application to be considered, please arrange approval and submission via the contact person.
- Applications will remain current for 12 months or for the duration of the vacancy. Future vacancies of a temporary, full time and part time nature may also be filled through this recruitment process.
- Only those persons eligible to work in Australia may be employed by Queensland Health. Prospective employees are required to provide proof of identity and documentary evidence of their [right to work in Australia](#).

EXCELLENCE

We empower each other and inspire innovation to deliver excellence.

Diversity and inclusion

We are the most culturally diverse area of Queensland with 28.5% of the community born overseas and 16% from non-English speaking countries. Our employees proudly reflect the community in which they work. At Metro South Health 20.5% of staff identify as coming from non-English speaking backgrounds.

Having a workforce that reflects and understands the needs and expectations of our community is important to delivering safe, kinder, and more inclusive care.

We recognise our strength comes from the diversity of our people and so we encourage people of all genders, ethnicities, ages, abilities, languages, sexual orientation and family responsibilities to apply.

We are committed to creating a diverse and inclusive workplace for our people and our community.

Flexible working arrangements

Metro South Health supports and encourages work-life balance for the mutual benefit of Metro South Health and its employees. Work-life balance is about a person's ability to manage their paid work commitments with their career goals, personal, community and cultural responsibilities. Through flexible working arrangements such as leave, flex time accrual or a reduction in working hours, there is an opportunity to match the individual's requirements with those of the workplace – delivering quality health services.

Additional information

For further information about this opportunity and the benefits and conditions of working at Metro South Health please refer to the **Information for Applicants** document attached with this Smart Jobs advertised vacancy.

Hi Cory,

I just wanted to check in to see how you are doing and how things have been progressing for you.
I know you had a scheduled appointment with your doctor yesterday as per text message sent on Monday 29 th July.

Did your doctor give you any indication when the required documentation will be completed?
Until
we receive appropriate medical clearance, including a completed Employee Capacity Certificate (ECC), we are unable to facilitate your return to work, please wait for my advice to when your next returning shift will be. Unless you advise me otherwise, I will process your shifts that you have not worked as Sick Leave ? Please confirm by Friday 3 rd July before 2:00pm.

Kind regards,
Chloe

Hi Chloe,

Thanks for that. As the time off was due to my medical condition and my paid sick leave is exhausted, could you please process the balance as annual leave rather than sick leave without pay.

On returning the completed Employee Capability Checklist went to the Injury Management team today. It certifies me fit to resume from 3 July 2026. Could you please confirm I'm right to attend, or otherwise let me know my next returning shift.

Kind regards,
Cory
