

Accessing ExpenseMe Pro from a non-Queensland Health device

Quick Reference Guide

Who is this guide for

This guide is for staff members needing to access ExpenseMe Pro on a personal device to create, review, and submit expense claims because they do not have access to a Queensland Health device.

This may be for a variety of reasons including temporary staff members, such as locums and nurses, who need to submit expense claims at the completion of their engagement after leaving Queensland Health premises.

Provided you are a staff member with a Novell log in - and prior to completing your engagement you log in on a Queensland Health device to your Queensland Health email account - you may request a password reset to a personal email address. This will enable you to access ExpenseMe Pro from your personal device for a *limited* time. As your access time is limited, you should create, review, and submit any claims no later than three business days after your final work of work.

As you will not have access to support resources located on QHEPS from your personal device, we recommend emailing this guide to your personal email account. Also consider emailing to personal address other Quick Reference Guides you may need.

Requesting access

To access ExpenseMe Pro on a personal device you will need to email from your Queensland Health email account to expense_claim@health.qld.gov.au and provide the following information:

- **Subject line** – Access to EMP via a non-QH device
- **Reason** – provide the reason for your need to access ExpenseMe Pro on a personal device,
- **PID** – provide your PID number,
- **Final work date** – if you are a temporary staff member, e.g. locum or nurse on short term contact, provide the date of your last day of employment,
- **Personal email address** – provide the personal email address.

Once your email has been reviewed and approved for access a link will be sent to the personal email address you provided.

In case further information is required, we recommend submitting your request for access no less than one week prior to your final work date. Requests submitted from your Queensland Health address assist with confirming your identity.

Due to the limited support available to private email addresses, we recommend enlisting the assistance of a proxy to assist you with creating expense claims. Setting up a proxy takes approximately 3 business days and would need to be in place a week prior to completing your engagement.

Accessing ExpenseMe Pro

ExpenseMe Pro is not designed for access from small devices such as smartphones. We recommend using larger devices such as a PC, laptop, or tablet.

On receipt of the email to your personal email account you will need to use the provided link on your personal device and reset the password.

We recommend you finalise all expense claims within three business days of your final work date before your access to ExpenseMe Pro becomes unavailable.

1. Select the link provided in the email to your personal account.
2. Select **Current Password** and enter your Novell login password.
3. Select **New Password** and enter a password.
4. Select **Confirm Password** and enter your new password.
5. Select **Change Password**.
6. Review the Privacy Statement and select **I Accept**.

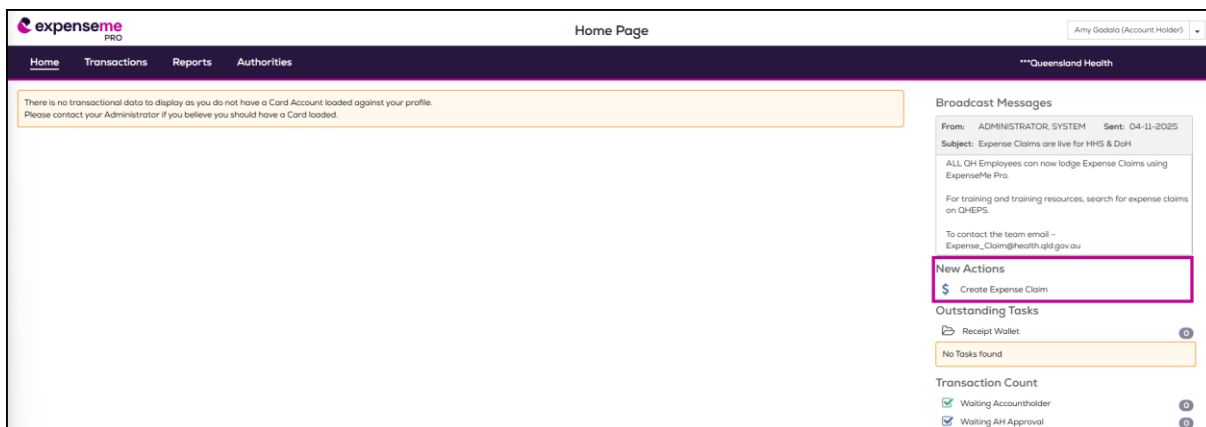

The screenshot shows the 'Change Password' page of the ExpenseMe Pro system. The page has a dark background with a blurred image of a person using a laptop. A white form is centered on the page, titled 'Please enter your CURRENT password and your NEW password twice.' The form contains three input fields: 'Current Password', 'New Password', and 'Confirm Password', each followed by a password strength indicator. Below the input fields, there is a section for 'Security Level' with details: 'Password Character Reuse%(0), Password Expiry Days(60), Password History, Password History Days(450), Strong Passwords (5 alpha, 3 numeric, 0 special), Minimum Password Length (12)'. At the bottom right of the form is a 'Change Password' button.

Creating and submitting an expense claim

Creating the expense claim

The following guide uses the example of creating a domestic travel allowance and other actuals expenses claim.

1. Log in to ExpenseMe Pro using the link provided via email.
2. Select **Create Expense Claim** from under New Actions on the ExpenseMe Pro Home Page.

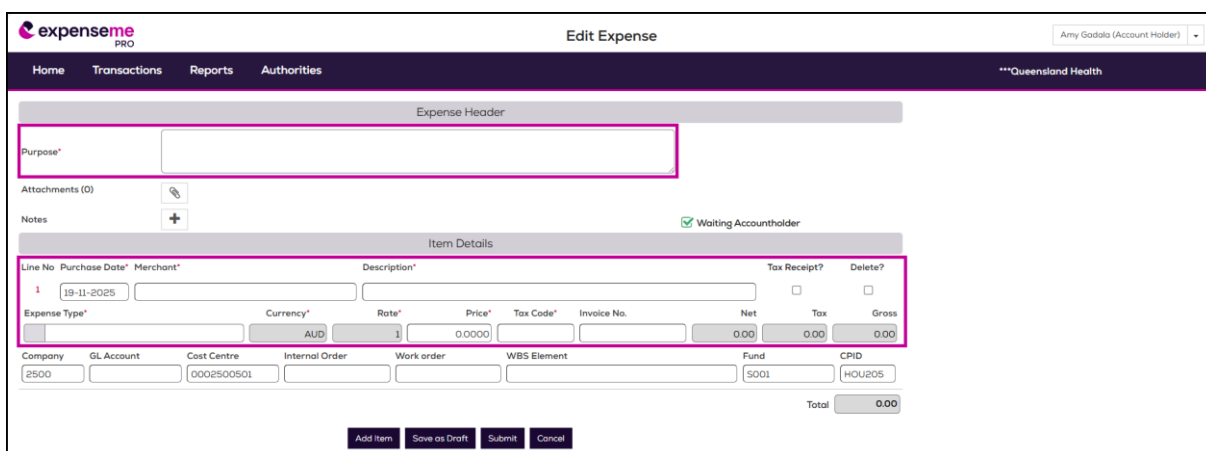

3. Update the following fields:

Any fields marked with a red asterisk * are mandatory fields and *must* be completed before a claim may be saved as a draft or submitted.

- **Purpose** - enter a brief and clear description of the expense you are claiming,
- **Purchase Date** - use the calendar tool to select the date of your claim,
- **Merchant** - enter the merchant, or if claiming an allowance enter *Allowance* or your name,
- **Description** - enter a brief description of the claim,
- **Tax receipt** - select to indicate where a tax receipt will be attached, or for an allowance leave unselected,
- **Price** - leave blank, many expense claims related to travel will automatically calculate (return and check before submitting your claim),
- **Invoice No** - enter the tax invoice or receipt number provided by the merchant, you can enter *Various* if required, for an allowance leave blank.

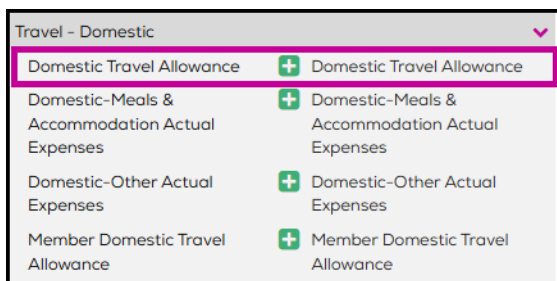

The Description field has 50-character limit and displays as the payment reference on your remittance advice.

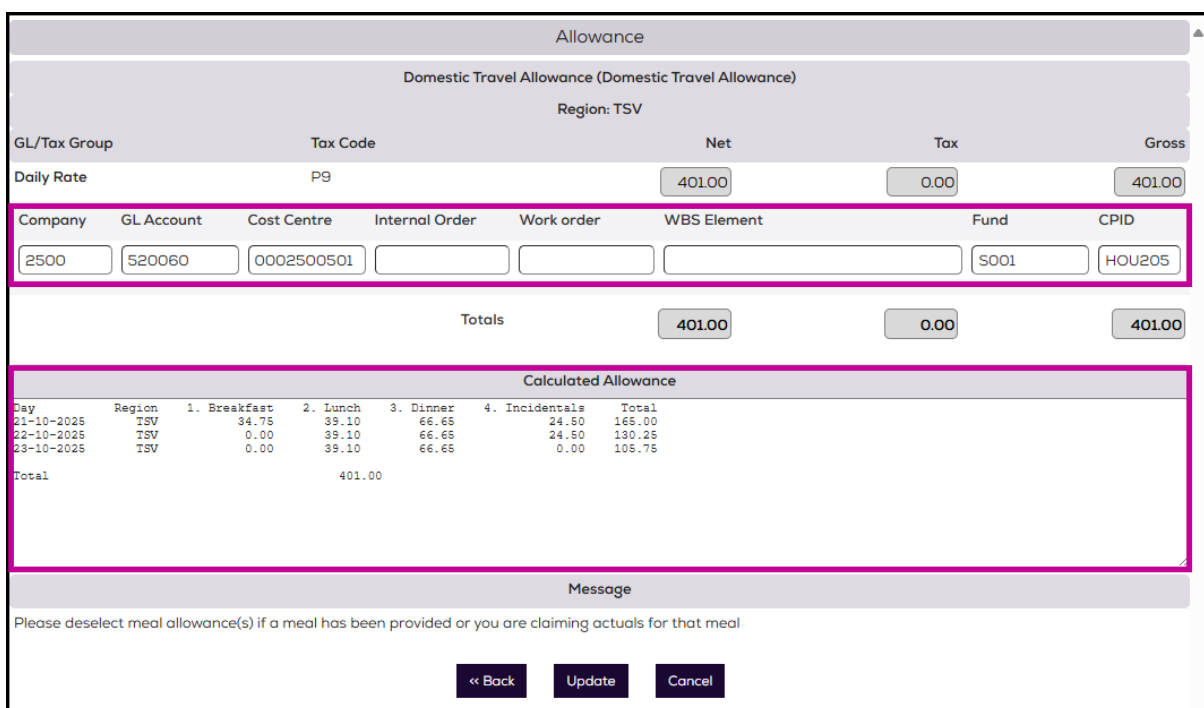

- Select the **Expense Type** field to display a list of expense types.
- Select the required expense type category from the list e.g. **Travel – Domestic**, then select the subcategory e.g. **Domestic Travel Allowance**.

The  icon indicates a form will open in a new window/s for you to complete. Expense types without this symbol require only the fields on the main screen to be completed.

- Complete all necessary fields.
- Review your claim and update the costing information if required.

The Company and Cost Centre fields are pre-filled according to your HRIS/SAP Cost Centre. The GL Account and Tax code are populated by the Expense Type selected. The GL Account cannot be edited.

If necessary, update the Tax Code and costing information. Enter costing information from left to right (Company first, followed by Cost Centre, Internal Order etc.) to ensure your changes save correctly.

- Select **Update**.

To edit a claim with additional windows, select  from the Expense Type field.

Attach supporting documentation

To successfully submit a claim for an expense, you *must* attach the supporting documents appropriate for the expense type. This will typically include your manager's approval to incur the expense, receipts, and other relevant information for the expense such as your travel itinerary for travel related claims.

PDF is the preferred document format for your supporting documentation and there is an upload limit of 10MB per file. You may attach files individually or combine multiple into one PDF file.

1. Select the **Attachments** paperclip icon underneath the Purpose field.

The screenshot shows the 'Expense Header' form. The 'Purpose*' field contains the text 'Attend Nth Qld Medical Conference'. Below it, the 'Attachments (0)' field has a paperclip icon, which is highlighted with a red rectangular box. The 'Notes' field has a plus icon. In the bottom right corner, there is a green checkmark and the text 'Waiting Accountholder'.

2. Select **Upload** to open the File Attachments window.

The screenshot shows the 'File Attachments' window. At the top, there is a red 'Upload' button. Below it, there are two sections: 'Attached Files' and 'Unattached Files'. Each section has a table with columns 'Description' and 'File'. The 'Attached Files' section shows 'No attached files'. The 'Unattached Files' section shows 'No unattached files'.

3. Select **Choose File** from the File Attachments window.

The screenshot shows the 'File Attachments' window. The 'Description' field is empty. The 'File' field has two rows, each with a 'Choose File' button and the text 'No file chosen'. The 'Choose File' button in the first row is highlighted with a red rectangular box. At the bottom, there are 'Cancel' and 'Update Changes' buttons.

4. Enter a brief **Description** for each document uploaded.

The screenshot shows the 'File Attachments' window. The 'Description' field has two rows: 'Mgr approval' and 'Itinerary'. The 'File' field has two rows: 'Choose File' and 'Manager appr...th Qld conf.pdf' and 'Choose File' and 'Travel itinerary - TSV.pdf'. The 'Description' field in the first row is highlighted with a red rectangular box. At the bottom, there are 'Cancel' and 'Update Changes' buttons.

5. Select **Update Changes**.
6. Repeat selecting files, adding a description, and selecting Update Changes until all required documentation has been uploaded.
7. Once you have finished uploading files and receive a notification advising *Update successfully completed* you can close the window.

The screenshot shows the 'expenseme PRO' logo on the left and a yellow notification bar on the right that says 'Update successfully completed.' with a close button (X).

8. To confirm that all your attachments have been uploaded:

- Check the number displayed next to the Attachments heading. This indicates how many files have been added.
- Selecting the Attachments paperclip will display the Attached Files list on the right.

The screenshot displays the ExpenseMe Pro interface. The 'Expense Header' section includes a 'Purpose' field with the text 'Attend Nth Old Medical Conference' and an 'Attachments (2)' link highlighted with a pink box. Below this is a 'Notes' field with a plus icon. The 'Item Details' section contains various fields for 'Line No', 'Purchase Date', 'Merchant', 'Description', 'Tax Receipt?', and 'Delete?'. It also includes a table for 'Expense Type' with columns for 'Expense Type', 'Currency', 'Rate', 'Price', 'Tax Code', 'Invoice No.', 'Net', 'Tax', and 'Gross'. The 'Attached Files' list on the right shows two files: 'Mgr approval - Nth Old conf.pdf.pdf' and 'Travel itinerary - TSV.pdf.pdf', both with 'Detach' links. The 'Unattached Files' list is empty.

Submit and review your claim

1. Select **Submit** to finalise your claim.

Once your claim has been submitted, the Business Rules Notification(s) message will prompt you to check that you have attached the necessary documentation and remind you of relevant business rules.

2. Select **Go To Expense Details** to open your claim for review.

Business Rules Notification(s)

DOM Travel Attachments [18]

Please ensure you have attached the following:

- Your approval to travel
- Itinerary
- Tax Invoice/Receipt (for actuals)
- Expense Payment Fringe Benefit Declaration (if applicable)
- Residual Benefit Declaration - hire cars (if applicable)

If this travel claim is for 21 days or more, check with your manager whether this should be a LAFHA Claim.

If you have not included all the necessary documentation for your claim, you can upload additional attachments by selecting the Attachments button.

4. Select **Go to Home Page**.

Claimant QRG - Accessing ExpenseMe Pro from a non-Queensland Health device

Reviewing and submitting a proxy created expense claim

The following instructions relate to when a proxy has created your expense claim, and you need to review and submit the claim for processing.

Opening and reviewing the claim

1. Log in to ExpenseMe Pro using the link provided via email.
2. Select **Waiting AH Approval (Expenses)** from Outstanding Tasks.

3. Select the  **Review** icon for the claim you wish to review.

4. Review the following fields of the Expense Header area:

- **Purpose** - check the purpose of the claim is clear and correct,
- **Purchase Date** - check the purchase date entered in the claim matches the date shown on the attached documentation (e.g. tax invoice or receipt).

5. Check the following fields of the Item Details area for each Line No:

- **Purchase Date** – ensure the purchase date entered in the claim matches the date shown on the attached documentation,
- **Merchant** – for an allowance claim this field may have *Allowance* or your name, for other expense types ensure the name of the business or supplier has been correctly entered,
- **Description** – ensure the description is clear and that a valid justification has been provided for the expense,
- **Tax Receipt** – for some claims, such as an allowance claim, this may be left unselected, otherwise it should be selected to indicate a valid tax invoice or receipt has been attached.
- **Expense Type** – ensure that the selected expense type is appropriate for the claim,
- **Price** – check the amount of the claim aligns with the tax invoice and/or is in accordance with policy,
- **Tax** - check that the tax amount aligns with the tax invoice and is appropriate for the expense type.
- **GL Codes** - check that costing details are correct. Hovering over the GL Code details will provide an expanded explanation of each of the costing details.
 - **Company Code** – review to ensure the correct Company Code displays,
 - **GL Account** – is automatically populated according to the selected expense type,
 - **Cost Centre** – ensure the correct cost centre displays,
 - **Internal order/ Work Order/WBSE** – (needs to be reviewed), if any of these costing fields were used ensure they have been correctly selected,
 - **Fund** – this will default to S001 for expense claims
 - **CPID** – this will default to HOU205 for expense claims
 - **Routing code** – automatically populated dependent on the cost centre (or object) selected.

Submitting a proxy created claim

These instructions follow on from the instructions for Opening and reviewing the claim and assumes the claim is ready to be approved. If you need to edit the claim see the instructions following for Editing a proxy created claim.

Only claims that are complete, accurate, and fully compliant with Queensland Health's expense policies and documentation requirements should be submitted.

1. Select the **Approve** icon from the Action icons.

2. Select **OK** in the displayed message to finalise the approval and submit the claim.

The claim will move from the Outstanding Tasks list to the Transaction Count list under Waiting Cost Centre Approval on your home page.

3. Review other claims or select **Home** from the menu.

1. Select **Waiting AH Approval** from the Transaction Count list on the ExpenseMe Pro Home Page.

2. Locate the required record.

3. Select the  **Review** icon to open the Expense Details page.
4. Scroll to bottom of the Expense Details page and select **Reverse Expense**.
5. Review the displayed message and select **OK**.

6. Scroll to the bottom of the Expense Details page and select **Edit Expense**.
7. Edit the claim as required.

8. Select **Submit**.

Email expense_claim@health.qld.gov.au
Support is limited to ExpenseMe and is not available for personal devices.
