Dear Mr Shepherd

I refer to your employment as an Administration Officer (**AO**), Switchboard Operations, Corporate Services, Logan Hospital (**LH**), Metro South Health (**MSH**) on a Permanent Full-time basis 76 hours per fortnight and your recently completed Employee Capabilities Checklist (**ECC**) (**Attachment 1**) completed by Dr Day Hong Ma on the **3 July 2026** which was provided to us to facilitate a Return to Work Plan.

I am seeking further clarification from Dr Day Hong Ma, to understand the nature of some of the restrictions stated in the ECC and how this relates to your current medical condition/s and the effect they have on your ability to perform the inherent requirements of your role Administration Officer (**AO**), Switchboard Operations, Corporate Services (**CS**) Logan Hospital.

I require further information from your general practitioner to confirm:

- The impact of your medical condition and/or disorder on your ability to perform your role;
- Any risks to your health and safety in undertaking the role;
- Any other matters that are considered relevant to your medical condition and/or disorder.

You may choose to:

1. Obtain this information from your medical practitioner on the attached '*Request for Medical Information*'; or
2. Provide Metro South Health permission to obtain this information directly from your medical practitioner. An authority form is attached should you prefer this option. Please let me know if you prefer this option.

We are requesting this information in accordance with the provisions of the Human Resources (**HR**) Policy G3: Reasonable Adjustment, and sections 17 and 19 of the *Work Health and Safety Act 2011*. This information will primarily be used for the purposes of better understanding your condition and to support the implementation for appropriate controls within the working environment or any other reasonable adjustments.

I ask that you please return the applicable document within **seven (7) calendar days** of receipt of this letter. This will enable me to give proper consideration to your requested restrictions to duties and determine what accommodations we can provide. If you do not return the document within this timeframe or seek a reasonable extension, I will make a decision regarding your ability to perform your role based on the available information.

Better together

MSH will meet your reasonable costs of preparing this report and we appreciate your assistance with this request. Please send invoices to **Michelle Harrison**, Injury Management Consultant, Human Resources, Logan and Beaudesert Health Services via email at lbh.InjuryManagement@health.qld.gov.au.

Employee support

I acknowledge this may be a difficult time for you. I would like to take this opportunity to also advise you of the Employee Assistance Program. This is a confidential counselling service which is free of charge to all employees of MSH for up to six sessions per calendar year. Access to this service is by self-referral.

Should you wish to access Employee Assistance, please contact TELUS Health on 1800 604 640, or for Aboriginal and Torres Strait Islander support, please contact TELUS Health on 1800 816 152.

Attachment 1 – Employee Capabilities Checklist
Attachment 2 – Role Description

Better together

Information requested from Dr Day Hong Ma:

1. The attached Employee Capabilities Checklist states that Mr Shepherd has a diagnosis of Major Depressive Disorder (**MDD**) with anxious distress, with symptoms exacerbated on exposure to identified workplace stressors, including complaint handling, being held accountable and blamed for the failures of others, and unpredictable rostering.

Could you please clarify the below question in relation to this statement:

- a. When was Mr Shepherd first diagnosed with MDD?

- b. What is the clinical basis for identifying these specific workplace stressors as contributing to the exacerbation of Mr Shepherd's condition.

- c. Whether these workplace stressors are based solely on Mr Shepherd's self-report, your own clinical assessment, or other medical information/reports available to you.

- d. Whether exposure to these workplace stressors presents a foreseeable risk to Mr Shepherd's health or safety if he were to return to work, and if so, what specific workplace controls or adjustments you consider medically necessary to manage that risk.

2. You have described Mr Shepherd's condition as a "*work-related psychological injury*", with existing stressors that could impact on a return to substantive role, specifically:
- "(2) *being held accountable and blamed for failures of others*".
 - "(4) *unresolved workplace matters involving line management*".

As the Health Service is not aware of any concerns being raised for appropriate management, clarification on these statements is being sought to better understand the nature of his injury/illness, including:

- If Mr Shepherd is able to follow a reasonable and lawful direction is issued by his supervisor.

- Participate in discussions in relation to his workplace performance and/or conduct.

Please provide any further context and/or considerations relating to Mr Shepherd's *work-related psychological injury*?

3. Having regard to your reference to unresolved workplace matters involving line management, please confirm whether Mr Shepherd is medically fit to return to their substantive role under the existing reporting arrangements, including working with and reporting to their current line manager.

4. If Mr Shepherd is not able to return to his substantive role under the existing reporting arrangements, please specify any restrictions or adjustments you recommend, the clinical basis for those recommendations in functional terms, and the anticipated duration and review date.

5. The ECC recommends that Mr Shepherd not undertake complaint-handling duties, can you please clarify what specific activities are encompassed within “complaint handling” does this restriction relate to receiving complaints, documenting complaints, redirecting complaints, resolving complaints, or all complaint-related interactions.

For consideration in responding to this question, established process for client complaints received by Switchboard employees is for immediate escalation and management by the Health Service Client Liaison Officer and/or Manager, Switchboard Services.

6. In your medical opinion is Mr Shepherd able to fulfill the full inherent requirements of his Role Administration Officer – Switchboard Services (**Attachment 2**) *without* restrictions or modifications to duties?

7. Your report states Mr Shepherds “working memory is affected under stress”. Could you please clarify what this means in functional terms in the workplace, including:

- a. how this may affect their capacity to perform their substantive duties under normal workplace demands;
- b. the types of circumstances likely to cause this difficulty;

8. Are there specific tasks, situations, or environments (e.g., high-pressure settings, shift work, patient acuity) that may exacerbate Mr Shepherd’s condition or symptoms?

9. If we are not able to accommodate the restrictions you have recommended, is Mr Shepherd able to safely return to the workplace?
